PARFETCHED ASSERTIONS.

Many of our modern editorial writers, and legion are they who better know, are constantly asserting that the political fight is between those who have and those who have not. This is far-fetched—very far-fetched, and far from the actual facts in the case. The fight is between those who have small holdings of property—those who have muscle to sell—the middle man—the man who pays the freight, on one side—with those who have a great plenty at the opposite end of the tugrope. In a word, the fight is between capitalistic holdings and all who have not holdings of that nature. It requires no great intelligence to see that the bankers of the country, the great manufacturers of the country, and the great railroad interests of the country, all stand united for a general stand for their self protection—indeed, they are not satisfied with self protection, but each interest is after more governmental subsidy. The banks want to have all the say on financial legislation; the manufacturer still contends that he is entitled to a subsidy; the railroad interests contend that they are getting poorer all the time, and that they must form one gigantic corporation, that the people may be bled without cutting corporation throats in rate wars, etc. That these interests have their own way in legislation, and more so than any other class, or classes, every sensible man is ready to admit. The trusts are getting to be one, instead of many. Morgan, J. P., is the executive head of all, and he is past master banker and railroad man; that he is closely allied with coal and iron, which lead into the manufacturing realm, no one disputes. That he is at the head of the shipping industry, which is ready to raid the treasury of the country, is generally conceded to be a fact. Who is it, then, fighting these gigantic raiders? Is it the man who has nothing? Not at all! The intelligent man of small holdings, the farmer, the man who pays the profits of commerce, is the man who raises his protest. And a continuation of encroachments of the class intrenched in power will weld these into an avalanche of strength to corporation undoing.

IT WILL be interesting to watch the proceedings of the coming congress with relation to the proposed ship subsidy scheme. That the party whips are determined to pass such a measure goes without saying. Morgan, of trust fame, and Hanna, the bell wether of "National honor" politics, want to get their hands into the pockets of the people with warrant of law, and expect intelligent republicans to applaud because, while they are being robbed, the democrats, too, are being filched that "National honor" may be subserved. The dear people are to be robbed if party whipping can make highwaymen out of our legislators. And the farmer will pay the freight.

To hear the saintly sniffle and wail of Oregon's executive one is constrained to think him a lineal descendant of Burn's 'Holy Willie.' For a narrow headed hypocrite, entitled to first prize, the public pimgimmet and "crier-of-his-own virtue" from the Waldo Hills is ahead of possible competitors.

THE outgoing council of Hillsboro have certainly given the city a good business administration. Momentous questions have arisen and have been met with judgment commendable. Thousands of dollars' worth of property has passed from private to public control and the transfer was made with sagacity and without remuneration, in serving the public, and for this they are entitled to credit. They have firmly established the credit of the city. Let it be hoped that the good work will be continued.

POLITICAL slate makers are at work on a democratic ticket, and are trying to adjust the numbers so that Ex-Governor Pennoyer may have a place. The governor is a strong campaigner, and if successful would grace either hall of congress.—McMinnville Register.

THE holdup man who steals seventy five cents goes to the penitentiary, while the gilded bank official who steals seventy five thousand dollars goes to sanitarium for a few months, and then comes out as a leader of a golf club.

BRAIN FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at The Delta Drug Store. Get Green's Special Almanac.

The Right Kind

There is always a right and a wrong kind of clothes to buy.

Too many makes are manufactured to sell on the score of their flashy appearances without regard to fabric or durability. If your dealer is trustworthy, you may be sure you will get what you may pay for in style and quality. Our clothing is honest and dependable in every regard, made to look well and wear better.

It is time now for the new fall suit or the new overcoat, and here is the place to buy. Our stock is large and varied, and gives an opportunity to select any of the many popular styles shown this season.

Why Wear Out Your Life?

It takes time, muscle and money to grub out your stumps and trees in the old way. Farmers who are progressive are spending from $36 to upward in the purchase of a Smith Grub and Stump Puller, which does the work of several men and saves you for a good old age. It is a two-horse machine and has splendid recommendations from the many who have purchased and used it in Washington county. Make your horses do your work. Horses are cheaper than men, and you must feed them anyway.

Don't Neglect Coughs!

Nature might cure your cough without aid, but you can't afford to chance it. A cough, if left to cure itself, is slowly overcome at best, and there is apt to be some weakness left to make the next cough come easier.

- The Delta Cough Syrup -

is nature's best assistant. It makes the cure easy, quick and thorough. It is perfectly harmless, and is equally good for young and old. It don't pay to trifle with coughs when you can buy a remedy like this. Price 25 cents, 50 cents and $1.00.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of woman's preferances. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous effort to make or save the money to get them. If a woman will risk her health to get a coveted gem, then let her forfeit herself against the insiduous consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its earliest stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and bronchial troubles. You can get Dr. G. G. Green's reliable remedies at The Delta Drug Store. Get Green's Special Almanac.
