Opportunity Given Discharged Veterans

The United States army recruiting service at Portland has just received new enlistment regulations from the war department authorizing the enlistment of any discharged veteran in a grade commensurate with his prior service and training regardless of the previous three months deadline.

Sgt. Curtis Ezell, local recruiter, said today: "The recruiting service is now able to offer lifetime security and good jobs to qualified technicians who have been discharged over 90 days. This new authorization is attracting the highest caliber men and making the new regular army a real opportunity for early retirement with a comfortable income."

Men who have been discharged since May 12, 1945, are eligible for enlistment under this new plan providing they enlist for three years and are qualified in one of the job specialist categories that are needed by the regular army.

All veterans are encouraged to contact the recruiting representatives at the post office Mondays, 3 to 5 p. m., at their earliest opportunity to qualify for one of these vacancies. If it is inconvenient to come to the office, watch for the silver recruiting jeep in your neighborhood.

Friendly service is always available from your friends in Hillsboro business firms. tf
