Aloha to Have Greyhound Track

In recent months R. F. Balke of Tobias avenue, has installed a new schooling track for training greyhounds, both young and old. This is a modern track with an electric rabbit. The track is well banked on the turns and has been sanded for easy running of the dogs. The track is 1020 feet long on the rails and 20 feet wide, completely surrounded by fencing. There is a two-tail starting box and control tower for operating the electric hare. A roadway has been installed so that cars with trailers will not have to turn around, just drive in and out. A cooling space has been provided with a board fence on track side. This track is located near Aloha one-half mile north of Hillsboro highway on Tobias avenue. Mr. Balke expects to open up for business on or about the 19th of March if he can get the track in shape by that time. All dog-men are invited to come and see this track, and Mr. Balke hopes that they will bring their dogs here for training as this track is close to town and near where the dogs are raised. Training hours will be from 7 a.m. to 12, and 1 p.m. to 5 p.m. every day.

Aloha chamber of commerce will meet Thursday (today) in Aloha Grange hall at 8 o'clock. An interesting evening is planned with the showing of a television film by Roy Briggs, Aloha's radio man. After the meeting, birthday cake and coffee will be served.

MIXED MOODS AND EMOTIONS are vividly displayed during the course of district tournament play Saturday night when Hillsboro dumped Forest Grove for the title and right to enter the state high school tournament in Eugene, March 15-19. Upper left—These Hilhi students appear to be somewhat disgruntled over some particular play or decision. Center—A row of past Hilhi graduates and luminaries are intently studying the course of strategy, left, while on the right end the onlookers find some amusing incident. In second row, Banks High School Coach Leslie Pete looks on with intense interest. Behind Pete and looking rather skeptical is John A. Frantz, father of Bobby Frantz, Hilhi all-star forward. Lower left—Things look bright and the Hilhi rooting section is expressing its approval. Lower right center—Hilhi Pep club girls vociferously reveal their opinions. Lower extreme right—Things are looking glum for the home team and the camera is able to express this Rally club girl's feelings in the matter.—(Argus photos by Walt McKinney)

By Mrs. W. A. Bunnell

WEST SLOPE—Officers for the newly-formed West Slope Lions club were elected at a meeting of the group held at Lambert's last Monday night. This was the second meeting of the club, which was formed in late February. President Ray Mueller, with Robert Golliheur, vice-president, George Whitley, second vice-president, Gil Torrance, third vice-president, Keith Smalley, secretary-treasurer, W. C. Hemrich, Lion tamer, and Dr. Caveny, tail twister. The board of directors consists of E. R. Peterson, Fred Arpke, Ed Biddle and Robert Hodges. The present schedule of the club calls for meeting nights on the second and fourth Mondays of each month at 6:30 p. m. Charter night meeting is planned for early April, at which time the club will receive its charter from the national organization. Committee chairmen are: George Whitley, charter night; Carl Gessing, membership; Roy Anderson, finance; Richard Holmboe, constitution and by-laws.

Members of the Women's Guild of the Valley Community United Presbyterian church will meet at the church at 7:45 on the evening of Tuesday, March 15, and are inviting ladies of the community to be present, whether members or not. Election of officers will be a part of the evening session.

Mrs. R. B. Denney was hostess to the Women's Missionary society Wednesday for the annual pot-luck luncheon. On the program were Mrs. John Orr, soloist, Mrs. C. A. Walters, devotions. Mrs. C. Bryan Walker was in charge of the day's topic. Election of new officers was on the schedule for the day. Other activities of the church included a skiing party by the young people last Saturday, the church board meeting on Tuesday night and a meeting of teachers and officers also Tuesday night.

It is reported that work will begin soon on the construction of a new service station on the corner of Canyon road and Mahonnah club road, next to the B and T Market. Further details will be given later.

Stolen Garments Returned

Part of the garments stolen from the premises of the West Slope Cleaners by unknown persons on the night of February 20, have been recovered and returned to Marie Stuart, owner of the shop. Further investigations are being made by the police, and it is hoped that identification of the thieves will be made soon. The shop was entered by a rear window and the loss included $2000 worth of men's and boy's wear and women's clothing, which had been cleaned and ready for delivery. West Slope Cleaners have recently installed new equipment in the dry cleaning department, including a steam cleaning set-up which also gives a water repellant finish to clothing. The boiler room has also been remodeled.

The campaign to raise funds for the support of the local program of Boy Scouts and Camp Fire Girls is now underway in the West Slope-Beaverton area, with Harold Gregory, Signal service operator, as chairman. Team captain and workers in the immediate West Slope section are: Captain, Mrs. J. R. Robinson, Mrs. W. A. Boorkman, Mrs. Fred Mathis, Mrs. Newman Ward, and Mrs. C. A. Diller.

Mr. and Mrs. E. L. Muse and her sister, Mrs. D. W. Bartholomew of Walker road are entertaining as house guests the former couple's son-in-law and daughter, Mr. and Mrs. T. B. Downs and son, and their daughter and baby, who arrived here last week to help celebrate the golden wedding of Mr. Down's parents at St. Helens. Mr. Downs will return home about the middle of the month, the rest of the group remaining here for the summer.

Mr. and Mrs. Charles Runes of S. W. McMillan road left Wednesday by plane for a week's vacation in California.

Rummage Sale Dates Set

Dates for the rummage sale planned by Gabel school have been set for March 14 and 15, and the sale will be held at the Oregon Packard company building at 21st and Burnside in Portland. The sale will continue until after eight o'clock in the evening, both days. Rummage has been solicited from the parents and friends of the students, and others interested in contributing. Collection containers have been set up at the school and at Tod's Food Center. Funds derived from the sale will be used to re-decorate the school. Heading the sale committee are Mrs. John Dukeheart, Mrs. Calvin Sauther and Mrs. Philip Beuhner.

Two or three West Slope families are planning to move to the new housing project in Cedar Mill Park, for which ground was broken last week. The project is under the direction of Harry Mittleman, well-known Portland apartment man, and will provide 400 low-cost dwelling units. Construction of the first houses will begin on March 15, and completion of the whole project is expected to be done within a year.

School busses, which have been unable to get to the Gabel school grounds, are now getting over the roads to the school, after the dryer weather made the roads more passable. The busses had been forced to unload their passengers at the end of Gabel Lane and the pupils were then transferred by station wagon to their destination.

The March faculty bridge party of the Gabel school was held at the school last Friday evening, with Mrs. Arvilla Sutton, Mrs. Alice Scott and Mrs. Lurrah Sackett as hostesses. Prizes were won by Mrs. Darwin Davis and Mr. Arthur Oullmann.
