TRIAL OF AIR SHIP.

Inventor Satisfied With Its Recent Performance.

NEW YORK, Oct. 23.—Count Von Zeppelin is satisfied with the performance of his air ship, says a Herald cablegram from Friederishafen. He says it has been proved that it was absolutely under the control of the steering apparatus. This apparatus, however, was not in the most perfect order on the first ascent.

One of the two rudders below the machine at the stern would not work freely. Thus instead of moving parallel with each other the rudders frequently formed an angle. This defect hampered Count Von Zeppelin very much indeed.

Opinion in general is somewhat unsettled. The decisive trial has not yet been made, for the machine is still in an experimental stage, though an undoubted step toward the achievement of aerial flight has been made. A former nautical engineer of Geneva, who is watching the trial, Livential by name, expressed himself as being dubious of the machine's ultimate success.

"The prime condition of a navigable airship," he said, "is that it must be able to go windward. This was not done in the present trial; at any rate not conclusively nor do I think it can be done."

The technical observations noted during the trial trip and other instructive details will not be available for several days yet and until they are known it is impossible to do more than register Count Von Zeppelin's summing up of the trial:

"It proved that my air ship is absolutely under my control."

FIGHT OVER BURIAL.

Father Unwilling to Pay the Undertaker's Charges.

CHICAGO, Oct. 23.—Murdered by her lover, Philip Lewis, who killed himself immediately after committing the crime, the body of Rose Adenburg still lies unburied because of a wrangle over the burial expenses.

Yesterday afternoon her body, inclosed in a common pine coffin, was taken to a cemetery near Waldheim for interment. At the grave her father, Barney Adenburg, became involved in a dispute over the amount to be paid. The undertaker refused to go on with the funeral and the body was brought back to town and placed in Adenburg's store.

The report of Adenburg's conduct aroused the residents of the neighborhood and last night his place of business was surrounded by a crowd of enraged neighbors. The police were appealed to and word was sent to the city health department.

If the body is not interred by Adenburg today it will be taken forcibly from the house by the police and buried at Adenburg's expense. The health authorities notified Adenburg that they would take summary action, as the body had not been embalmed.

RETURN OF VOLUNTEERS.

Will Begin November First and Continue Till June.

SAN FRANCISCO, Oct. 23.—At military headquarters here it is stated that the first installment of the volunteer army now in the Philippines will leave Manila November 1st. From that time until next June the transports will bring about 25,000 men, at the rate of from 4000 to 5000 a month. The sick, if possible, will be shipped on earlier transports that they may travel without crowding.

The various regiments will be mustered out and paid as soon as possible after they arrive here. By this arrangement the camps now established at the Presidio will be sufficient to accommodate the entire army.

GERMAN TRANSPORT HELD.

Must Wait Till Something Definite Is Known Regarding Disease Among the Horses.

SAN FRANCISCO, Oct. 23.—The sailing of the German transport Frankfurt has been delayed until something definite is known regarding the disease which has developed among the horses she was to have taken to China for the German government.

The transport Sherman is being made ready for sea as fast as possible and will sail November 1st. The horse transport Stephens is taking on stores. She will sail with horses on Thursday.

KEATING'S WILL.

Left His Racing Stable to John Blue, of Pleasanton, Cal.

OAKLAND, Cal., Oct. 23.—Thomas Keating, the horseman who died at Lexington, Ky., on October 12, left an estate that is estimated at about $100,000.

His will has been filed here for probate. He gave his racing stable to John Blue, of Pleasanton, made bequests amounting to $5000 to relatives and friends and left a legacy of $3500 and the residue of his estate to Frank Lee, of Reno, Nev.

NATIONAL BASEBALL LEAGUE.

Seeks to Forestall the Newly Organized National Association.

NEW YORK, Oct. 23.—Two plans of action, it is understood, are being considered by the National League magnates to forestall the organization which was formed in Baltimore lately under the title of the National Association.

One of these plans is to re-establish the twelve club circuit, the other is to join with the American League in a scheme so that that organization can extend its circuit to the East. Should the first proposition be taken up, Washington and Baltimore will be embraced in the circuit in the East and Detroit and Cleveland in the West.

It is rumored that if the second proposition is deemed feasible, that is, a coalition with the American League, the league will be composed of teams in Boston, Philadelphia, Baltimore and Washington in the East, and Cleveland, Chicago, Milwaukee and St. Louis in the West. A further feature of this scheme would be that the American League schedule would be so arranged as to have games on National League grounds in the Eastern cities and in St. Louis and Cleveland, while the clubs of the larger organization were traveling.

The National League to carry out this would provide the grounds in the places not specified. The whole arrangement, the magnates are said to think, would discourage the National Association in that it would insure continuous baseball in the cities which it is expected will have Association franchises.

NEW CUP DEFENDER.

Will Probably Be Built by a Syndicate of the Younger Yachtmen.

NEW YORK, Oct. 23.—The Herald says:

The end of the question as to who shall build a yacht to defend the America's cup, which is perplexing the officers of the New York Yacht Club, is likely to be the formation of a syndicate to build the new boat, and the members of it will be of the younger generation of yachtsmen.

Great hope is expressed that at the meeting tomorrow night, which by the way will be the last regular meeting that will ever be held at the Madison Avenue House, something official may be said about the vessel. A word would be enough to relieve the great anxiety of the yachting community and it could be spoken without the least damage to the cause.

TEA ON COFFEE EXCHANGE.

Trading in Tea Options on Floor of New York Exchange Will Begin Soon.

NEW YORK, Oct. 23.—President Jas. H. Taylor, of the New York coffee exchange, has announced that the board of managers has decided to list tea on the coffee exchange, having approved the rules and regulations which are drafted by a special committee of the tea and coffee trades.

The proposition to have a tea call on the exchange has been under consideration by members of the exchange and of the tea trade for several months. This action on the part of the board of managers is final and, as soon as the various details provided in the rules and regulations can be arranged, trading in tea options on the floor of the exchange will begin.

LAWLESSNESS IN LONDON.

Agitation in Favor of Restoration of the Whipping Post Is Revived.

NEW YORK, Oct. 23.—The recent outbreaks of "hooliganism" in London, says the Tribune's correspondent, have revived the agitation for the restoration of the whipping post as a remedy for ruffianism and lawlessness.

The police magistrates are striving to repress these numerous revels in the streets by stern rebukes and rigorous sentences for the leaders of the criminal gangs in Chelsea and South London.

The spirit of disorder is evidently spreading to other and more reputable classes, for the medical students have been striving to break up the public meeting at St. Martin's town hall and to mob the constables who arrested the ringleaders.

WILL KEEP THOROUGHBREDS.

Lord Rosebery Is Only Holding His Annual Sale of Undesirable Horses.

NEW YORK, Oct. 23.—A dispatch to the Herald from London says:

The report that Lord Rosebery is to sell out his thoroughbreds and retire from the turf is erroneous. At the sale on Thursday only the undesirable horses in Lord Rosebery's big string will be offered, as is customary at the end of each season.

SECRETARY ROOT ILL.

Notwithstanding Failing Health He Persists in Entering the Campaign.

NEW YORK, Oct. 23.—The fact that Secretary Root did not immediately accompany the president to Canton but left for New York has caused considerable talk in Washington, according to a special dispatch to the World. The announcement is made that he will go west today after some private business has been dispatched in New York. He has an appointment to make a political speech at Youngstown, O., on October 25.

The health of Mr. Root is not satisfactory and his family feel considerable apprehension over his determination to enter the campaign. It is said among his friends at Washington that his physicians earnestly advised him against such arduous labors and that Mrs. Root is distressed by his refusal to take this advice. Mr. Root's illness has proved more serious than at first anticipated and for the past two weeks he has failed in health perceptibly.

TRAINING REBELS.

Maud Gonne Is Educating Irish Children to Hate England.

NEW YORK, Oct. 23.—A dispatch to the Journal and Advertiser from Dublin says:

Maud Gonne is organizing Irish children and educating them in hostility to England. She is banding together 20,000 children who refused to participate in the demonstration in the Phoenix Park last spring, during the queen's visit.

Evening classes have been organized to teach the Irish language and history. Maud Gonne has issued an address saying:

"It is owing to the neglect of these subjects by the present system of English education in Ireland that over 20,000 of Ireland's sons are today wearing the uniform of her oppressor and incurring moral guilt and the contempt of the civilized world by fighting England's wars against liberty and right."

NEW CHARGE D'AFFAIRS.

Senor Brigard Arrives in America From the Republic of Colombia.

NEW YORK, Oct. 23.—Senor Arturo Brigard, the newly appointed charge d'affairs and consul-general of the republic of Colombia in this country, has arrived here. He is a nephew of President Jose Marroquin, of Colombia.

He is a merchant of Bogota and previous to this appointment was not prominent in politics. He is a member of the historical conservative party, which recently gained control of the country through his uncle's assuming the presidency while vice-president.

As the republic of Colombia is not represented at Washington by a minister, Senor Brigard will take up the functions of that office in his capacity as charge d'affairs. Two sons accompany Senor Brigard, who are to receive their education in this country.

MRS. BRICE ILL.

Widow of Distinguished Senator in a Critical Condition.

NEW YORK, Oct. 23.—Mrs. Calvin S. Brice, the widow of Senator Brice, of Ohio, is ill in her home in Fifth avenue. Her condition, according to the Herald, is such as to cause grave fears as to her recovery.

Mrs. Brice passed the latter part of the summer in the Adirondacks. At the first cold weather she was brought here in a special car. One of her sisters has since been constantly with her. Her physician said that in his professional position he was unable to discuss her condition in any way.

NEW RUSSIAN AMBASSADOR.

Present Minister to China Likely to Be Transferred to Washington.

NEW YORK, Oct. 23.—Count Cassini, the Russian ambassador who is due to arrive here on the Kaiser Wilhelm der Grosse today, may remain but a short time in Washington, according to a special to the World.

It is current talk among diplomats that he will be transferred to Paris, where it is his ambition to be stationed, or to Pekin, where he long served with success before coming to the United States.

M. De Giers, the present Russian minister to China, it is believed is slated as Count Cassini's successor to the United States.

OFFICIALS DISAGREE.

It Is Reported and Denied That Von Bulow and Von Miquel Are on Good Terms.

NEW YORK, Oct. 23.—Since the nomination of Count Von Bulow to the imperial chancellorship, says a Berlin dispatch to the Herald, rumors have been current of serious differences of opinion between him and the Prussian minister of finance, Dr. Von Miquel.

Last week Count Von Bulow had an interview of an hour's duration with the minister of finance and it is semi-officially stated that they arrived at a complete understanding.

This, however, the Radical press doubts.

WILL ESCAPE PUNISHMENT.

Judge Being Dead, Negro Sentenced to Be Hanged Will Be Released.

CHICAGO, Oct. 23.—A special to the Record from Wheeling, W. Va., says:

Just a year ago the circuit court of Fayette county, Judge Montgomery presiding, sentenced Lud Madison, colored, to be hanged, January 14, in the state penitentiary at Moundsville, for the murder of another negro.

Two days before the date of the execution Governor Atkinson issued a respite for nine days. The judge who sentenced him died before the reprieve expired.

Two weeks ago Madison's case was forced upon the authorities by a report of it to Governor Atkinson. The governor decided that the judge being dead and the time for resentence having passed no one can now resentence Madison.

Further, the date of legal death having passed Madison cannot be hanged on the original sentence. As he was never sentenced to imprisonment he cannot be kept in the penitentiary, so Madison will probably be released in a few days.
