Christmas Seal Sale Breaks All Records

Breaking all previous records, the sale of Christmas seals in Washington county by the public health association brought in a total of $988.46 during the 1935 holiday season, according to a report this week by Mrs. Harry R. Morgan, county chairman. This figure amounts to 3.29 seals per capita.

Return from the sale in 1934 amounted to $751.90 and in 1933 to $622.78. Hillsboro, Forest Grove and Beaverton all exceeded the per capita quota of five seals as did several other outlying districts. Beaverton reported the sale of 7.9 seals per capita, Forest Grove 7.5 and Hillsboro 6.9.

Clinics, public meetings with the showing of health films, the county fair exhibit and newspaper publicity during the past year attributed to the success of the sale, Mrs. Morgan stated. That 45 per cent of the proceeds from the seal sale remains in this county was the declaration of Mrs. Essex Marsh, president of the county public health association. Fifty per cent goes to the state and five per cent to the national office.

Appreciation for the co-operation of county newspapers, to district chairmen and to all persons who aided in putting over the Christmas seal sale was expressed by the health association during a board meeting Monday night.
