Communists in Far East Follow Moscow's Orders

THE HAGUE, Holland, Jan. 1.—Communist activities in the Dutch East Indies were indicated in a recent dispatch from Batavia, saying that the governor-general had been in consultation with the Council of State of the East Indies to concert measures to deal with Bolshevik agitation.

Colonial newspapers just arrived here throw some further light on the movement of the Sarekat Rajat, the East Indian communist organization, which seems to have branches throughout Holland's Indian archipelago.

According to the Batav'a Nieuwblad, these native communists strictly follow the Moscow program. They conduct secret meetings, but seem to have met with but scant success in or near the bigger towns. Their latest plan seems to be to approach the Javanese individually in the small scattered villages, and so make propaganda for communism.

The newspaper notes that the Chinese, who form an important part of the trading population in these islands, are leaving Bolshevik propaganda severely alone.

A fascist movement has also sprung up in Java lately, colonial papers state.

Deer Is Captured Alive in Main Street of Vancouver

VANCOUVER, Wash., Dec. 31.—A two-point buck deer was captured alive on Main street here recently.

The deer was ambling up the street from the banks of the Columbia river when several persons gave chase. He dashed down an alley, entered an abandoned building and leaped through a window, then jumped a high fence and started back toward the river. The pavement was wet, and the buck slipped and fell several times, finally crashing into a fence with his horns so entangled that he was held fast. Four soldiers from Vancouver barracks took the deer to the reservation.

PUBLIC NOTICES

MEETING OF STOCKHOLDERS

STATE EXPORTS SHOW NO GAINS

Oregon Still Stands in Seventeenth Place Through Whole Country

Three-month figures of over $13,000,000 give this state seventeenth place in exporting. Nine month's export figures nearly $47,000,000.

Oregon maintained its seventeenth place in the relative standing of the state of the Union in merchandise exports for the quarter ended September 30, 1924, when its trade in this direction amounted to $13,186,084, a drop of $277,882 from the figures of the previous quarter, according to statistics just released by the Department of Commerce.

Wheat topped the list of commodities exported with valuations of $5,578,190. Plank boards and scantlings followed, valued at $1,842,283, and then came timber shipments at $1,150,470, and flour amounting to $1150327.

Grand totals for the first nine months of the year give Oregon export figures of $46923,080 and sixteenth place in the entire list of states. Though Minnesota secured eleventh place in relative standing of the states for the third quarter of the year, it ran behind in nine-month figures to the extent of $1,295,637. Maryland, just topping Oregon for figures of the three quarters, attained trade to the amount of $47,160,968.

Statistics Show Boy Babies Have Not Strength of Girls

CHICAGO, Jan. 3.—Boy babies have not the same chance of living as girl babies, they are the weaker sex, according to Prof. S. J. Holmes, zoologist of the University of California, speaking here before the American Statistical association.

"In the first year of life many more boys die than girls, the proportion of boy deaths being greater in the first month and gradually decreasing through the rest of the year. Studies made in places, periods and social strata where the infant death rate is low, show the ration of boy deaths to girl deaths is high. As we got back in embryonic life this ratios tendfly increases. The male, apparently, is the weaker animal, at least at the start of life."

French Litigants Wait Years to Get Into Court

PARIS, Jan. 3—The Paris Court of Appeals has well over 14,000 cases on its docket awaiting trial, and the principal provincial courts of higher jurisdiction are in much the same situation. At the same time cases are added faster than old ones are decided.

Rene Renoult, minister of justice, in revealing these facts to the Chamber of Deputies, said litigants often had to wait two years for hearings, and in some instances ever four.

DRINK WATER IF KIDNEYS BOTHER

Take a Tablespoonful of Salts if Back Pains or Bladder Is Irritated

Flush your kidneys by drinking a quart of water each day; also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids; to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here. Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.—Adv.
