State Normal School.

Let those expecting to attend the Normal bear in mind the date of opening—Monday, September 8th—and if possible be on hand the first day.

The Normal essays to put students and teachers on a footing that leads to good certificates. Review work is a feature of our course. The coming year the Normal will be more a home than ever before. Material internal and external improvements of the school building are making for the enjoyment and benefit of students. Physical education is a part of the course.

Strong work in English and mathematics will be given from a practical point of view; also in science.

Letters from students, old and new, say, "I'll be with you next year."

The success of our graduates has created a demand for Drain Normalites in good schools. The Normal has helped many to good positions and will help you if you will let it.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that sience has been able to cure in all its stages, and that is Catarrh. Halls Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building us the constitution and assisting nature in doing its work.
