Sealed proposals will be received by the County Court of Marion County, Oregon, at the court house in Salem, in said county, until December 28, 1922, at the hour of twelve o'clock noon of said day, for the purchase of $150,000.00 permanent road bonds of Marion county, Oregon, part of an issue of $850,000.00 authorized at an election held June 3, 1919. The bonds now offered for sale shall be dated July 15, 1920; $85,000.00 thereof shall mature July 15, 1931, and $65,000.00 thereof shall mature July 15, 1932, and shall be in denominations of $50.00 or multiples thereof up to the sum of $1,000.00, to suit the purchaser, and shall bear interest at the rate of five and one-half (5½) per cent per annum, payable semi-annually.

All bidders are required to enclose with their bid a certified check payable to the order of Marion county, Oregon, and drawn upon an incorporated bank or trust company to the amount of two per cent of the par value of the bonds bid for, and the check of the successful bidder will be applied by the county in part payment of the purchase price or to secure the county against loss resulting from the failure of the bidder to comply with the terms of the bid submitted. PRICE OF STOCKS SHARPLY REBOUNDS

Extremely Dull Morning is Followed by More Activity Late in Day

NEW YORK, Dec. 6.—A sharp rebound in stock prices took place in today's late dealings after an extremely dull morning session, during which rail shares were conspicuously weak because of speculative uncertainty regarding the maintenance of the dividend on Great Northern preferred.

Publication of Secretary Mellon's annual report indicating that no new federal taxes were contemplated for next year was the sign for a brisk rally which was given considerable impetus by the hurried recovering of shorts who discovered that their efforts to depress prices during the last few days had brought out comparatively little new stock.

Railroad shares recovered somewhat from their early weakness but lagged for behind the industrials on the upward swing.

United States Steel common was sluggish but the buying movement of the last hour put it up to 103 3-4 for a net gain of 7-8. Coppers, which were moderately strong in the earlier dealings fell back later, net changes generally being unimportant.

Sales totalled 383,000 shares.

Sterling exchange gave another remarkable demonstration of strength in today's market touching 4.56 1-2 or 1 3-4 cents above yesterday's close and the highest price in nearly four years. French and Italian exchanges improved slightly, and South American rates continued strong.

Call money opened at five per cent and then advanced to 5 1-2. Time money and commercial papers rates were unchanged with the volume of business small in each.

VALUE OF WHEAT GIVEN IMPETUS

Definite Move Made Toward Providing Sixty Million Farm Credit

CHICAGO, Dec. 6—Definite moves toward providing for $60,000,000 farm credits by the United States government gave an immediate lift today to the value of wheat, corn and oats. The wheat market closed strong, 3-4 to 1 3-8 net higher, with May 1.16 1-4 to 1.16 3-8 and July 1.08. Corn gained 3-4 to 1 a 1 1-8, and oats half to 3-4. In provisions the outcome was unchanged to ten cents lower.

Although the wheat market showed at first a downward tendency ascribed chiefly to declines in price at Liverpool, a reaction soon took place, with many traders looking for bullish developments at Washington. During most of the session, gossip touching this subject was vague, relating to supposed plans for government financing of food exports. Just before the close, however, announcement was made that a bill to create a farm credits department had been formally placed before both houses of congress and that the bill if enacted would make available $48,000,000 in addition to the government present $12,000,000 subscription to the farm loan system.

Something of a general rush to the buying side of the wheat market quickly ensued. The upward swing of the market also was furnished momentum as a result of word that Europeans had taken a liberal amount of wheat today and that fresh rains had fallen in Argentina, impeding the harvest there. Under such circumstances and with sterling at a new high record, the wheat market closed at the topmost level reached.

Corn and oats paralleled the action of wheat. Renewed demand for corn was reported from the west and southwest.

Provisions held fairly steady in line with hog values.
