Are You Ready

When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do — give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it is safe to use as often as an infant has any little pain you cannot pat away. And it's always ready for the crueler pangs of colic, or constipation, or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.

ASPIRIN

The whole world knows Aspirin as an effective antidote for pain. *But it's just as important to know that there is only one genuine Bayer Aspirin.* The name Bayer is on every tablet, and on the box. If it says Bayer, it's genuine; and if it doesn't, it is not! Headaches are dispelled by Bayer Aspirin. So are colds, and the pain that goes with them; even neuralgia, neuritis, and rheumatism promptly relieved. Get Bayer—at any drugstore—with proven directions.

Physicians prescribe Bayer Aspirin; it does NOT affect the heart

Your LawnNeeds Attention

THE pride of having a good lawn naturally goes with the pride of having a home, for there is nothing that helps make a home more attractive than a lovely green lawn in front of it. But it takes a certain amount of time to have a lawn that attracts all eyes. Grass is a very heavy feeder and it is absolutely essential to fertilize it in order to keep it in perfect condition. Rather than make one large application per year, it is far better to apply three or four smaller applications and so obtain an even growth. One of the best times of the year is right now, for fertilizer applied this month enables the grass to enter into the dormant winter months in a fine healthy condition, in addition to giving it a good color which it will retain. In the spring it will be in a much better condition to make an early start and so get ahead of the weeds. By results in the majority of good lawns and golf greens in the Northwest, Lawn Morcrop has proven itself to be the best lawn fertilizer obtainable, and its cost is most reasonable compared with the results it gives and the satisfaction to its users.

With every 50-lb. package of Lawn Morcrop we will give you FREE a 15c package of Morcrop Tablets for use on your house-plants and bulbs.
