HERE'S WHY MOST MOTHERS DO THIS

When Children Catch Cold

Warming, soothing relief from distress of colds starts in a hurry when you rub on Vicks VapoRub at bedtime. Because VapoRub penetrates to upper bronchial tubes with its special medicinal vapors . . . and stimulates skin surfaces like a warming poultice. Then it works for hours to bring relief *while the child sleeps!* Try it tonight!

AT BEDTIME rub throat, chest and back with Vicks VapoRub. Its relief-bringing action starts *instantly* to relieve distress . . .

WORKS WHILE CHILD SLEEPS to bring relief during the night. Often by morning most misery of the cold is gone!

"Messenger of Peace" Will Be Presented Friday

"The Messenger of Peace," a full-length sound film with John Beal as Pastor Armin Ritter, will be shown this Friday evening at Pilgrim Lutheran church, Farmington road at Menlo in Beaverton, at 8 o'clock.

This film is dedicated to the heroic men of God who serve on every Christian front. "Messenger of Peace" is more than the story of an individual pastor. Armin Ritter merely portrays the tireless, self-sacrificing service of the Christian pastor everywhere. It is the story of men who give their lives to God in the confines of a parish, on the flight deck of an aircraft carrier, in primitive mission fields. It is a story that long has needed telling, and it is well told in "Messenger of Peace."

"Messenger of Peace" was made by Roland Reed Productions, Inc., and was filmed at the RKO-Pathe studios. Produced by the Lutheran Laymen's League, the casting and filming were carefully supervised to assure a picture authentic in every scene and conforming to the highest standards of Christian entertainment. It is a film the entire family will enjoy.

The public is invited.
