

# Thank You!

## To Our Business & Organizational Partners

Your generous support of the Capital Press Newspapers in Education program helped to provide nearly 1,200 copies of the newspaper and unlimited access to our website to over 300 schools across Oregon, Washington and Idaho each week during the 2015-2016 school year.

Without your support, the majority of schools would not be able to have access to this valuable information that teaches students the role about agriculture in our communities and its impact on our lives.
