AT THE COVEY MOTOR CAR CO. PLANT.

Our determination to rebuild and refinish the used cars we sell originated in the fact that our business had grown to such proportions that we had available our own battery department, paint shop, upholstery and top department. By installing a modern specialized used car shop we were able with the greatest efficiency and the least expense to put our used cars in such condition that there would practically be no competition in either price or quality.

A motor car establishment of many departments is at your service when you buy your used car from the Covey Motor Car company plant.
