Two thousand saloons have been opened in Cuba since the war.

The Chicago Tribune, having kept a record of crime for 10 years, declares that the saloon business of the United States is directly chargeable with a total of 53,436 murders during that time.

Nothing is so indicative of the business thrift and enterprise of a town as its general appearance. Unkempt and unclean streets, unpainted houses and dilapidated sidewalks are to a town what broken fences, doors unhinged and foul fields are to a farm—uninviting to strangers and unpleasant to owners. The town may be a "perfect jewel," but the value will not perceivable through a coat of dirt. Paint is more transparent.—Ex.

The wheat crop is not yet matertally damaged by the rain, and early bright weather will still mean a good harvest. Mr. Brown brought in a few heads of wheat Monday that he found on Wm. Knotts' farm, picking out the most damaged specimens, and the kernels showed very little softening. Wheat stalks from the college farm that had been lying on the ground was shown on the street and it was fairly firm.—Corvallis Times.

The editor of the Crowly (Miss.) Signal says of Oregon: The very name of Oregon savors of everything beautiful, delicious and desirable. No matter how exaggerated to you may seem the stories of this wonderful state, believe them, for they cannot be overdrawn. Indeed, we consider her people exceptionally modest, when they have everything of which to be boastful. One can have but a vague conception of what Oregon really is without seeing it. With all the grandure of its scenery, the wealth of its mines, the magnificence of its flowers and fruits, it is a state unique, complete.

The total expenses of the war and navy departments during the year immediately prior to the beginning of the war with Spain were $151,000,000. The expenses of these two departments since the beginning of the war with Spain and up to one year from that time were $294,000,000. In other words, the one year of war cost the government in its war and navy departments $143,000,000 more than the year of peace which preceded it. Congress met these extra war expenses by voting extra taxes and a bond issue. These taxes were by means of extra and increased internal revenues and amounted to $112 000,000. In addition to this aditional revenue the government sold war bonds to the amount of $175,000,000 and received $12,000,000 from Pacific rail-road bonds. The total increase of receipts from these causes was $229,000,000 over the preceding year. Subtracting the war expenses of 143,000,000 from the 229,000,000 raised by war taxes and bonds it will be seen that the war actually brought to the treasury $156,000,000 more than it cost.

During the past ten years over $10,000,000 has been spent on the agricultural experiment stations of the country, says the Rural Spirit; and during the same period the value of the agricultural products raised has been $30,000,000 so that but $1 has been spent for each $3,000 of product. As it exists today the American system of agricultural stations is the most comprehensive that has ever been known, and its work has been of great benefit to the farming population.

Robert G. Ingersoll speaking of strong drink, says: "I believe that alcohol, to a certain degree, demoralizes those who make it, those who sell it, and those who drink it. I believe that from the time it issues from the coiled and poisonous worm of the distillery until it empties into the hell of crime, death and dishonor, it demoralizes everybody that touches it. I do not believe that any can contemplate the subject without becoming prejudiced against the liquid crime. All you have to do is to think of the wrecks upon either bank of that stream of death—of the suicides, of the insanity, of the poverty, of the ignorance, of the distress, of the little children tugging at the faded dresses of weeping and despairing wives, asking for bread; of the men of genius it has wrecked; of the millions who have struggled with imaginery serpents produced by this devlish thing. And when you think of the jails, of the almshouses, of the prisons, of the scaffolds, upon either bank, I do not wonder that every thoughful man is prejudiced against the damned stuff called alcohol."

Thousands of sick and suffering people are like the poor cripple in the Bible, who had no one to help him down to the life-giving pool before some one else slipped in ahead of him. So many sufferers feel that if they could only get a little help to overcome their extreme weakness they would then be able to regain their coveted health and strength.

It is just these people that Dr. Pierce's Golden Medical Discovery is designed to aid. It is the strong, helping hand for those who are in the extreme of bodily weakness and nervous exhaustion. It promptly tones, nourishes and builds up the entire system. It gives keen appetite, good digestion, pure blood, muscular strength, nerve-force and renewed activity.

"When I first wrote you I was completely discouraged," says Mrs. W. M. Satterly, living at Richford, Tioga Co., N. Y. (P. O. Box 40), in a letter to Dr. Pierce. "I was in pain all the time, could not lie in bed on account of severe, sharp cutting pains in my back and right hip. Had pain all through the lower part of my body and my elbows hurt me so much I could scarcely lift my baby. My skin was dry, harsh and scaly and hung like sacks on my arms. My husband called the doctor, and he said it was weakness, and my age. His medicine did me no good. I kept getting worse and weaker. It seemed I should go crazy. One day I wrote you and received advice. I have taken Dr. Pierce's Golden Medical Discovery, his 'Favorite Prescription' and 'Pleasant Pellets,' and now I can lie in bed with some comfort and can do a good day's work."

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending twenty-one cents in one-cent stamps, to pay the cost of mailing *only*, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.
