New York Markets

NEW YORK, Aug. 13—(AP)—Stocks gave off some color of recovery today but in actual substance the market's impovement was rather trivial.

A slow hardening process set in after a somewhat ragged start. Independent firmness of U. S. Steel and signs of better demand for rails, mail order shares, coppers and specialties helped to build general resistance in the latter proceedings, he close was mixed with changes mostly in fractions. Dealings were about 450,000 shares.

Some buying was encouraged, brokers reported, by a steady tapering of offerings which encouraged belief in speculative circles the list was about due for a turn after two weeks of almost continuous slow decline. War bulletins and domestic news contained little bullish inspiration.

Progress of big steel stirred considerable interest in Wall street boardrooms because it went hand in hand with heaviness in Bethlehem, as was the case yesterday. Some quarters suggested the conflict of trends was due to switching out of Bethlehem into U. S. Steel on the theory the former's price premium was too high on the basis of relative showings of the June quarter earning statements. In each case profits were pulled down sharply as compared with the first quarter by tax provisions, but in this, according to statisticians, Bethlehem was harder hit than the steel corporation.

BOSTON WOOL

BOSTON, Aug. 13—(AP)—(USDA)—A fair demand was being received for graded fine territory wools in the Boston market today, but other grades of territory wools were slow. Good French combing length, graded fine territory wools, were bringing $1.03, scoured basis, quite readily, but lots held at $1.05 slow. Combing bright fleece wools of three-eighths and one-quarter blood grades were slow, but quotations were fairly firm at 45-46 cents, in the grease.
