REPEAL OF TAX ASKED

REALTORS ASSERT EXCESS PROFITS LEVIES HARMFUL.

Executive Committee Resolution Disapproves Proposed Legislation on Housing.

A repeal of the excess profits tax and the elimination of surtaxes in the income tax system are urged in resolutions adopted by the executive committee of the National Association of Real Estate boards at the recent meeting of that body in New Haven, Conn.

The same resolution disapproved any attempt to ameliorate the housing situation by means of legislation and went on record urging dealers and others to encourage building and loan associations.

The resolutions follow:

"Be it resolved, by the executive committee of the National Association of Real Estate boards, That we confirm our former position and urge upon the congress the revision of the revenue laws of 1918 by repeal of the excess profits tax; elimination of the surtaxes in the federal individual income tax system, or a reduction thereof so that the maximum rate will not exceed 30 per cent; repeal of the miscellaneous excise taxes, except those on tobacco and liquors, and enactment of a gross sale or turnover tax at approximately 1 per cent to apply to all sales exceeding $6000 annual turnover.

"And be it further resolved, That attempts to effect legislation concerning the amelioration of the housing situation be and hereby are disapproved, that result being adjudged by this association outside of the field of new laws and considered subject to economic processes.

"And be it further resolved, That we urge realtors and others actively to foster and encourage building and loan associations and kindred institutions by depositing their idle funds therein, and the preachment of thrift by others to become participants in their services and benefits, particularly to use their assistance in the acquirement of homes for such participants."

Four reels of movies illustrating the life achievements of Thomas A. Edison were shown to the "juicers" at the meeting. PHARMACY QUIZ PLANNED

State Board to Examine Seniors on Corvallis Campus.

OREGON AGRICULTURAL COLLEGE, Corvallis, May 14.—(Special.)—A state board examination of pharmacy seniors will be held next Tuesday and Wednesday on the campus by members of the Oregon board of pharmacy. The large expense necessary to take all seniors to Portland will be eliminated, according to faculty members, by holding this special examination at the college.

Each student receiving a passing grade in pharmacy, materia medica, chemistry, identification of drugs and chemicals, and practical prescription work will be eligible to practice pharmacy in this state, provided he has the prescribed amount of drugstore experience.

"No student of this institution has failed in the examination since 1914, and this class plans to uphold the record," said Adolph Zeifle, dean of the school of pharmacy.

GUY KELLY TO GO EAST

Committeeman to Attend Session to Name Hays' Successor.

TACOMA, Wash., May 14.—(Special.)—Guy E. Kelly, republican national committeeman from Washington, will attend a meeting of the national committee in Washington, D. C., June 8. Election of a successor to Will H. Hays as chairman will be one of the most important matters to be considered. It is rumored that the present officers of the committee will resign, although nothing to this effect ever has been made public, Mr. Kelly said.

Mr. Kelly said he expected to hear from Elmer Dover of Tacoma, who is at present in the national capital and whose name has been prominently mentioned as likely choice for national committeeman. "I don't know what the situation is," Mr. Kelly said. "Mr. Dover is in the race, as far as I know, and I believe that he is the best man available for the chairmanship."

To Tacoma friends Mr. Dover denied that he was going to Mexico on a confidential mission for President Harding, as had been announced from Washington.
