Skin Came Off

I had an obstinate skin disease, called Eczema. My body, head, and arms were covered with spots like drops of mortar, which came off in layers of dry scales. I suffered for over a year without relief, consulted several doctors without aid, and had almost given up hope. I saw an advertisement about CUTICURA REMEDIES; took them, and in *eight weeks* I was as well as ever, for my skin is as nice and clear as a baby's.
