Want Movie Machine In Every Public School

WASHINGTON, July 29—"Movie" machines in every public school to aid in the education of the children of the country is the aim of the Visual Education association, which has opened headquarters here.

Charles F. Hunt, secretary of the association, says congress will be asked to appropriate funds to cooperate with the states in carrying out the program, the expense being borne equally by the federal and state governments.

While estimating the ultimate cost at $19,500,000, Mr. Smith anticipated that this sum would be needed by installments and he announced that the association would ask for an immediate appropriation of $5,000,000 available for expenditure during the next three years.

he association is incorporated in the state of Indiana, its organizers including Charles A. Greathouse, former Indiana state superintendent of public instruction; Dr. J. N. Hurty, Indiana, commissioner of health, and B. R. Inman, manager of the Indiana chamber of commerce.
