6.6 MILLS LIKELY TO BE SCHOOL LEVY

Net Pruned Down to $1,887,-862 but Allowance Necessary for Contingencies.

RECEIPTS PUT AT $760,900

Principal Cut Made in Provision for Buying Grounds and Erecting Buildings — Better Salary for Clerk Advocated.

A levy of not less than 6.6 mills is the latest prediction for the school assessment of 1916. According to the budget as completed at Friday's session a total of $2,648,762 will be needed to meet the actual expenses of the school district and from that amount $760,900, the estimated receipts for the year, will be subtracted, leaving the total net assessment of $1,887,862. That will mean a levy upon the district of 6.17 mills. There have always been a number of contingencies that the district has had to meet which cannot be classified.

School Clerk Thomas, who has handled the preparing of the budget single-handed, thinks that at least $30,000 will be needed for meeting those contingencies, and he will ask of the Board the amount that will increase the levy to 6.6 mills.

The 1916 budget is the first that has been prepared under the new law, and when the committee from the Taxpayers' League and the School Board met to revise the figures proposed by Mr Thomas but few cuts were made in the actual branches of school administration and operation.

Most of the big cuts have been made in the purchase of new grounds, erection of new buildings and the incorporation of new branches in school operation. Mr. Thomas has been present at all the meetings of the budget committee, and has been able to furnish detailed figures for the committee to base estimates for the 1916 budget.

Following is the revised budget in full:

BAKER VALUES INCREASE

Assessor Places Gain at $343,660 Over That of Last Year.

BAKER, Or., Nov. 6.—(Special.)—That property values have increased $343,660 in the last year was the report made late today by Harry G. Hyde, County Assessor. The valuation this year, on which taxes will be collected in 1916, is $18,398,340, while in 1914 the valuation was $18,054,680. In 1914, with the addition of values of public service corporations' properties, the appraisement was $23,828,720.

This additional amount, which is fixed by the State Tax Commission, has not yet come in, but Mr. Hyde believes it will be considerably larger than last year, due to the commencement of operation at the Ox Bow plant, taking the property from the dormant to the active class.

City valuations in the county are as follows:

Baker, $5,272,840; Sumpter, $173,029; Haines, $389,847; Huntington, $766,008; Halfway, $120,115; Richland, $111,828; Copperfield, $14,584; Whitney, $13,960.

Seven school districts in the county have a valuation of more than $500,000, as follows: Baker, $5,859,028; Huntington, $1,302,795; Pine Valley Union High School, $1,215,581; Eagle Valley Union High School, $1,109,051; Muddy Creek, $975,010; Durkee, $560,468; Rock Creek, $508,325.

EX-MAYOR SENTENCED

N. L. WARD, ATTORNEY ACCUSED BY WOMAN, GETS TERM.

Appeal on Embezzlement Charge Is to Be Taken From Term of Six Months to 15 Years.

GOLDENDALE, Wash., Nov. 6.—(Special.)—Nathaniel L. Ward, ex-Mayor of Goldendale, and well known as an attorney, was sentenced by Judge R. H. Back to serve an indeterminate sentence of from six months to 15 years at Walla Walla, in the Superior Court here today.

Ward was convicted by a jury on an embezzlement charge last January, and Judge Back subsequently overruled a motion for a new trial. Ward was arrested upon complaint of Mrs. Sarah C. Hughes, a former resident of the White Salmon country, who came all the way from Sallisaw, Okla., to swear out a warrant.

It was charged that the lawyer appropriated $850 of the woman's money that came into his hands while acting as her attorney. It was shown at the trial of the case that settlement had been made for the money involved with Peter Hughes, husband of the woman, afterward arrested.

Ward's attorneys served notice of appeal to the Supreme Court immediately sentence was imposed, and the court gave him until next Monday to furnish a new bond. Judge Back, of Vancouver, Wash., acted as the trial judge in the case, taking the place of Judge Darch, of Goldendale.

SALEM, Or., Nov. 6. — (Special.) — Seven men who have completed serving their minimum sentences at the Penitentiary were recommended to the Governor this week by the Parole Board for paroles. In each case, the prisoner had established a good prison record, and before release employment will be obtained. At the Board's meeting 26 cases were considered for parole. Those paroled are:

John McLain, Jackson County, larceny; sentence one to five years.

Barney Murry, Wasco County, receiving stolen property, sentence one to three years.

Edward Parks, Clatsop County, larceny; sentence one to seven years.

A. R. Fairfield, Sherman County, larceny; sentence one to 10 years.

Tim Downey, Umatilla County, larceny; sentence one to five years.

M. F. Hutchinson, Umatilla County, obtaining money by false pretenses; sentence one to five years.

SECRETARY TO SEE PRISON

George P. Putnam to Study Methods in Eastern States.

SALEM, Or., Nov. 6.—(Special.)—George Palmer Putnam, private secretary to Governor Withycombe, will leave tomorrow for New York and other Eastern points. He expects to return within a few weeks. The trip is necessitated because of the recent death of Mr. Putnam's father, J. Bishop Putnam, of the publishing firm of G. P. Putnam's Sons, New York.

Before his return to Oregon Mr. Putnam, at the request of Governor Withycombe, will visit Sing Sing prison in New York and the Minnesota prison at Stillwater. He intends to inquire into the methods of prison administration. He also will meet a representative of a flax manufacturing firm in New York, who is contemplating establishing a flax plant in Oregon.

WAVES IMPERILING HOTEL

Moving of Bar View Beach Structure Is Expected Soon.

BAR VIEW, Or., Nov. 6.—(Special.)—Because of the way in which the waves have been eating into the coast at Bar View since the Tillamook jetty was put in, it is probable that Dr. W. A. Wise, proprietor of the Bar View Hotel, will begin work tomorrow to move that structure. The waves cut into the beach below the hotel about three feet today and the washing away of about ten feet more would mean the undermining of the hotel.

Several high tides are now due, the first one tomorrow, and it is feared that with the heavy seas now running, even greater inroads on the coast will be made. Several small buildings already have been moved to save them from collapsing into the sea.

Gresham Raises $3400 by Levy.

GRESHAM, Or., Nov. 6.—(Special.)—The sum of $3400 was raised for this year's revenue, but it is expected that a slightly larger sum will be needed for next year. Last year's levy was 6.3 mills. The property valuations inside the city limits on which last year's levy was made, are as follows: Land values, $221,855; improvements, $137,360; public service companies, $132,860; personal property, $88,100; total, $580,175.
