Of Interest to Settlers.

Notice will be found in the WEEKLY CHRONICLE appertaining to the restoration of the lands appropriated by the government for The Dalles boat railway site, with the exception of two small tracts which are described in the notice mentioned.

A great many will not understand the limits of the boat railway reservation, so THE CHRONICLE takes pleasure in giving the boundaries of the original tract, and trusts they will be able to understand them better than the reporter, after a perusal of the following:

Beginning at The Dalles on the Columbia and running south on the west line of Sections 3, 10, 15, 22, 27 and 34 in Tp. 1 N. R. 13 E. to base line, thence east ¼ mile, thence south ¼ mile, thence east 1 mile, thence north ¼ mile to base line, thence east on base line 1½ miles, thence north ¼ mile, thence east ¼ mile, thence north ¼ mile, thence east ¼ mile, thence north ¼ mile, thence east ¼ mile, thence north ½ mile, thence east ¼ mile, thence north ¼ mile, thence east ¼ mile, thence north ¼ mile, thence east ¼ mile, thence north ¼ mile, thence east ¼ mile, thence north ¼ mile, thence east ¼ mile, thence north ¼ mile, thence east ½ mile, thence north ¼ mile, thence east 3¼ miles, thence south ¼ mile, thence east 1 mile, thence south ¼ mile, thence east ¼ mile, thence north ¼ mile, thence east ½ mile, thence north ¼ mile, thence east ¼ mile, thence north ¼ mile, thence east ¼ mile thence north on east line of Sections 17, 8 and 5 of Tp. 1 N. and Sections 32, 29 and 20 in Tp. 2 N., all in range 15 to the Columbia river at Celilo.

A large portion of this tract lies within the primary limits of the grant to The Dalles Military Road Co. The uneven sections being subject to their claim.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Hamilton Clark, of Chauncey, Ga., says he suffered with itching piles twenty years before trying DeWitt's Witch Hazel Salve, two boxes of which completely cured him. Beware of worthless and dangerous counterfeits. Butler Drug Co.

Kodol Dyspepsia Cure cures dyspepsia because its ingredients are such that it can't help doing so. "The public can rely upon it as a master remedy for all disorders arising from imperfect digestion."—James M. Thomas, M. D., in American Journal of Health, N. Y.

"DeWitt's Little Early Risers did me more good than all blood medicines and other pills," writes Geo. H. Jacobe, of Thompson, Conn. Prompt, pleasant, never gripe,—they cure constipation, arouse the torpid liver to action and give you clean blood, steady nerves, a clear brain and a healthy appetite. Butler Drug Co.

Clarke & Falk have a full and complete line of house, carriage, wagon and barn paints manufactured by James E. Patton, of Milwaukee, Wisconsin.

I. C. NICKELSEN,

NOTICE.

Notice is hereby given that the city council of Dalles City has determined to establish a sewer system for all that portion of said city lying below the bluff and east of Lincoln street, and has further determined that the cost of such sewer system shall be assessed against the property benefited thereby.

Said sewer system is to be of terra cotta pipe and the extent and location thereof to be as follows:

The main line of said sewer system shall extend from the low water line of the Columbia river, where the east margin of the mouth of Mill creek at said low water strikes said river; thence along the east bank of said Mill creek 650 feet to a stake under the north trestle of the Oregon Railroad & Navigation Company's railroad, thence at a right deflection of 10 degrees and 10 minutes from the course last pursued 181-3-10 feet to a stake 9-15-100 feet north of the northwest corner of the stone wall bounding the E. M. Wilson property; thence at a left deflection from the course just described, 76 degrees and 23 minutes 128 feet to a point on the west line of Union street, 136 feet north of Second street; thence crossing Union street to the center of the alley between Second and Main streets, thence along the center of said alley, from Union to Laughlin street; thence continuing in a straight line on the same course across Laughlin street, to a point on the east line of said street, 128 feet north of Second street; thence continuing in a straight line on the same course, across block 8, Laughlin's addition to Dalles City, 300 feet, to Jefferson street, on a line 128 feet from, and parallel to, Second street; thence continuing on said straight line, in the same course, 10 feet into Jefferson street to a point 10 feet east of the west line of Jefferson street and 128 feet north of Second street. Thence at a left deflection from the line last described, 33 degrees and 23 minutes, 81-5-100 feet, to a stake 2 feet west of the east line of Jefferson street; thence at a right deflection from the line last described 23 degrees and 15 minutes, 116-17-100 feet, to a stake; thence at a right deflection from the line last described 27 degrees and 29 minutes 110-4-100 feet to a stake 17-52 100 feet from the southeast corner of the lawn fence west of the O. R. & N. Co.'s depot; thence at a left deflection from said line 14 degrees and 41 minutes, 165-9-10 feet to a point on the west line of Monroe street 139 feet north of Second street and 5-7-100 feet north of the northwest corner of Moody's brick warehouse; thence continuing in a straight line on the course last described 150 87-100 feet to a point 6 feet north of the north-east corner of Moody's wooden warehouse 132-5 10 feet north of Second street and 70 feet east of Monroe street; thence at a right deflection from the last line 7-92, 266-26-100 feet, to a stake in Taylor street, 89-6-10 feet north of second street and 46-75-100 feet west of the west end of the Wasco warehouse.

A branch of said sewer system shall connect with the main line in Union street, 20 feet from the west line of said street, at a point 128 feet north of Second street, and shall run along said Union street 20 feet east of the west line thereof, to a point 20 feet south of the north line of Tenth street.

Another branch line of said sewer system shall commence in the center of the alley between Second and Third streets, at a point 40 feet west of the east line of Lincoln street, and run thence along the center of said alley to a point 200 feet east of the east line of Court street, connecting with the branch of said sewer system running up Union street hereinbefore described, from the east and west, by convenient curves of about a twenty-foot radius.

Also a branch of said sewer system commencing in the center of the alley between Second and Third streets, on the east line of Washington street, and running thence easterly along the center of said alley, to a point where the center of said alley intersects with the present sewer of Max Vogt & Co., where it crosses said alley. Thence northerly and easterly along the line of said sewer as it is now located, to the point where said sewer intersects the main line of the sewer hereinbefore described, at a point where the main line of said sewer crosses Federal street, between Second and Third.

Also, a branch line of said sewer system, commencing at a point in the center of said alley between Second and Third streets, 100 feet east of Federal street, and running thence along the center of said alley to the west line of Laughlin street; and thence connecting with the Laughlin street sewer by a left curve of about a 20-foot radius, in said Laughlin street.

Also a branch line of said sewer system, commencing at a point on the east line of Monroe street, 20 feet north of the south line of Third street, running thence westerly, parallel to the south line of Third street, and 20 feet from said south line to a point 40 feet west of the east line of Madison street; thence curving to the right with a curve of about a 20-foot radius, to a point in said Madison street 20 feet from the north line of Third street and 20 feet from the west line of said Madison street; thence northerly along said Madison street on a line parallel with the west line of said street, to a point 20 feet from the west line of said street, and 20 feet south of the center line of the alley between Second and Third streets; thence deflecting to the left by a curve of about a 20-foot radius, to a point where the west line of Madison street intersects the center line of said alley between Second and Third streets; thence in a westerly direction along the center line of said alley to a point 20 feet west of the east line of Laughlin street; thence deflecting to the right by a curve of about a 20-foot radius, to connect with the branch of said sewer system running up Laughlin street, in said Laughlin street.

Also a branch line of said sewer system, commencing at a point in the center of the alley between Second and Third streets, 200 feet east of the east line of Monroe street, running thence in a westerly diretion along the center of said alley to a point 40 feet west of the east line of Monroe street, thence deflecting to the right by a curve of about a twenty-foot radius, to a point opposite the north line of the alley between said Second and Third streets, and 20 feet east of the west line of Monroe street; thence in a northerly direction parallel with the west line of Monroe street, and 20 feet therefrom, to within 20 feet of the main line of said sewer system hereinbefore described; thence curving to the left with a radius of about 20 feet, to connect with said main line.

Also a branch line of said sewer system, commencing on the west line of Jefferson street, 20 feet north of the south line of Fourth street; thence running westerly parallel with the said north line of Fourth street, to a point 20 feet west of the east line of Laughlin street; thence by a curve to the right of about twenty feet radius, to a point 20 feet east of the west line of Laughlin street and 20 feet south of the north line of Fourth street; thence northerly, parallel with the west line of Laughlin street, to connect with the main line of said sewer system hereinbefore described, by a curve to the left of about twenty feet radius, where said main line of said sewer system crosses Laughlin street at the alley between Second and Main Streets.

Also a branch line of said sewer system, commencing at a point 130 feet south of the north line of Fifth street and 20 feet east of the west line of Liberty street; thence along said Liberty street parallel with said west line of said street, in a northerly direction, to connect with the branch of sewer system hereinbefore described, running in the alley between Second and Third streets, by a convenient curve to the right, where said alley sewer crosses Liberty street.

Also a branch line of said sewer system, commencing in the center of the alley between Third and Fourth streets, 250 feet west of Liberty st., and running along the center of said alley to a point 250 feet east of said Liberty street, and connecting with the branch of said sewer system in Liberty street, from the east and west, by convenient curves of about a 20-foot radius, at the point where said alley crosses Liberty street.

Also a branch line of said sewer system, commencing in the center of the alley between Third and Fourth streets, 250 feet east of Court street, and thence running along the center of said alley in a westerly direction, to a point 20 feet west of the east line of Union street; thence by a curve to the right of about a 20-foot radius, to connect with the Union street branch of said sewer system.

Also a branch of said sewer system, commencing in the center of the alley between Third and Fourth streets, at a point 50 feet east of the east line of Washington street, and running thence along the center of said alley to a point 200 feet east of Jefferson street, and connecting with the branch of said sewer system running along Laughlin street, by convenient curves of about 20-feet radius, at a point where said alley crosses said Laughlin street.

Also a branch line of said sewer system, commencing at a point 20 feet north of the south line of Fourth street and 50 feet east of the east line of Washington street; running thence in an easterly direction parallel with said south line of Fourth street, to connect by a convenient curve to the left, of about a 20-foot radius, with the Laughlin-street branch of said sewer system, at the crossing of Fourth and Laughlin streets.

Also a branch line of said sewer system, commencing in the center of the alley (or Sixth st.) south of block 11, at a point where the west line of Washington street crosses said alley; thence westerly along the center of said alley to a point 38 feet west of the east line of Court street; thence by a convenient curve to the right of about 20-feet radius to a point 20 feet east of the west line of Court street; thence in a northerly direction parallel with the west line of Court street to the south line of Fourth street; thence by a curve to the left, of about a 20-foot radius, to a point on the west line of Court street, 20 feet north of the south line of Fourth street; thence westerly along Fourth street, parallel with the south line of said Fourth street, to a point 20 feet west of the east line of Union street; thence connecting by a convenient curve to the right, of about a 20-foot radius, with the branch line of said sewer system running along Union st.

Also a branch line of said sewer system, commencing at a point opposite the center of the alley between Fourth and Fifth streets, 20 feet east of the west line of Washington street, and running thence in a westerly direction along the center of said alley to a point 38 feet west of the east line of Court street; thence by a convenient curve to the right of about a 20-foot radius to connect with the branch of said sewer system running along Court street.

Also a branch line of said sewer system, commencing at a point 20 feet north of the south line of Fifth street, and 120 feet west of the west line of Court street, running thence in an easterly direction to the west line of Court street; thence by a curve to the left, of about a 20-foot radius, to intersect with the branch of said sewer system running on Court street at the crossing of said Fith and Court streets.

Also a branch line of said sewer system, commencing at the center of the alley between Fourth and Fifth streets, at a point 200 feet east of the east line of Liberty street, running thence in a westerly direction along the line of the center of said alley, to a point 40 feet west of the east line of Liberty street; thence by a curve to the right of about a 20 foot radius, to connect with the Liberty street branch of the said sewer system.

Also a branch line of said sewer system, commencing at the center of the alley north of Main street and 50 feet west of Washington st.; thence running along the center of said alley to a point 400 feet west of Union street; thence connecting with the main sewer system near the bank of Mill creek, by a curve to the right of about a 20-foot radius.

Also a branch line of said sewer system, commencing at a point in Fourth street, 250 feet west of the west line of Liberty street, and 20 feet north of the south line of Fourth street, running thence in an easterly direction along Fourth street, parallel with the south line of said street to the west line of Liberty street; thence by a convenient curve to the left of about 20-feet radius, to connect with the branch of said sewer system running up and down Liberty street, at the crossing of said Fourth and Liberty streets.

This notice is published by order of said City Council, made on August 5th, 1899.

NED H. GATES, Recorder of Dalles City.

How About Your Title?

ARE YOU SURE it is all right? Remember it is the RECORD that governs. It is our business to search the records and show what they contain in relation to land titles. If you contemplate buying land or loaning money on real estate security, take no man' word, but insist upon knowing what the record shows regarding the title. An Abstract is as essential as a deed. Insist on having it. We have the only set of Abstract Books in the County. All work promptly executed and satisfaction guaranteed. If you have property to insure, give us a call. We are agents for four of the best fire insurance companies in the world. If you have property for sale, list it with us and we'll find a buyer.
