Presbyterians and Divorce.

By the narrow majority of eighteen votes in a total of 506 the Presbyterian General Assembly has rejected a resolution advising Presbyterian ministers to refuse to perform the marriage ceremony in the case of persons whose marriage might be forbiddden by the Church in which those persons held membership.

The Presbyterian Church recognizes divorce for infidelity and for wilful desertion, and concedes the right of the innocent party to marry again. The Episcopal Church recognizes only divorces granted for infidelity, in which case the innocent party marry again. The Catholic Church recognizes no divorce and concedes no right of second marriage on the part of a divorced person. Had this resolution been adopted Presbyterian clergymen would have been expected to refuse to marry divorced Episcopalians or Catholics, excluded by their own churches from entering into a second marriage.

The small majority by which the resolution was rejected evidences the growing disposition of evangelical churches to resort to drastic measures to check the growing evil of divorce.

News Notes.

Bread riots are threatened among the hundreds of destitute Italian emigrants now at Montreal. A hundred or more Italians arrived today from Boston and 500 more are on their way from Europe.

A land attack was begun on Port Arthur yesterday. The Russian forces that were driven from Dalny and Kinchou are assisting the garrison. The Russian navy has joined in the movement to repulse the enemy.

Senator Mitchell returned to Washington yesterday, from Beaver, Pa., where he attended the Quay funeral as a member of the senatorial committee. Mr. Mitchell says he has done nothing in the Postmaster Bancroft case as yet, and does not know its status. He will not return to his home until July.

The supervising architect has approved the plans for changes in the Portland federal building and has sent them to the superintendent of construction in Portland for calculations on the work, which will be resumed when the figures are received here and approved.

Riot in Russian Province.

Berlin, June 4.—At Riga, in the Russian province of Livona, a large number of workmen and students organized a revolutionary movement and made a demonstration. Cossacks were summoned and riots ensued, in which five Cossacks and 23 rioters were killed. One hundred and twenty-seven arrests were made.

Fresh Engagements Reported.

Tokio, June 4.—Three engagements between the Japanese and Russian forces from the north occured Monday between Port Adams and Kae Ping. In each case the Russians were compelled to turn back and the Japanese are following.

Floating Mines Exist.

London, June 4.—Lloyd's Tien Tsin correspondent says that the existence of floating mines in the vicinity of Liao Yang and Shantung promontories is generally believed and that steamers have been ordered to avoid that zone in the dark.

Cossacks Attack Japanese.

St. Petersburg, June 4.—General Sakharoff reports that the Cossacks attacked a strong Japanese position at Fenchunlang pass near Simatise 60 miles north of Feng Huang Cheng and drove the Japanese from the heights. The Russian loss was six killed and 20 wounded, including a colonel.

Tokio, June 4.—Another force of 25,000 Japanese and 60 guns have landed at Lakishan. The Japanese now hold the entire line from Feng Huang Cheng to Kai Ping, 25 miles southeast of New Chwang. One hundred and fifty thousand troops are spread along this line prepared to oppose any Russian movement.

LIAO YANG, June 3—There are persistant rumors that another great battle is in progress near Port Arthur. Continuous cannonading has been heard from the south.

An additional force of 25,000 Japanese is reported to have landed at Takushan.

HEARD HEAVY FIRING.

CHEFOO, June 3.—3:40 p. m.—Steamers which have arrived from Niu Chwang report that firing in the vicinity of Port Arthur was heard last night. They only saw two Japanese cruisers. Chinese junks which have reached this port from the China River west of Takushan report that the Japanese have captured two Russian officers and 40 soldiers disguised as Japanese.

FIGHTING IS GENERAL.

MUKDEN, June 3—For two days past rumors have been current of severe fighting on the Liao Tung Peninsula. Details are lacking, but the fact that fighting has been general throughout the peninsula is officially admitted.

The Russians have pushed their outposts south to Wan Fang Tien, on the railroad, while the Japanese occupy the country from the shores of Corea Bay inland to the vicinity of Siu Yeu. The fact that a Japanese army estimated to number 50,000 men is concentrated south of Kinchou is regarded here as indicating the region where decisive battles will be fought.

PRAISES JAPANESE STRATEGY.

NIU CHWANG, June 3—Every effort on the part of the Russians to communicate with the southern part of the Liao Tung Peninsula has resulted in failure. The Japanese are in control of all avenues of communication, and they allow no messages to pass. With the exception of the authorities, the Russians in Niu Chwang are daily growing more depressed at the outlook.

An officer of high rank, who has arrived here from Mukden, spoke as follows concerning General Kuropatkin:

"He is awakening to the fact that the Japanese are worthy of praise," said this officer. "He declares that their recent operations prove them to be among the greatest strategists in the world, and to this must be added great daring, capacity for work, and ability to stand punishment. The General did not believe this before, but now it has been demonstrated."

The mills at Harbin are being worked day and night in grinding Manchurian wheat, and their daily output is estimated conservatively at 750,000 pounds of flour. The Russian authorities are encouraging the farmers to plant larger crops than ever before; they are not depending on the trans-Siberian Railroad for the transportation of supplies.

JAPS LOST 4304.

TOKIO, June 3.—6:30 p. m.—The total of the Japanese casualties at the battle of Nanshan Hill on May is 4304. They are divided as follows: Thirty-one officers, including one Major, and five Sergeant Majors, and 713 noncommissioned officers and men killed; 100 officers, including one Colonel, one Major and 12 Sergeant Majors, and 3460 noncommissioned officers and men wounded.

Guilty Conscience Sees Apparition.

Chicago, May 27.—Choking and gasping, and with eyes rolling with terror, John A. Mahnken, accused of fraudulently identifying the body of Mrs. Frank R. Greenwald, an Iroquois fire victim, in order to steal her money, suddenly jumped to his feet in Judge Clifford's courtroom to-day and pointed frantically at an imaginary spectre which he thought stood confronting him. While the spectators looked in terror, the man frothed at the lips and waved his arms wildly in the air. He was overpowered and thrown to the floor, where it took half a dozen police officers to hold him. Paroxysm after paroxysm shook him, and he had to be manacled and taken into the anteroom.

When quiet was finally restored Mahnken's lawyer decided to let the case go to the jury without argument. Almost immediately the 12 men filed back, and forman announced a verdict of guilty. The technical charge against Mahnken was perjury, and it was proved that he had taken the body of Mrs. Greenwald from a morgue and had it buried as his aunt. His motive was to gain possession of the $400 found on the body.

Williams To Be Hanged in July.

At the Dalles, Or., yesterday Norman Williams was sentenced.

At 1:30 o,clock in the afternoon he was brought into the courtroom between two deputy sheriffs.

Judge Bradshaw, after addressing the defendant, said: Have you anything to say why the sentence should not be pronounced upon you?"

Williams said, without a quiver or change in expression, "Your honor, I have not."

The Judge then said, "Stand up."

Williams sprang quickly to his feet with his head erect and eyes cast directly at the judge, and listened very attentively while the judge reviewed the important part of the evidence, rehearsing from the time the prisoner left Hood River, on March 8th, 1901, on a dark and rainy night with the Nesbitt women, returned next morning without them and concluded by saying: "From your own statements you dug the grave where the hair was found which was proved to be that of Mrs. Nesbitt.

"You have had a fair and impartial trial and have been proved beyond any reasonable doubt guilty and no one on earth but yourself knows where those bodies are."

All this time the defendant stood, never taking his eyes from the judge and keeping his lips tightly closed with the same sickly smile as during the trial.

Judge Bradshaw then pronounced the sentence: "You are to be hanged by the neck until dead, in the county jailyard on July 22, 1904."

The courtroom was crowded with standing women, and men. Attorney McGinn waived the right for a new trial and filed a notice of appeal.

Japan's New Explosive.

Washington, May 28.—Reports received here from the Far East dwell at length upon the terrific power of Japanese Shimose power, the nature of which is an absolute secret. It is not used to propel the shot, but for bursting charges of the army and navy explosive shell. The result of the explosion has astounded the United States Army observers. The heaviest armorrent into countless thousands of sharp fragments, which are hurled through the air with such force that they tear through the sides of an iron ship as would a projectile from a machine gun. The Russian warships Variag and Korietz were found to be riddled, deck and sides, by fragments of these shells. It is not known that any other nation possesses such a terrific explosive.

A WIFE'S CONFESSION.

Of course every one knew when they were engaged and every one pretended to be surprised when they heard it was suddenly broken off. It was first said *she* had broken it off, then that his heart had changed, but finally she confessed that she had been so irritable, so depressed and blue that she had fairly driven him away. Her good looks were vanishing. She was getting thin, pale, and hollow-cheeked, with dark circles around her eyes. Suddenly all society was pleased again to hear of the engagement being renewed, and it was not long before a beautiful and radiant bride was taken to the altar. She had regained her good looks, her former happy disposition and strong nerve all through a secret a friend gave her. A few bottles of Dr. Pierce's Favorite Prescription is what made two more lives happy and a radiant bride more beautiful than she had ever appeared before.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay $500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Prolapsus or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

Mrs. O. O. Scripture, of Prescott, Ariz., L. Box 536, writes: "For nearly two years I was a great sufferer with ulceration and enlargement of womb also suffered severely with dyspepsia and was run down—a perfect wreck. I doctored for several years; got no better, until about seven months ago I began taking Dr. Pierce's Favorite Prescription and 'Pleasant Pellets.' I can stand on my feet and work hard all day. I feel that life is now worth living, and shall ever feel grateful to you and shall always recommend your medicines to all who are suffering in any way."

Cured His Mother of Rheumatism

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she dicided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by A. C. Marsters & Co.

I procured a bottle and before using the entire contents we were entirely cured. It is a wonderful remedy and should be found in every household. H. C Bailey, Editor. This remedy is for sale by A. C. When you arrive, you are there.

The Rock Island System has an enormous advantage over other western railroads in the fact that its Chicago terminal—the La Salle Street Station—is the only railroad station on the Elevated loop.

It is located in the heart of Chicago—only a block from the Board of Trade; two blocks from the Post Office; within easy walking distance of the principal theatres, hotels and stores.

The trains of all Chicago's elevated railroads pass its doors and take you quickly and for a 5-cent fare to any part of the city.

Three routes East—via Denver, Omaha and St. Paul.

The handsome 1904 summer book, "Restful Recreation Resorts," issued by the passenger department of the Oregon Railroad and Navigation Company is just out. It tells all about the summering places of the Columbia River Valley—a brief description of the trips up and down the Colorado River, to the mountains, beaches, inland resorts and fountains of health, where they are and how to reach them. The book has a special designed front cover, printed in two colors, and the inside pages are splendid, illustrated by costly and beautiful half-tones. A copy of this publication may be obtained by sending two cents in stamps to A. L. Craig, General Passenger Agent of the Oregon Railroad and Navigation Company, Portland.
