THE OREGON SENTINEL.

SATURDAY MORNING, April 3, 1869.

L. P. Fisher, 20 & 21 New Merchant's Exchange, is our only authorized agent in San Francisco. For Eastern Advertising Mr. Fisher is represented by S. M. Pettengill & Co. of New York and Boston.

Hudson & Menet are our only authorized Agents in the Atlantic States. Office 41 Park Row, "Times" Building, New York City. All orders must come through them.

OVERLAND MONTHLY.—Here comes this splendid magazine for April, fresh and interesting as ever. Among its contents are Sunset from Puu Kalioe, A Day in Panama, A Consulate among the Fijis, A Prospector's story, Chinese women in California, An Escapirate, Father Pedro's Ride, A glimpse of Montana, and several equally interesting articles. This number is one of deep and absorbing interest, and the Overland is fast displacing "Harper" on the Pacific slope. Published by A. Roman & Co., San Francisco, at $4 per annum, or two copies for $7.

MORE GRUMBLING.—The copious showers of the past week, will set our farmers to grumbling again. They have been complaining all winter that there would be no crops; now we expect to hear them make the usual complaint that the grain will be so heavy that it will "break" them to harvest it. Such a state of affairs will be very satisfactory to consumers, and at present there is a prospect of plenty.

PERSONAL.—Mr. George Young will leave on Monday next, and will probably be gone a year. As will be seen elsewhere, his business is in the hands of Mr. Saltmarsh. We wish him a pleasant trip and a speedy return with a new partner.

FOR GOOSE LAKE.—Messrs. Nat and Arthur Langell will start on Monday for Goose Lake, with about 200 head of stock cattle. They take a mower with them, and will cut hay enough to provide against emergencies next winter.

FILLING UP.—Scarcely a day passes that we do not hear of persons passing through the valley on their way to Goose Lake. They generally have a considerable amount of stock with them.

HORSES FOR THE EAST.—Mr. W. C. Myer of Ashland will start about the 20th with a band of about 200 fine horses, for which he is seeking a market. He will go overland and expects to meet with sale for some of them at Boise.

SNOW.—On Tuesday last, snow fell for several hours, but melted almost as fast as it fell except on the hills surrounding the valley. On Wednesday there was not a trace of it visible anywhere. It was on its way down to the broad ocean, and lost forever.

DISTRICT SCHOOL.—The Jacksonville school will be opened on Monday, the 12th inst., Mr. W. W. Fiddler, and Mrs Beach, of Rock Point, have been engaged for a term of three months. We hear of no change having been made in the text books.

STOCKHOLDERS MEETING.—The day for the meeting of the Stockholders of the R. R. W. M'f'g' Co., has been changed to Wednesday, the 28th of April.

GOING NORTH.—We understand that Mr. Birdsey, of Rock Point, will soon leave with a large drove of horses for the Idaho mines.

THE PARTY.—The Soiree given by the Band on Monday was gay. Over forty couple were present, and dancing was kept up till four o'clock on Tuesday morning.

The Kanakas from Squaw Lake have been peddling delicious lake trout in town during the week.

ELECTION.—Dont forget the election for school director on Monday—be on hand.

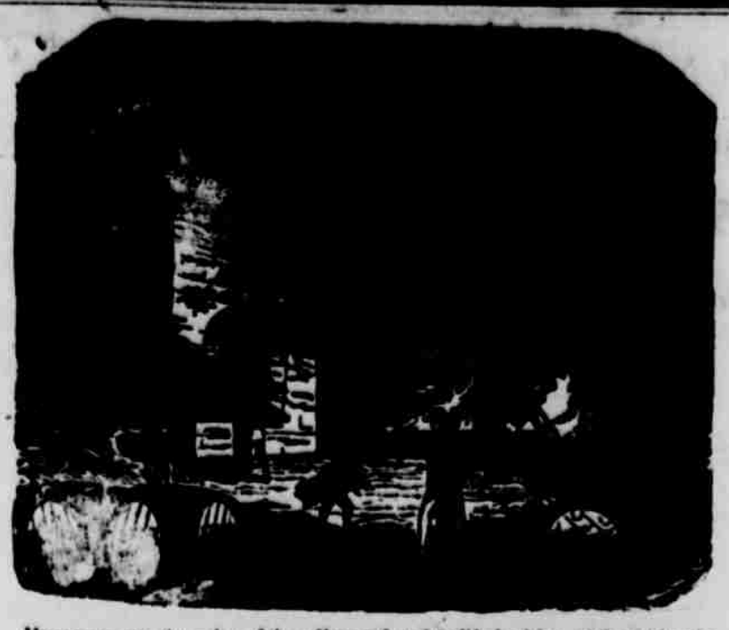
ROAD OPEN.—The Crescent City road is open for wagons, which is quite unusual at this season of the year.

Greenbacks in San Francisco yesterday 77¼ @ 77¾.

To Heads of Families.—Are your little ones subject to croup? If so, don't fail to use NEWELL'S PULMONARY SYRUP. A few doses given in time MAY SAVE THE LIFE OF A DARLING CHILD. Do not fail to have it on hand, if you would be safe and free from anxiety.

"In Time of Peace Prepare for War."—Get a bottle of DR. E. COOPER'S UNIVERSAL MAGNETIC BALM, an unequalled preparation for Dysentery, Diarrhœa and Cramp. The instantaneous relief of Burns, Bruises and Sprains.

Electro Silicon.—This curious and valuable substance is confidently claimed to be the BEST ARTICLE ever discovered for cleaning and polishing Gold, Silver and Plated Ware, and all smooth metallic surfaces of whatever description, including Kitchen utensils, tin, copper, brass, steel, etc.



Many years ago, the writer of these lines and an invalid physician, while visiting the Island of St. Croix for their health, experienced and witnessed many surprising and beneficial effects of the Rum there produced upon many of the invalids who were (like ourselves) seeking health; and, upon inquiry and investigation, obtained a full history of its medicinal virtues. He was delighted and surprised, and after his own recovery, which was speedy, determined, if possible, to procure the sole right to manufacture and sell it in the United States.

The result of his labors was a glorious success for himself and suffering humanity, for the celebrated PLANTATION BITTERS was thus made known to the world. PLANTATION BITTERS being an article of real merit, founded upon new principles, and relying wholly upon the vegetable world for its medicinal effects, worked a rapid revolution in the history of medicine, and became as a household word all over the civilized world. The establishment of 1860—1869—was a talisman of health, and the demand for the PLANTATION BITTERS soon far exceeded the abilities of the proprietors to supply.

Notwithstanding the large importation of St. Croix Rum, made expressly for the compounding of these Bitters, the quantity was inadequate. It therefore became necessary that arrangements upon an extensive scale abroad should at once be made, and an agent was dispatched to St. Thomas for that purpose. He was fortunate in securing and leasing several plantations on some of the largest and most productive estates on the Island. Houses, mills and presses were erected as if by magic, which utterly "astonished the natives." The services of experienced men and natives of the Island were procured, and very soon the proprietors of the PLANTATION BITTERS were in a position to supply their laboratory with all the perfectly pure St. Croix Rum needed in manufacturing the GREAT DYSPEPTIC TONIC AND INVIGORATOR. The above cut represents the natives crushing the sugar-cane and otherwise preparing it for the stills and presses.

As an antidote to Fever and Ague, Intermittent and Malarious Fevers, Dyspepsia, and other kindred diseases, the use of the PLANTATION BITTERS is unsurpassed in the history of the world. Over five million bottles are disposed of annually. They are adapted to old and young, male and female. They are agreeable in taste, and always produce an immediate beneficial result.
