## HAGERMAN HOLDS RED SOX

### Rip's Pitching Gives Cleveland Tying Game of Series—White Sox Defeat Athletics Because Mack's Hurlers Are Wild.

DETROIT, May 19.—Cobb's daring on the bases helped Detroit defeat New York, 3 to 1, today. His single in the third inning sent Coveleskie home with the run that tied the score. The fleet Georgian stole second and third, but Peckinpaugh's fine stop of Veach's bounder over second stopped the rally. In the eighth Cobb walked, stole second, advanced on a wild pitch and came home on Young's single. Tyrus had four stolen bases to his credit. Score:

This from the Oakland Tribune: "Right now Raymond Bates, third sacker for Portland, looks like one of the big finds of the Coast League season. He was released outright by the Cleveland club of the American Association, but, for a release, he is about the sweetest-looking third baseman since the days when Gus Hetling was going so well. It certainly looks like either he is playing over his head or that Cleveland pulled a bloomer in letting him go."

## TWO DIE IN BOXCAR FIRE

### Victims at The Dalles Thought to Be Hobos Who Started Blaze.

THE DALLES, Or., May 19.—(Special.)—Two unknown men believed to be hobos were burned to death in one of three O.-W. R. & N. boxcars which were destroyed by fire last night in the eastern end of the railroad yards. It is thought the hobos went into one of the three empty outfit cars which had been placed on a sidetrack, to spend the night and started the fire with cigarettes. The crew of the switch engine rescued adjoining cars. The loss of life was not discovered until a bystander noticed a burned bone in the debris today.

### Woman Labor Leader to Speak.

Elizabeth Gurley Flynn, New York City labor leader, will lecture tonight at Arion Hall on the subject, "Solidarity—Labor's Road to Freedom," and tomorrow night in Turn Halle on the subject, "The Eight-Hour Day." Miss Flynn was active in the Brooklyn boot and shoe strike and in the Lawrence strike. She acted as chairman of the strike committee in the New York waiters' strike and held the same position in the big strike at the Patterson silk mills.

# From Generation to Generation

In 1842 a sturdy pioneer started in a crude shed what has since become this immense plant with its world-wide business. Little did he realize then how thousands—yes, hundreds of thousands—would be affected in later days by the simple code of sound business principles he then formulated. This code of business honor has caused grandfathers and fathers to teach their sons and grandsons the value of CASE products.

That is why so many men today *believe in* the CASE Car. The name behind it signifies generations of success. It recalls their fathers' words that the CASE *Hidden* Values are always as great as CASE *Seen* Values.

What other car has such a pedigree?

All those fundamentals that have made the name of CASE famous are incorporated in the CASE Car. Which is another way of saying that this car is thrifty in upkeep and unusually long-lived. Mechanical excellence has been combined with beauty of outline and ease of operation. Men know they can place their faith in CASE.

And best of all, low *owning* cost is preceded by low *buying* cost. For the CASE Car, unlike others, comes really *ready* for the road, equipped with those *necessities* one has to buy later. Such as *Extra Tire and Tube on Rim with Tire Cover, Weed Non-Skid Tire Chains and 8-Day Clock.*

All these additional features are covered by the first price—$1350—with a 5 per cent discount for cash.

Surely, when you see the CASE Car and ride in it—when you know its supreme superiority—you will consider its purchase a fortunate investment. *Especially as time goes on.*

Any day you wish to inspect the CASE Car and learn more about its values, seen and unseen, we are at your service. Will you come in today or tomorrow?

# 72 BECOME DENTISTS

## North Pacific College Holds Commencement Exercises.

## SIX IN PHARMACY CLASS

### Treating of More Than 5000 Patients During Year, Many of Whom Were in Need, Declared No Small Part of Benefits.

Commencement exercises of the graduating class of the North Pacific College of Dentistry and Pharmacy were held last night at the White Temple. There were 72 members in the department of dentistry and six graduates in pharmacy. The programme contained songs by members of the College Glee Club, a solo by Stuart McGuire and songs by the Wednesday Womens' Chorus.

Dr. Herbert C. Miller, president of the college, conferred the degrees of doctor of dental medicine and graduate of pharmacy. E. L. Thompson delivered a charge to the graduates and Dr. William T. Foster gave the annual address.

President Miller said in part: "Less than 20 per cent of our enrollment is from Oregon. Our 3400 students come from 29 states, seven Canadian provinces and nine foreign countries. The North Pacific College has not received aid from city or state but is growing at an annual rate of 20 per cent.

**5000 Patients Treated in Year.**

"During the year more than 5000 patients have been treated in the dental infirmary. It is expected that this department should be self sustaining but notwitstanding that fact hundreds of persons unable to pay have received care and treatment free of charge.

"The college has well equipped operating rooms and hospital for work in oral surgery and correction of deformities, such as hair lip, cleft palate, removal of tonsils, adenoids and fractures of the jaws.

"The school of pharmacy, which is the younger department, is making rapid growth. The first-year class shows an increase of 35 per cent over the entering class last year."

Dr. Foster told the graduating students: "It is not in dentistry as a trade that we find the highest rewards. Those characteristics which make dentistry a profession are most alluring. The greatest of these is the devotion to the good of others, which is the outcome of the broad view of life, eagerness to serve, an altruism which is one with liberal education and technical training. That is the professional spirit; without it any profession becomes a trade.

"The professional man is a failure unless he gives more than he receives. Insistance upon money profit never placed the law, medicine, ministry or teaching among the honorable professions. The lawyer who is true to the ideals of his profession fights for justice regardless of personal ambition. The physician is highest in his profession who most quickly renders his further services unnecessary, and no minister is worthy of his high calling who does not eagerly sacrifice himself for the welfare of others.

**Happiness Is Held Essential.**

"But devotion alone cannot maintain dentistry upon the level of the highest professions. Other professions gained their high place by firm insistence upon professional preparation. The genus quack appears in every profession. If a man has not the compensation of being happy at his work, he has not the professional spirit."

The graduates are:
