RAILROAD AND TIMBER MEN OBJECT TO TAX

Tell Board of Equalization Assessments are too High

OTHERWISE ARE FEW COMPLAINTS

Board Will Make all Adjustments Next Week

The Board of Equalization has not been overworked, thus far. Few complaints have been filed, outside of the railroad companies, and the large timber land owners. James W. Morrow, tax agent for the O. R. & N. Co, and Southern Pacific lines in Oregon, was before the Board, Wednesday, and strenuously objected to the assessment of $15,000 a mile, made by Assessor Wilcox. Mr. Morrow said that the assessment of $10,000 a mile, made in 1906, was high enough, but the present assessment he thought was excessively high It is not known what action the Board will take in the case of the S. P. Co., but there is little probability that there will be a reduction in the valuation With most of the east side counties assessing the above company $30,000 a mile, it would seem that instead of a reduction, the duty of the Board would lie in the other direction. As a matter of fact, no reductions have thus far been made in any assessments, and there will be no action taken in the matter until next week. The time for filing objections will expire the present week.

To all persons who have applied to County Clerk Godman for marriage licenses since the Governor's proclamation of legal holidays, the former has explained that there was a question about the legality of the proceeding, but in each instance, the applicants decided to take the chances, if any there were. There is also a question among the attorneys, as to whether legal documents executed at this time, will stand the test of law. Thus far few such instruments have been filed at the Court House, the clerk not refusing, however, to accept documents after explaining the holiday impediment.

TONS OF STEEL RAILS PILED UP AT TUALATIN

For Hillsboro Branch of Ore-Electric Road

MAIN LINE BIG CUT DELAYS WORK

Engineer Donald Says Road will Come to Hillsboro in Spring

A. A. Morrill, deputy county surveyor, who recently took a trip from Tualatin over the line of the Oregon Electric line to Salem, with Chief Engineer R. L. Donald, reports that there are now piled up at Tualatin, 1900 tons of steel rails to be used in the construction of the Hillsboro branch of that road. The main line of the Oregon Electric was scheduled to be completed to Portland from Salem by November 1st of the present year, but the removal of countless tons of earth from a big cut near Tualatin has delayed the work, so that the main line will hardly be completed to Portland before the first of January. The chief engineer told Mr. Morrill that work on the Hillsboro branch would not begin before Spring. The fact that all the rails are on the ground, argues well for the construction of the road to this city.

COUNTY TEACHERS IN ANNUAL SESSION

Teachers' Institute Opened Wednesday at Court House

A VERY SUCCESSFUL MEETING

Able Instructors, and Evening Lectures are Features

The county teachers' annual institute convened in the Circuit Court room of the Court House Wednesday forenoon. Roll call showed an attendance of 118 teachers present, from various parts of the county. Mrs. L. V. Sweesy, of Tacoma, Wash., gave an excellent talk on the subject, "First work of introducing music to the child mind," and handled her subject in a manner that made her a favorite in the institute work. Mrs. Sweesy was, until recently, a teacher of of music in Berkeley College, Cal., and is a fine exponent of vocal harmony as taught in the public schools. Dr. Sheldon, of the State University, handled the subject of "Interest—its place in education," in an able manner. L. R. Alderman handled the subject of "Education;" L. R. Traver, "The Recitation;" Mrs. Sweesy, "Child Voice, Its Beauty,—Its Limitation;" Dr. Sheldon, Geography—Children's Interest;" Prof. Alderman, "School and Home;" Mr. Traver, "The Study Period." This completed the programme for the first day.

At the Crescent Theatre, in the evening, Dr. Clarence True Wilson delivered a splendid lecture to a crowded house, on the subject of "The Advantages of Higher Education," which fully justified his reputation as an orator and thinker. The institute will close Friday evening. The interest in the institute is keen, and thus far the meeting has been a decided success, and of great practical benefit to the teachers present. President Kerr, of the State Agricultural College, will lecture tonight at the Crescent Theatre, subject: "Education for the Industries."

CARZES—REHSE

A very pretty home wedding was that of Miss Amanda Rehse, daughter of Mr. and Mrs. C. Rehse, to M. D. Carzes, of Portland, October 27, at the residence of the bride's parents, near Farmington. Promptly at 10 a. m., to the strains of the wedding march, played by the bride's sister, Miss Verna Rehse, the bride and groom appeared in the parlors and stood under a beautiful canopy of evergreens, where the Rev. L F. Belknap, of Hillsboro, performed the ceremony in the presence of about twenty relatives and friends. The bride was attended by Miss Maud McClarkin, of Laurel; and the groomsman was Herman Rehse, a brother of the bride. After congratulations the company sat down to a sumptuous repast. The dining room was decorated in Oregon grape and autumn leaves. The bride and groom received many useful and beautiful presents.

Mr. and Mrs. Carzes left on the evening train for Portland, where they will be at home to their many friends, after Nov. 8, at 435 Yamhill Street.
