Marriage of the Comets.

The comet has been getting married, or doubling up, or doing something somewhat mysterious. At any rate there are two traveling side by side. So say astronomers. This extraordinary news comes from the Cincinnati observatory. Prof. Stone reports that on Wednesday night he perceived evidences of a tremendous agitation in the nucleus, and a separation into two parts. If the comet should split in two the astronomical world would have excitement enough. Bielas comet, in 1846, became divided, and the two parts were seen racing side by side on the comets return in 1852, and after that the comet was not seen. But in November, 1872, when it should have been visible if it yet existed, there came suddenly out of that quarter of the heavens where the comet was looked for a driving shower of fire balls, and the astronomers said these meteors were fragments of the lost comets. Prof. Pierce showed mathematically that the nuclei of the comets must be as dense and tenacious as steel. If that is true of the present comet, and if the estimates which give its nucleus a diameter of one thousand miles or more are correct, who can conceive the terrific power of the force needed to rend it in two! The theory that the nuclei of comets are dense swarms of meteors, or clouds of liquid particles, or masses of gaseous matter, seem more likely to be true in this case than that the nucleus is a metallic ball of planetary bulk.

Gov. John Whiteaker is at present visiting his ranch in Lake county. The Lakeview Herald nominates him for our next governor.—Ex.

Here's for a second to the nomination. It may, perhaps, be considered rather previous to open the political lists again so far in advance of the battle, and yet it is always good to bestow well matured thought on so important a subject as the nomination of our State Governor. We believe that John Whiteaker would be not only the most available man the Democracy could nominate, but that his administration would be more satisfactory, if elected, than that of any candidate now in view. We can elect "Honest John" and if he will run for the office by the grace of God and and the votes of the state of Oregon we will elect him.—East Oregonian.

PORTLAND, Oregon, April, 1881.

TO WHOM IT MAY CONCERN:

After a thorough test of the BOSS COFFEE POT, we the undersigned endorse it as saving at least fifty per cent. over any other method we have ever seen. Besides saving eggs, it produces coffee as clear as wine in one minute, which is much stronger and has a more delicious flavor than coffee made by any other process:

THE BEST REMEDY

FOR

Diseases of the Throat and Lungs.

In diseases of the pulmonary organs a safe and reliable remedy is intaluable. AYER'S CHERRY PECTORAL is such a remedy, and no other so eminently merits the confidence of the public. It is a scientific combination of the medicinal principles and curative virtues of the finest drugs, chemically united, of such power as to insure the greatest possible efficiency and uniformity of results. It strikes at the foundation of all pulmonary diseases, affording prompt relief and rapid cures, and is adapted to patients of any age or either sex. Being very palatable, the youngest children take it readily. In ordinary **Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergyman's Sore Throat, Asthma, Croup, and Catarrh,** the effects of AYER'S CHERRY PECTORAL are magical, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept at hand in every household for the protection it affords in sudden attacks. In **Whooping-cough** and **Consumption** there is no other remedy so efficacious, soothing, and helpful.

Low prices are inducements to try some of the many mixtures, or syrups, made of cheap and ineffective ingredients, now offered, which, as they contain no curative qualities, can afford only temporary relief, and are sure to deceive and disappoint the patient. Diseases of the throat and lungs demand active and effective treatment; and it is dangerous experimenting with unknown and cheap medicines, from the great liability that these diseases may, while so trifled with, become deeply seated or incurable. Use AYER'S CHERRY PECTORAL, and you may confidently expect the best results. It is a standard medical preparation, of known and acknowledged curative power, and is as cheap as its careful preparation and fine ingredients will allow. Eminent physicians, knowing its composition, prescribe it in their practice. The test of half a century has proven its absolute certainty to cure all pulmonary complaints not already beyond the reach of human aid.
