The democrats endorse Gov. Chamberlain's administration and point to him as a model of economy. Among the multitude of startling circus novelties and trained animal acts which Norris and Rowe are offering this season with their new big two ringed and elevated stage shows, there are two that stand out with more than ordinary prominence. They are the Gardner Family of six persons and the McDonald Brothers. The former perform upon horizontal bars, placed at the top of the huge tent. With such precision of time and accuracy they repass each other and with giant swings toss between them two others of the members of the troupe. It is an achievement bordering on the miraculous and requires the greatest possible strength, skill, daring, courage and grace. The McDonald Bros are a trio of sensational trick cyclists. Upon one, two and three wheels, they go through wonderfully intricate maneuvers, riding backwards and forwards on one wheel; riding blindfolded, riding at breakneck speed down long flights of stairs and going through many other difficult evolutions. The acts make a really marvelous spectacle and it is but two acts of this nature which Norris and Rowe have provided for our entertainment this season. The shows will exhibit at Roseburg Monday May 16.

JOSEPHSON'S

THE BIG STORE

Much is being said pro and con respecting the economy of the building of good roads. To the writer one thing is evident. Good roads in Douglas county is the one principal requisite to our development and it occurs to us that legislation is the secret which will ultimately solve the question of economy in road building. Let a measure be enacted placing the building of county roads under the supervision of the county surveyor—who, by the way, should receive adequate compensation therefor—whose duty it should be to establish the grade, draw specifications for the grading, the placing of stone or tile culverts for proper drainage and to provide for substantial rock ballast. Each mile of road thus built would be permanent, and under competent supervision not one penny would be wasted, and, although each year might not record as many miles built as now, yet but few years would elapse before Douglas county would be famous for its good roads.

Cured His Mother of Rheumatism

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she dicided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by A. C. Marsters & Co.
