FOR SALE—AUTOMOBILES.

At the
COVEY MOTOR CAR COMPANY PLANT

"I am going into business and can double my earnings provided I can obtain an automobile to get around with."

"How much money do you want to put into a car?"

"That's the trouble, I am getting started and have very little money."

"Let me give you some good advice. There are good cars and bad cars. There are popular cars and cars not so popular. There are some good strong, honest firms back of unpopular cars and you will find these same cars very popular in other sections of the country. The durability of an unpopular car usually depends upon the driver. The price of an unpopular car is based on its unpopularity. Take a chance on one of these cars, buy it cheap, take care of it and drive it carefully and you win.

"You will get astonishingly satisfactory service at a fraction of the cost, and as a business investment you will have displayed keen judgment.

"Pick out a low-priced car, 1912-13-14-15-16-17, look it over, they are in good shape; take a chance; you'll win."
