USED GOODS ON EASY TERMS.
This week we furnished a 26-room hotel in Portland and a 20-room house in Vancouver with used goods (outside of the tremendous removal sale business this week), and we didn't miss the goods out of our enormous stock. The lowest estimate our customer for 26 rooms could get on cheap new goods was $4000. We fitted him up for less than $2000, with better furniture, and we can serve you in the same way.
