BACKS MR. HOOVER FOR WHITE HOUSE

Former Salem Lad Will Be Next President of U. S. Prediction

WASHINGTON, Jan. 16.—(AP)—The movement to obtain the republican presidential nomination for Secretary Hoover was given added impetus today by a statement from Assistant Secretary Robinson of the navy that he favored the commerce department head, and a prediction on the floor of the senate by Senator Shortridge, republican, California, that Mr. Hoover would be the next president of the United States.

At the same time Secretary Mellon declared published reports that he favored Mr. Hoover did not originate with him. Mr. Mellon said he had neither indicated his position on the question nor intimated "to anyone what I plan to do in the convention."

Secretary Hoover, in the opinion of Senator Shortridge, will "make himself clear to the American people on every issue and will continue the policies of this administration."

In a prepared statement Mr. Robinson, who is from New York, said he regretted the decision of President Coolidge not to be a candidate but that in the light of his refusal to run, and the statement of Charles E. Hughes that he would not be a candidate, the republican party of the state of New York should "take a firm position at the coming convention in favor of the nomination of the best equipped man for the high office of president.

"As a voter and taxpayer this matter has been carefully considered by me. After consultation with men in my own campaign Mr. Robinson said, "I am convinced the Honorable Herbert Hoover should receive the nomination at Kansas City."

Abuses of Illumination Told By Chamber Guest

Gloom and glare are the chief abuses in artificial illumination, A. M. McMillan, lighting specialist, told members of the chamber of commerce yesterday at the weekly luncheon.

Twenty-five per cent of the 24,000,000 children enrolled in schools last year suffered from defective vision, as results in large part of eye strain induced by poor lighting. Sixty-seven per cent of the 6,000,000 were retarded in studies as a result.

Mr. McMillan urged careful thought in planning light requirements for office, school and home.

DELEGATES REPORT

DENOMINATIONALISM HINDRANCE ABROAD, CLAIM

Interference from church boards at home which insist on strict denominationalism, is one of the greatest hindrances faced by missionaries in the foreign fields, active workers declared at the quadrennial conference of the Student Volunteer movement at Detroit last month, it was reported by Harold Shellhart, one of the four delegates from Willamette university to attend this meeting.

The missionaries seek to promote Christianity according to the needs of the particular people among whom they are working, but the short sighted home boards insist on "good reports" along the lines of church membership and baptisms, some of the missionaries said.

Miss Virginia Edwards, another of the delegates, told of the attitudes which missionaries found to the Christian religion in several of the countries.

Miss Esther Lisle reported on the addresses heard at the convention, and Wesley Norton on the discussion groups. The latter said that delegates from distant lands are prone to judge Christianity by what they see of American people, and intimated that many of them did not get a favorabl slant on the matter from their visit to Detroit.

OBITUARY

Bartholomew

At the residence, 1174 North 17th street, January 16, Fred O. Bartholomew died at the age of 66 years. He was the husband of Carrie Bartholomew, and sister of Gladys and Lyle Bartholomew of Salem and Mrs. Lurbine Gillette of California. Millions of Families Depend on Dr. Caldwell's Prescription

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as they are today. People lived normal, quiet lives, at plain, wholesome food, and got plenty of fresh air and sunshine. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings to put into their system. So he wrote a prescription for a laxative to be used by his patients.

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of, Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

Under successful management this prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that millions of bottles are used a year proves that it has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now never without Dr. Caldwell's Syrup Pepsin, and if you will once start using it you will also always have a bottle handy for emergencies.

W. B. Caldwell M.D.
AT AGE 83

It is particularly pleasing to know that most of it is bought by mothers for themselves and the children, though Syrup Pepsin is just as valuable for elderly people. All drug stores have the generous bottles.

We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just right "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE.
