A GOLDEN OPPORTUNITY.

I have 320 acres of land in southern Oregon, half mile from railroad, one mile from station on main line between Portland and San Francisco. This property has at least two well defined ledges that show values, both in free gold and sulphites; there is a large body of porphyry, or rather porphyry dyke that carries small values, but on account of large body of ore and being so near transportation and having wagon roads to property, it is exceptionally good for parties who have capital to develop it. Not having funds to go ahead with, am anxious to interest parties who have; can give best references and answer all questions. Address Box 498, Ritzville, Wash.

TEN acres, all in hay; 7 miles out Salem electric, new buildings; a forced sale at $3250.

11-3 acres, high state of cultivation, 4 blocks Courtney station; $1750. This is worth your while.

3 to 7 acres, 4 minutes' walk to Durham station; a fine bargain; $300 per acre. Very easy terms.

30 acres, near United railways; fine fruit or chicken land, covered with beautiful timber. Almost your own price and terms.

An Auto Road to Mt. Hood
