CHERRIES IN SEPTEMBER.—Dr. Covert, formerly a well-known physician and horticulturist of Yamhill County, now living in Portland, brought to The Oregonian office yesterday a box of magnificent late Duke cherries from the fruit ranch of D. C. Covert, near Montavilla. Dr. Covert pronounces the late Duke by all odds the most profitable late cherry in the world, and the sample box furnished certainly demonstrates their firmness, exceptional size and fine acid flavor. Dr. Covert is and always has been very enthusiastic on the subject of fruitgrowing in Oregon, and says there are "millions in it," if intelligently and faithfully followed.

BUSY AT THE LIBRARY.—The Portland Public Library is fast settling into the Winter routine. The school children are again seeking amusement and instruction in the children's room, and the teachers are making inquiries about the next season's reading. One unique feature of this Fall's attendance is the interest taken by the Chinese population. Already some of the Chinese boys and girls are on the list, and their parents seem anxious to become acquainted with the library and its facilities. Rabbi Wise has informed the librarian that the Jewish people of Portland will subscribe several hundred dollars to buy standard Hebraical literature. These volumes will be added during the year. Files of the Oregon Dispatch and of the Oregon Standard have been presented to the library through the courtesy of Mr. Anthony Noltner. The file of the Standard begins with the year 1863. The new plan of loaning extra copies of popular books at 5 cents a week has succeeded, and yesterday all such copies were taken out.

DUCK-SHOOTING TODAY.—It was supposed that there would be a general muster of sportsmen and a grand general opening of the duck-shooting season, in ancient and approved style, this being the first Sunday of the season, notwithstanding that many sportsmen were out the first of the month. Several sportsmen who have preserves said yesterday that they were not going out today. The shooting at young wood or Summer ducks, they said, does not amount to much here, as they generally hasten away south about the time the shooting season begins, and the California sportsmen get the most of them, and in so doing enjoy the daintiest morsel the duck-shooting season yields. It is probable, however, that a very large proportion of sportsmen will be out today, notwithstanding that bright sunshiny weather can hardly be considered "good weather for ducks."

FREE! FREE! TO KIDNEY SUFFERERS.

An Opportunity Worthy of Your Notice.

If you suffer with kidney disease or any ailment arising from an improper action of the kidneys or urinary organs, this offer we make to the people of Portland should interest you. In the advancement of medical science, the kidneys, the organs of the greatest importance to human health, have not been neglected, and in placing before you such a cure as Doan's Kidney Pills the proprietors recognize how far so many statements of the makers of similar preparations have fallen short of their claims, being convinced that no remedy for kidney complaints in existence equals Doan's Kidney Pills for such ailments. Strengthened in these convictions by letters that are daily received of the work they are doing for mankind's benefit, old backs and young backs are being constantly freed from never-ceasing aches, and many a lame and shattered one, stooped and contracted, is strengthened, invigorated and infused with new life. With such a medicine an offer of this kind can be made without hesitancy, for while we lose the box we give to you, we make a friend that assists us in the sale of many others. Full boxes of Doan's Kidney Pills will be given away free to every person suffering with kidney ailments at the undersigned address. First come, first served, and only this one chance offered. Remember, this is not a sample box(but a regular size box of Doan's Kidney Pills, which retails at 50 cents. Remember, free distribution one day only, Thursday, September 10, from 10 A. M. to 8 P. M., at Laue-Davis Drug Company, Third and Yamhill streets. Cut this advertisement out and bring with you. Sole agents for the United States, Foster-Milburn Company, Buffalo, N. Y.

"Seeing Is Believing"

We have made some very broad statements concerning our line of Fall Clothing—so broad in fact that many who do not know us may consider us to be overly enthusiastic.

We are not. We want every person in Portland to come and see our stock, examine it, compare it with others and give us only the credit due.

We have, beyond question,

The Best Popular Priced Clothing

And an examination will verify this to anyone who will inspect it closely and pass upon its merits

Our Fall Line

Is complete in every detail that goes to make up perfect-fitting, stylish and serviceable clothing. You need no guarantee as to our cloth—It is "made in Oregon" and is equal in quality and design to the finest imported fabrics.

SCHOOL SUITS

This coming week we expect to be busy in our children's department. We have made special efforts to give our patrons the best values the market can produce. We have the largest boys' clothing department in the Northwest—show more styles and quote closer prices than any other house. Don't overlook us before buying.
