PORTLAND BUTTER PRICES IMPROVE

PORTLAND, June 17.—(AP)—Market for butter reflected the scarcity of top grade stuff and the increase therefore of the lower grades. The price cut of 1½c on all cube scores except extras, is now effective. No change in butterfat.

Market for eggs showed a steady tone locally with no change in open trade values. Receipts were again increasing with quite a fair supply of pullets in sight.

Setback was generally showing for live chickens with much less snap in the buying. Recent cuts in prices were generally effective. Heavy hens appeared chiefly hurt.

Market for spring lambs continued to reflect weakness, but fairly steady tone was shown for veal and for hogs. Beef was slow in spots. Cutter cows were around 7-8c with canners 6-7c.

Tomatoes showed generally depressed values here with an increased supply of field grown from the south and hot house from the local territory. Some operators wrecked the latter by selling the best stuff late last week to 80c box for 10s.

Cascara bark was steady.

New potatoes showed a rather steady tone.

Peas were weak and lower in spots. Strawberries were about steady. Raspberry demand was better than limited supply in sight.

Cabbage was weaker and lower. Lettuce deal was near collapse with too much imports from Seattle.

Asparagus prices were steady to firm.

SAN FRANCISCO, June 17.—(AP)—First grade butterfat, 29½, f.o.b. San Francisco.

NEW YORK, June 17.—(AP)—Bar silver barely steady, 3-8 lower at 45¾.

Stories in STAMPS

HOLLAND of THE CARIBBEES

STEEP, red-tiled, gabled roofs, rainbow-tinted houses, streets scrubbed spotless—that sounds like Holland, and it is—Holland of the Caribbees. This beautiful spot that is so Dutch is Curacao, the little island in the lower West Indies that has belonged to the Netherlands since 1634 and that today is an important export center. Here it was that the famous Curacao liqueur, made from a peculiar variety of orange, originated, and here it is today where travelers are reminded of the land of dikes and canals.

In 1934, the Netherlands issued a special stamp commemorating the 300th anniversary of this island's accession to Dutch territory. The illustration is that of Willemstad, the chief city, built very much like any city in Holland.
