LOCAL MATTERS.

ORDINANCE NO. 72.

An Ordinance to establish Fire Limits in the City of Albany.

Be it ordained by the Common Council of the City of Albany:

Section 1. That the south half of blocks two (2), three (3), four (4) and five (5), and the north half of blocks eight (8), nine (9), ten (10) and eleven (11), of the city of Albany, according to the maps, plats and surveys of said city, be and hereby are declared within the fire limits of said city.

Sec. 2. All buildings hereafter erected within the fire limits aforesaid, shall have their outside walls and party walls made of brick, stone, or other incombustible material, and such outside walls and party walls shall extend from the foundation to to the top of and through the roof of said buildings, and the roof shall be covered with tin or some other incombustible material, and the walls shall be so constructed as to separate all woodwork, thoroughly and completely, of the interior and exterior of said buildings from all and every part of the interior or exterior of any adjoining building. The term building as used in this section shall not include privies.

Sec. 3. All repairs to buildings constructed of brick, stone or other incombustible material, shall be made to conform to this ordinance.

Sec. 4. No wooden building completed or in process of construction, within said fire limits, shall be altered, changed or completed without the written permission of the Chief Engineer of the Fire Department, approved by the Committee on Fire and Water, which permission shall specify fully the alteration or change required, and no such permit shall be given if the proposed change, completion or alteration shall make any increase in the size of said wooden building, or shall render the danger from fire more imminent within said fire limits. A copy of each such permit shall be kept on file in the office of the Secretary of the Fire Department.

Sec. 5. No building within said fire limits shall be removed except to a portion of the lot on which it may have stood to make room for more permanent improvements, or to a point outside of the fire limits.

Sec. 6. Whenever any building shall be by any means so much injured as to be, in the judgment of the Chief Engineer of the Fire Department and the Committee on Fire and Water, a dangerous nuisance; or when any wooden building within the fire limits shall, in the judgment of the Chief Engineer of the Fire Department and the Committee on Fire and Water, be damaged by fire to the extent of one-half or more of its actual value, the Chief Engineer shall immediately cause to be served upon the owner or person having control, a notice requiring such person to remove the same forthwith, and the person receiving such notice shall, within ten days after receiving the same, comply with the requirements thereof.

Sec. 7. Any person or persons violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and on conviction thereof before the City Recorder shall be punished by a fine not less than ten nor more than one hundred dollars, and in default of payment of such fine, shall be imprisoned in the city prison not less than five nor more than thirty days; and each day of maintaining or continuing such aforesaid violation, shall be deemed a new offence and punished accordingly.

Sec. 8. The Chief Engineer of the Fire Department, the Assistant Engineer, Secretary of the Fire Department, and the Committee on Fire and Water, are required to see that the provisions of this ordinance are enforced, and to make complaint in the Recorder's Court for violations thereof.

Passed the Council July 25th, 1877.
Approved July 25, 1877.
L. H. MONTANYE, Acting Mayor.
Attest:
L. H. MONTANYE, City Recorder.

THE GOLDSMITH RANGE—Sold by John Briggs, is the most economical, heats up the room less and is the equal at least of any other stove or range as a baker or for any other purpose for which a stove or range is used. A full complement of tinware goes with each range. Call at John Briggs' store and see for yourself. 37

MESDAMES ALLISON & ARNOLD—Have taken the new building on First street next to J. H. Burkhart's real estate office, where they can be found by their lady friends, prepared to do all kinds of dressmaking, cutting and fitting, etc., on short notice. Patterns furnished at short notice. All work done at reasonable rates and in the best manner. Ladies, call and see us. 40v9

RE-OPENED—NEW STOCK.—Ed. Ramm has reopened the Lecticonian cigar stand, adding a stock of school books, stationery and notions. He will keep an immense stock of the finest cigars and tobaccos. He invites all to call and examine his goods, when they will be well treated and given the best of bargains. [v9n35

Cunningham & Co., on corner of Broadalbin and First streets, keep on hand all kinds of agricultural implements and machines, such as headers, reapers and mowers, threshers, plows, hay rakes, etc., etc., as well as hacks and wagons of the best makes and styles, all or any of which will be sold at the lowest cash rates. Mr. E. Buchanan, Manager of the business for Messrs. T. & Co. in this city, is one of the best boys in the business, and the more you trade with him the better you'll like him. Call and see for yourself, when you want anything in the agricultural line. *

PICNIC AND CAMPMEETING.—The pleasure and profit of these institutions are very much enhanced by a proper regard to the appearance of the outer person. Ladies and gentlemen, boys, girls and babies, can all secure a becoming toilet, and thus "get a lift" towards a higher and better life, by paying a timely visit to the ready-pay store of Wheeler, at Shedd, where the best goods in all lines are sold at the lowest prices. He has a new and full stock expressly for these occasions. *

A range that meets every requirement and satisfies every demand made upon it—he Richmond Range. It has no equal among stoves or ranges. The only place to get one is at W. H. McFarland's, next to the Bank. *

GO SLOW.—

The times are hard the people say,
And all our office hacks,
From statesmen down to chimney sweeps,
Have turned financial quacks;
They'd dose the nation's stomach with
Decoctions of their squills;
But a little sure prevention is
The best cure of our ills.
So, when progression's wheels grow weak
O drive the wagon slow;
Buy nothing that you do not need,
And pay as you go.
Go slow, go slow,
And pay as you go.

FINE WHEAT.—Saturday Messrs. Blain, Sox & Co., at Mammoth warehouse, received their first wheat, some 375 bushels. It is a splendid lot of fall wheat, and came from the farm of that excellent farmer, Mr. John Geisendorter, who lives four or five miles east of this city.

BROKE JAIL.—Sunday morning after the jailor had let Wyman and Dixie out of their cells into the hall of the county jail, giving them their breakfast, he returned up stairs to procure some coffee. During his absence Wyman made a ladder of Dixie, climbing upon his shoulders, reached the old hole, through which he crawled and made his escape from the jail. Dixie objected to aiding Wyman in his escape, but the latter threatened that if he didn't aid him he would kill him, and thus intimidated he reluctantly lent his aid. Deputy Sheriff Humphrey came back, and learning of Wyman's escape, immediately pursued him, but as Wyman was two blocks ahead he succeeded in reaching the brush on the Calipooia and made good his escape.

Now that the hot season is upon us it behooves all citizens to disinfect all cesspools that require it, and all places where decomposition is going on and from odors which arise that are offensive or prejudicial to the health. The following cheap mixture, which can be had of any druggist for ninety cents, is effectual and will last for the season: Five pounds copperas; one and a half pounds carbolic acid; five gallons of water. Apply one quart to a cesspool once a week.

There were two of them hanging on the front gate the other night. She was standing within the yard and he on the sidewalk outside, both leaning on the top rail, and apparently as happy as two pigs in a cornfield. He was saying: "Now, my own little darling, sweet idol of my soul, whose image is ever on my heart," when he saw the old man coming down the front walk, and continued in a different strain, "The potato bugs haven't destroyed our crops so much since we purchased Paris green, and you will find that cabbages can be raised better on a richer soil." The old man heard it, and turned back saying, as he entered the house: "These young people take more interest in agricultural affairs than people generally suppose."

NEW PATENTS.—Through Dewey & Co., Patent Agents, San Francisco, we receive the following list of U. S. patents, granted to Pacific Coast inventors, viz: Thomas A. Cochrane, S. F., ore stamps: Mathew Palen and Daniel Sexton, S. F., aquariums; John A. Woodward, S. F., coal elevators; John A. Woodward, S. F., grain elevators; William G. Alexander, Winnemucca, Nev., windmills; Lewis Cutting, S. F., soldering tools; Andrew J. Stevens, Sacramento, Cal., (reissue), piston packing; Ernest R. Lilienthal, S. F., (design), liquor flasks; Thomas H. Day, S. F., improvement in gripping devices for rope tramways; Floyd Heavener, Laramie City, Wyo., improvement in a car coupling; Jas. P. Preston, Gold Run, Cal., windmills; William B. Morris, Collinsville, Cal., mill picks; Almarin B. Paul, S. F., pan amalgamators; Henry M. Stow, S. F., wood pavements; Almarin B. Paul, S. F., (reissue), self-discharging pulverizing barrel for ore; Haas Brothers, S. F. and N. Y., (trademarks), N. Y. refined petroleum, teas and yeast powder; Wellman, Peck & Co., S. F., (trademark), oils.

Magnolia Mills just sets off the foot of First street.

"By their Works ye shall Know Them."

The Irishman who thought the druggist stingy because the emetic was so small, is only surpassed in his parsimonious drollery by those who persistently adhere to the use of those nauseating, disgustingly large and drastic pills, while *Dr. Pierce's Pleasant Purgative Pellets*, which are sugar-coated, and little larger than mustard seeds, will, by their steady and gentle action on the liver, correct all torpidity, thus permanently overcoming constipation. In South America they have almost entirely suspended all other pills, and are relied on fully by the people, and often used as a preventitive of the various affections of the stomach, liver, and bowels, so prevalent in that climate. Pierce's Pocket Memorandum Books are given away at drug-stores.

SMYRNA, Aroostook Co., Maine, Nov. 6, 1876. R. V. PIERCE, M. D.: *Dear Sir*—I write to inform you that I have used your Pellets for some time, and find them to be the best medicine that I ever used. I have also used your Favorite Prescription in my family with entire satisfaction. I have seen your People's Common Sense Medical Adviser and I think it is the best thing that I have ever seen. Yours truly,
C. SHERMAN.

FOR SALE.—One hundred acres of land on the Santiam river one mile north of Waterloo, Linn county, Oregon, for six dollars per acre. Twenty acres of the land under fence, and has been in cultivation. Title good. Enquire of J. M. MARKS, Lebanon, Linn county, Oregon. 46v9

BOLTS, OILS, ETC.—Gradwohl has received a large lot of carriage bolts; also, a fine lot of machine oil, castor oil, lard and China nut oils. You will do well to examine goods and prices before purchasing elsewhere. Also, the best San Juan lime and plaster of paris. 43tf
