WALTHAM WATCHES.

Let every one who wants a Watch, read this carefully.

Especially if in some remote out-of-the-way place.

Now that the railroad is open, we propose to give the residents of OREGON an opportunity of getting single genuine Waltham Watches at the

Lowest New York Wholesale Prices.

We sell more Waltham Watches than any other establishment in the country, either wholesale or retail; we send great numbers to every section of the country by Mail and Express, carefully packed, and in perfect running order. Our plan is this: You want a Watch, and see our advertisement; now, we want you first to write to us for our Descriptive and Illustrated Price List; we will send it, post-paid, by return mail. It explains all the different kinds, tells the weight and quality of the cases, with prices of each; you then make a selection of the kind you prefer, and send us your order. We will then send you the Watch by Express, with the bill to collect on delivery. We give instructions to the Express Company to allow you to open the package and examine the Watch; if it suits, you can pay, and take it; if not, you are under no obligation to receive it; and if it is taken and afterward does not prove satisfactory, we will exchange it, or

REFUND THE MONEY.

As an indication of the Prices, we will quote one Watch from our list. The P. S. BARTLETT, *Lever Movement, with Extra Jewels, Chronometer Balance, Patent Pinion, Patent Dust Cap, and all the other ate improvements, in a Solid Coin Silver Case,*

$28 in Greenbacks or about $20 in Coin

All the other kinds, both gold and silver, in the same proportion. Don't forget when you write, to state that you saw this advertisement in the OREGON SENTINEL, and you need not put in stamps for return postage. Address in full,

Flour! Flour!! Flour!!!

THE subscribers having purchased the WASHINGTON or HORWOOD MILL, are now prepared to make flour equal to any in the market. Farmers are invited to bring their grain, and are guaranteed satisfaction.

McKENZIE & AMY.

Washington Mill, Aug. 7th 1869.

Many years ago, the writer of these lines and an invalid physician, while visiting the Island of St. Croix for their health, experienced and witnessed many surprising and beneficial effects of the Rum there produced upon many of the invalids who were (like ourselves) seeking health; and, upon inquiry and investigation, obtained a full history of its medicinal virtues. He was delighted and surprised, and after his own recovery, which soon occurred, determined, if possible, to procure the sole right to manufacture and sell it in the United States.

The result of his labors was a glorious success for himself and suffering humanity, for the celebrated PLANTATION BITTERS was thus made known to the world. PLANTATION BITTERS being an article of real merit, founded upon new principles, and relying wholly upon the vegetable world for its medicinal effects, worked a rapid revolution in the history of medicine, and became as a household word all over the civilized world. The cabalistic S. T.—1860—X. was a talisman of health, and the demand for the PLANTATION BITTERS soon far exceeded the abilities of the proprietors to supply.

Notwithstanding the large importation of St. Croix Rum, made expressly for the compounding of these Bitters, the quantity was inadequate. It therefore became necessary that arrangements upon an extensive scale abroad should at once be made, and an agent was dispatched to St. Thomas for that purpose. He was fortunate in securing and leasing several plantations on some of the largest and most productive estates on the island. Houses, stills and presses were erected as if by magic, which utterly "astonished the natives." The services of experienced men and natives of the island were procured, and very soon the proprietors of the PLANTATION BITTERS were in a position to supply their laboratory with all the perfectly pure St. Croix Rum needed in manufacturing the GREAT DYSPEPTIC TONIC AND INVIGORATOR. The above cut represents the natives crushing the sugar-cane and otherwise preparing it for the stills and presses.

As an antidote to Fever and Ague, Intermittent and Malarious Fevers, Dyspepsia, and other kindred diseases, the use of the PLANTATION BITTERS is unsurpassed in the history of the world. Over five million bottles are disposed of annually. They are adapted to old and young, male and female. They are agreeable in taste, and always produce an immediate beneficial result.
