THE SPORTING EDITOR PLAYS CRITIC AT A CONCERT.

The Musical critic of one of the New York papers having been compelled to leave town on the eve of a concert by the Philharmonic Society, a confrere on the sporting department kindly volunteered to take his place for the evening. His work, whatever his shortcomings in an artistic sense, certainly lacked nothing in originality, and we commended his style to some of the musical critics. Hear him: "Time was called at exactly 8 o'clock, and about fifty bugles, fifes and fiddles entered for the contest. The fiddles won the toss, and took the inside with the chandeliers right in their eyes. The umpire, with a small club, acted as starter. Just before the start, he stood upon a cheese box, with a small lunch counter before him, and shook a stick at the entries to keep them down. The contestants first socked it to Ladice Hochzit, by Goldsmark, Op 22. They got off nearly even, one of the sorrel fiddles gently leading. The man with the French horn tried to call them back, but they settled down to a sogging gait, with the big roan fiddle bringing up the rear. At the first quarter the little black whistle broke badly and went into the air, but the fiddles left kept well together and struck up a rattling gait. At the half pole the man with the straight horn showed signs of fatigue. There was a bobtailed flute which wrestled sadly with the sorrel bugle at the half mile, but he was wind broken, and wheezed. The galoot with the big fat bugel kept calling 'whoa' all the time, but he seemed to keep up with the rest until the end of the race. They all came in under the string in good order, but the Judge on the cheese box seemed to reserve his opinion. He seemed tired and the contestants went out to find the bottle holders, and get ready for the Beethoven handicap. It was a nice exhibition, but a little tiresome to the observers. All bets off.

MODESTY OF WOMAN.

Editor Democrat:

A scattered fortune may be retrived; a tarnished reputation may, after long and persevering effort, be made to glitter in the sunshine of innocence; the indolence of youth may be atoned for, to some extent, by the extraordinary efforts of old age; but when woman's modesty is lost a treasure is gone never to be regained. She can better afford to sow diamonds broadcast. Modesty is a jewel without which she ceases to be woman—without which she loses the power to perform the noble mission that heaven has intrusted to her. O, woman; do not throw away this gift of heaven—that which makes you lovely, and your life beautiful, by contending for the place for which God has qualified man and man only. Clothed with modesty you will see your worth acknowledged. It was a noble and pious mother that shaped and moulded the character of Wade Hampton, whose daring triumphed over "carpet baggers" in South Carolina last year, and of whom not only his native State but the entire Union have cause to be proud. This true woman never lost her modesty, never claimed the rostrum to exhibit her real worth, yet the virtues of the mother shines out in the brilliant career of her son. Do not forsake modesty—heaven's gift—to beg the rights of him for whom you were created. Be *modest* that you may have your rights which God has given you. Be modest and men will respect, honor and *love* you.

WOMAN'S FRIEND.

THE EUROPEAN KIND.

"There is an American gentleman now traveling in Europe," says the *Globe-Democrat*, "who would be a valuable acquisition to either side, in the event of trouble between England and Russia." Which the same, of course, is Grant, remarks the *Chicago Times*. But cat-tail strategy is not in demand in Europe, where wars are short, sharp and decisive. Think of Turkey and Russia at war for four years. The European demand is for soldiers of more snap and less smoke.

A Card and Prospectus.

Having opened a free Intelligence Office, for the purpose of assisting newcomers to our State by all possible means at my command, where are kept files of all leading newspapers published in Oregon and Washington Territory, I have also determined to establish a land journal, to be called

THE OREGON AND WASHINGTON LAND REGISTER,

The object of which is to bring Land Owners and Real Estate Agents into closer communication with the thousands of Immigrants who are arriving in this city with a view to the ultimate purchase of lands. It will be printed in regular newspaper form, eight pages, 42x18 inches, and will be devoted solely to the purpose for which it is established. The first edition of 5,000 copies will be issued about the 15th of February, 1878, and as often thereafter as the influx of immigration demands.

Description of farms and other property for sale will be condensed to occupy ten lines (20 words) or less, and will be charged for at the rate of one dollar each. It is more than probable that from twenty-five to fifty thousand people will be added to our population during the spring and summer of 1878. Nearly all immigrants who come to Oregon and Washington Territory land first at Portland, and will receive a copy of this paper, as it will be distributed gratuitously. It will therefore be the best possible means of bringing lands and other property for sale to their notice.

Descriptions of property for sale may be written out in full, giving character, location, price, terms of sale, and all advantages of schools, churches, roads, etc., which will be editorially condensed to the required space, and the letter numbered to correspond with the description, and filed in my office for reference. No charge will be made for sales arranged through this agency—the only fee required being one dollar for each description inserted in the Land Register, which must be forwarded with the description. It may be sent in silver by registered letter, or by postal orders at my risk.

Correspondence on all subjects connected with the development of all portions of the State and Territory respectfully solicited.

I keep a register in my office in which are entered the wants of all parts of the State and Territory for laborers, mechanics, merchants, etc., which is open for the free inspection of newcomers. Notice of such wants respectfully solicited. All matter intended for publication in the land register must be written on one side of the paper only, and be in prior to the first of February, 1878. All descriptions of property for sale will be inserted in the order of their arrival—those coming first on the outside pages.

Believing that this publication will be greatly to the advantage of both buyer and seller, I respectfully solicit the patronage of the public.

Address all communications to me at Portland, Oregon.

PROPRIETARY MEDICINES

OF

DR. CHANDLER, F.R.S.A.,

Late Physician to St. George's and St. Bartholomew's Hospitals, London, Corsitor to St. Elizabeth's, etc.

After years of the most laborious research and investigation, and after the practical application in treatment to thousands of patients, Geo. Chandler, A.M., M.D., now presents to the American public the following remedies, his sole discovery and property, the efficacy of which is attested in the voluminous quantity of testimonials, the unsolicited offerings of suffering and discouraged patients, who have not only received relief and benefit from their continued use, but have been radically cured of ailments and chronic complaints, which have been adjudged by the most eminent physicians as hopeless.

THE WONDERFUL EGYPTIAN BLOOD-PURIFIER.

HÆMAR.

This incomparable DEPURATIVE is a powerful ALTERATIVE, TONIC, DIURETIC, DIAPHORETIC, and APERIENT, combining virtues which render it invaluable and never-failing, and by its continued use will thoroughly eradicate all diseases of the blood. Its ingredients are of a purely harmless extraction, the products gathered from remote Egyptian Provinces, and where there is the slightest taint of disease in the system, it never fails to eject the disease through the medium of the skin, or expelling it through the many and various channels of the body, thereby allevating, and, indeed, forcing off the organs into their proper normal and functional condition. A very brief space of time will convince any patient using it, of its undoubted reliability and wonderful curative properties, it being, most unquestionably, the very acme of medical triumphs, and the greatest discovery of the present age, in the treatment of every disease where the blood itself is primarily the seat of the lesion or disorder, such as SCROFULA and the thousand and one causes that lead to this terrible affliction, of which all civilized communities are complaining, for Biblical Truth has asserted that the "sins of the fathers shall visit even unto the third and fourth generations," and to BROKEN-DOWN AND ENFEEBLED CONSTITUTIONS it is a powerful rejuvenator, causing the wreck of man once more to assume the God-like form of manhood.

For CUTANEOUS DISEASES, URINARY DISORDERS, CONSTIPATION OR COSTIVENESS, LIVER AND KIDNEY COMPLAINTS, GENERAL AND NERVOUS DEBILITY, RHEUMATISM, GLANDULAR ENLARGEMENTS, ERYTHELIOMATOUS CANCER, SCURVY, AFFECTIONS OF THE BONES, INDOLENT ULCERS, FEMALE COMPLAINTS (and to the gentler sex it is a boon long sought for by sensitive, susceptible, and delicate females, as it takes direct action upon their ailments) AND ALL FORMS OF CHRONIC DISEASE IN WHICH THE BLOOD IS THE SEAT OF THE TROUBLE, it is invaluable. A perseverance with this remedy will prove a positive and permanent cure for CHILLS and FEVERS and all MALARIAL POISONS.

Thousands of Testimonials attest the truth of these claims.

Price, One Dollar, in large bottle, or six bottles, $5.

DYSPEPSIA.

GASTRON.

GASTRON is a safe, speedy, and positive cure for that most depressing of ailments, and a brief course of treatment will restore the digestive organs to their pristine strength, and promote the healthy action of the stomach and intestines. The nervous irritability of literary and all persons pursuing a sedentary life, is speedily removed by this agent. The stomach is restored to health and the keynote of the system will once more respond to the performance of labor.

Price, One Dollar, in large bottle, or six bottles, $5.

BRONCHITIS AND LUNG AFFECTIONS.

TRACHEON.

A slight so-called cold will oftimes lead to a serious cough, which, uncured for or badly treated, must have but one result—it must eventuate in a settled case of BRONCHITIS, or, what is worse, the deadly CONSUMPTION. To all suffering from hoarsing cough, and expectoration, TRACHEON offers a sound, reliable, and permanent relief. It augments expectoration, and enables the patient to expel that horrific repte deposit, which, if left without judicious treatment, must communicate its poison to the vesicular substance of the lung, degenerating and decreasing that most essential of organs, and ultimates only in an early and untimely death. TRACHEON has no equal, much less a superior, and its use will not only remove the deposit, thereby affording great relief, but heals the membrane and leaves the patient in possession of healthy lung tissue.

Price, Fifty Cents per bottle, or six bottles, $2.50.

PILES. Hemorrhoids.

PILON.

Many causes tend to produce this painful and distressing state. The blood is retarded in its return; the too frequent use of drastic purgatives tends to produce congestion of the bowels, torpid action of the liver, and numerous other causes are the source of this complaint, and hitherto nothing effectual has been presented to the public, which would rapidly alleviate symptoms and ultimately prove an effective cure. In PILON we have a remedy which not only acts almost instantly, but will remove the largest tumors of the parts (Piles) by absorption, and many who have received not only benefit, but have been radically cured, have been assured (prior to using this treatment) by eminent surgeons that the only relief they ever could expect in life, would be by an operation, and removing it or them from the body by a procedure which necessitated the knife. This remedy has been hailed with delight, and is now prescribed by many practising physicians, who are confident of its merits, as the only known sure cure for PILES.

Price, Fifty Cents per package, or six for $2.50.

THE ABOVE REMEDIES ARE thoroughly in the exercitation of the different and various maladies denominated, and are the result of patient, searching, laborious, and scientific investigation, extending over a period of many years, in Europe and America.

If the specific directions are complied with, thousands of patients will bear witness to their relative merits, and corroborate every assertion. Where there are many complications of disease, and patients so desire, DR. CHANDLER will be pleased to give all information, and treat by letter if necessary.

Descriptive and Explanatory Circular of the above remedies sent on receipt of stamp. If the PROPRIETARY MEDICINES are not on sale at your particular druggist's, send orders to

DR. CHANDLER,

Ayer's

Sarsaparilla

For Scrofula, and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the Liver, Stomach, Kidneys, Lungs, Pimples, Pustules, Boils, Blotches, Tumors, Tetter, Salt Rheum, Scald Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhœa, arising from internal ulceration, and Uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Stillingia, Mandrake, Yellow Dock—with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure.

Its ingredients are so skilfully combined, that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease.

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, prove their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known, that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.

ECONOMIZE!

THE WORLD RENOWNED WILSON RECEIVED THE GRAND PRIZE MEDAL AND DIPLOMA

CENTENNIAL EXPOSITION 1876.

AS THE BEST FAMILY SEWING MACHINE.

Its competitors receiving only an award for some special feature of their machines.

The World-renowned Wilson Shuttle Sewing Machine

Has Unlimited Capacity to do all kinds of Family Sewing and Manufacturing,

ITS PATENT AUTOMATIC "CUT OFF" on the hand wheel prevents the machine from running backwards, and obviates the necessity of taking the work from the machine to wind thread on the bobbins, which must be done with all other Sewing Machines, to the great annoyance of the operator, especially in tucking, hemming and ruffling. It does one-third more work in a given length of time than any other Sewing machine.

WITH EVERY MOTION of the FOOT the MACHINE MAKES SIX STITCHES.

Three Wilson Machines will do as much work in one day as four other Machines.

It requires no special instructions to use it; an Illustrated Direction Book is furnished with each machine.

IT CANNOT GET OUT OF ORDER, AND THE ADJUSTMENTS ARE ABSOLUTELY PERFECT.

A properly executed Certificate is furnished with each machine, guaranteeing to keep it in repair, free of charge, for five years. Machines sold on easy terms of payment, and delivered, free of charge, at any Railroad Depot in the United States where we have no Agents.

Send for Illustrated Catalogue. Agents Wanted.
