"I notice that my name has been used in connection with newspaper articles saying that I had charged Mr. Beach as a married man of having been seen after night with a young woman," said Rev. Mr. Carl. "I had been told this was the fact and to my informant I said that on principle I opposed all such things, but I made no charges. I did not even know the swimming instructor when I saw him and some one has done both Beach and myself an apparent injustice."

TO GROW HAIR ON A BALD HEAD

BY A SPECIALIST.

Thousands of people suffer from baldness and falling hair who, having tried nearly every advertised hair tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist: Bay Rum, 6 ounces; Lavona de Compose, 2 ounces; Menthol Crystals, one-half drachm. If you wish it perfumed, add half to one teaspoonful of To-Kalon Perfume, which unites perfectly with the other ingredients. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics. Do not apply to the face or where hair is not desired.

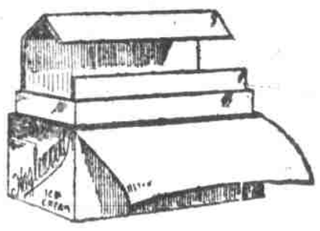
THE NEW HAZELWOOD ICE CREAM PACKAGE



KEEPS THE CREAM HARD TILL USED

A perfect Ice Cream package. Invented by Hazelwood Company. The Ice Cream is wrapped in a pure, vegetable parchment, then in waxed paper. The brick is then placed in a container of double corrugated cardboard with dead air spaces to keep the inside cool. This package is then placed in another case of the same material.
