H. J. BOYD TO HEAD WASHINGTON HIGH

School Board Also Fills 114 Teaching Vacancies.

MOST NORMAL GRADUATES

W. J. Casselberry Is Elected Assistant Clerk and Millard Smith Operation Supervisor.

With the election of 114 elementary and high school teachers to fill vacancies this coming year in Portland yesterday by the board of directors announcement was made of the selection of Hugh J. Boyd to succeed H. H. Herdman as principal of Washington high. Mr. Herdman recently made known his intention to resign and take another position as northwest executive secretary of the national safety commission. His successor has been principal of Albina Homestead school the past 11 years.

Mr. Boyd is a graduate of Stanford university and has taught in California high schools. Upon coming to Portland he was for five years on the faculty of Hill Military academy and for a similar period as a teacher at Lincoln high.

Hugh J. Boyd, who will succeed H. H. Herdman as principal of Washington high school.

1319 Applications Made.

The choice of teachers was made from among 1319 applications for positions and fills practically all of the vacancies in sight. Two other elections that were a part of yesterday's business were the selection of W. J. Casselberry as assistant school clerk and Millard Smith as supervisor of operation. Mr. Smith is now with the Peninsula Shipbuilding company.

Voting on teachers was unanimous except in the case of two graduates of the Holy Names normal, whom George B. Thomas, director, opposed on the ground that, as about 90 per cent of the applicants were graduates of state normals he saw no need for electing any teachers from a Catholic institution.

DR. CHASE IS DEPUTIZED

Authority Given Meat Inspector Under City and State Laws.

Dr. H. H. Chase, chief meat inspector of Portland, has been appointed as a deputy state meat inspector. The appointment was made by W. H. Lytle, state veterinarian, in order to give Dr. Chase an opportunity of aiding in the enforcement of the state meat law in Multnomah county outside the city limits of Portland.

The appointment authorizes Dr. Chase to inspect meat in any part of the state and to report any violations of the state act, together with the evidence, to Mr. Lytle for prosecution. Through the appointment Dr. Chase will be greatly aided in keeping tainted meat from Portland. At times certain meat dealers not located in Portland have refused admittance to their plants to Dr. Chase and, because of the fact that funds were lacking in the state veterinary department, these dealers were not forced to obey the statutes of either city or state.

BONDS TO BE BOOSTED

COMMITTEE GETS BEHIND VANCOUVER SCHEME.

Election June 15 to Determine Whether Warehouses and Dock Will Be Built.

VANCOUVER, Wash., May 6.—(Special.)—Plans for advertising the special election to vote bonds not to exceed $130,000 to build a dock and warehouses here on the Columbia river, were laid at a special meeting held last night in the chamber of commerce.

The election will be June 15, but the registration books will be closed May 24. The law requires that voters must register once every presidential election year providing they vote at every general election.

When the G. M. Standifer Construction corporation came here it built five ways on the public levee and also docks and covered several acres with heavy piling and flooring. Part of this is to be utilized in building the municipal docks and it is understood that there are already two firms willing and ready to lease the dock if it is built.

There has been much agitation for and some against the dock, but it now seems that the majority are in favor of voting the bonds.

A committee of 10 was appointed by Clement Scott, president of the Vancouver chamber of commerce, last night. They are: John H. Elwell, chairman; W. S. Short, W. H. Hornibrook, C. H. Moran, L. M. Hidden, Henry Crass, Lewis Shattuck, A. H. Fletcher, Dr. C. S. Irwin and A. Burnham.

DUO ALLEGED FORGERS

FRANK NELSON AND LOUIS ANDERSON ARRESTED.

Men Caught in Hotel at The Dalles Said to Be Implicated in Many Deals.

THE DALLES, Or., May 6.—(Special.)—Frank Nelson, 20, and Louis Anderson, 22, were arrested here today by Sheriff Chrisman and Deputy Archer of the North Bank railroad, on charge of forgery. The men are said to be responsible for a series of forgeries which have perplexed the police of several northwest cities the last few weeks.

The last place the alleged check artists operated was Umatilla, where, according to the police, three worthless checks were issued. Upon advice of Sheriff Taylor of Umatilla county, the men were apprehended here.

The officers descended upon a local hotel this morning and arrested the duo. Into the police net also were dragged two women who, the police declare, had accompanied the men on their visit to Umatilla. No charge has been lodged against the girls, they being held pending the arrival of Sheriff Taylor.

Police say a number of bad checks were found in the men's pockets and apparently they had planned to work this city during carnival week.

BUILDING BETTER BOYS
Military training will help—but it takes something besides "setting-up" exercises to make healthy, sturdy men. The body is built out of the food you digest. Shredded Wheat Biscuit contains the vitamines that are necessary to normal nutrition in addition to the tissue-building elements which are absent from many expensive foods. The crisp and tasty goodness of the baked whole wheat is a joy to the palate—most real food for the least money.
