THE SANTIAM DITCH.—Last Thursday about thirty men and a number of teams, began work on the Santiam and Albany Ditch. Mr. Jason Wheeler, one of the Company, has also a number of men employed cleaning out the ditch already completed from Elkins' Mill, near Lebanon, to where it taps the river above. The party that began work Thursday is under the employ of A. B. Morris, of this city, who has taken a contract to construct three thousand feet, a part of which is flooming, from Elkins Mill to the open prarie this side of Lebanon. This contract embraces the heaviest part of the work. Mr. Morris proposes to prosecute the work on his contract with all possible dispatch while the weather is favorable.

ANOTHER ABSENTEE.—Gov. Bennett, of Idaho, addressed something over a dozen persons at the Court House in this city on last Wednesday evening, favoring the re-election of the man from whom he receives his bread and butter. It was previously announced that the Governor would speak on the issues of the day. He did no such thing however; his speech was a rehash of one of George L. Wood's poorest efforts of six years ago, interluded with an occasional stae joke which smacked somewhat of the outer limits of civilization. The people of Albany did themselves credit by suffering this hired man of Gen. Grant's to speak to empty benches.

LIST OF JURORS.—The following list of jurors have been drawn to serve on the grand and petit juries during the term of the Circuit Court to convene in Albany on the fourth Monday of this month: Thos. Goodman, Mathew Bryson, Mulky Vernon, F. Shedd, J. M. Coon, E. Turner, J. Newman, John Tetherow, Strand. Froman, C. P. Hogue, Jesse Irvine, D. B. Craig, C. Cochran, S P. Arnspiger, Owen Barr, Wm. Porter, M. Cunningham, J. W. Compton, R. S. Cochran, A. B. Morris, Ellis Knox, A. Condra, Jesse Barr, F. M. Daniels, Leonidas McFarland, W. Forne, A. Gordon, L. Hasbrook, J. P. Houk and John Claypool.

MARVELOUSNESS LARGE.—On last Monday an old gentleman, who resides near the foot of the mountains north of Lebanon, came to town in a wagon in company with another man and for the first time in his life saw the locomotive and cars. The sight struck the old pioneer with such awe and wonder that he actually fainted away, and it was some time before he could be restored to consciousness.

FINE FURNITURE.—Whitlow & Co. have some of the most elegant bed room sets we have seen in this market. They are of ash and maple, with carved walnut finish, and are of the finest workmanship, and remarkably cheap. The furniture in their establishment is all of superior material and manufacture, and we would advise the public to call and inspect it.

HIGHWAY ROBBERY.—Sheriff Parker received a dispatch yesterday from the Deputy Sheriff of Marion county, informing him that a robbery had been committed the day previous near Monmouth, in Polk county, by two men answering the discription of Brown and Reed, who recently escaped from the Linn county jail. No further particulars have been received.

WHEAT.—Since last week the price of wheat has fallen from 62½ to 55 cents. We have heard of many of our farmers who have been compelled to sell at that figure. The European market now rules the market in Oregon. When the farmers of Oregon learn that they are forced to pay one half of the price of their wheat to monopolies, they will know how to avert the evil.

GOLD MEDAL.—The Beaver Hosiery Manufacturing Company, of Jefferson, Marion county, was awarded a gold medal by the State Agricultural Society for the best lot of goods of their manufacture. The Company is still extending their business in the shape of extensive improvements to their already large establishment.

THE RIVER.—Boatmen say that the river is lower than it was at this time last year. The improvements now going on are expected to facilitate navigation on the Willamette to a considerable extent but not to the extent that boats may be expected the year round hereafter.

JUSTICES COURT.—Rather an interesting trial came off before Justice Carothers on last Wednesday. L. Fanning sued —— Brand for $179 on rent —Powell & Flinn for Pl'ff, and Humphrey for Deft't. Decision in favor of Defendant.

A FINE CASE OF INSTRUMENTS.—Dr. D. M. Jones, of this city, recently purchased, through the house of R. C. Hill & Son, of Folkers Bro's, of San Francisco, one of Parker's Compact Amputating cases. The case contains all the instruments in use and cost $125.

TOWN PROPERTY FOR SALE.—Notice the advertisement of S. Montgomery in another column. He offers for sale three fine residences and a number of town lots in this city, all upon the most reasonable terms. We believe he desires removing to Puget Sound.

THE Legislature took a recess from last Saturday until Tusday, to enable the members to go home and see their wives, babies and sweethearts.

HOME AND ABROAD

Fine weather during the past week.

County Court is in session this week.

The late rains raised the river a few inches at this place.

You can't hear of anything on the streets but the Santiam Ditch.

Circuit Court for this county convenes on Monday, the 28th inst.

Albany is filling up fast. In two weeks there will not be a vacant house left.

Mart. Taylor, the renowned showman, has opened a commercial college in Harrisburg.

Frank Wood turned out eleven scrapers for the Santiam Ditch Company during the past week.

Pierce's ferry boat slipped its cables last Saturday night and took up its station in the middle of the river.

We are pained to learn that Miss. Josephine Hackleman is lying very ill at her father's residence in this city.

Lee Burkhart's elegant new residence, situated about a half mile east of this city, is fast approaching completion.

The recent rains in this part of the valley have purified the atmosphere to such an extent that there is hardly any sickness at present.

Dr. Alexander, who has not enjoyed good health for a while back, will go over the mountains to Ochoco with Mr. Douthit in a week or two.

Wheeler, at Shedd, has just replenished his stock, and customers will find a full line of all kinds of goods at lowest rates. Merchantable produce of all kinds bought at highest market rates as usual.

One hundred thousand bushels of grain has been received at Tangent Station already, and it is believed that there will be fifty thousand bushels more be delivered at that place before winter sets in.

The San Francisco Circus, which has been performing at the State Fair and in the lower part of valley, will be at Albany in a week or two. All that have seen it join in saying that it is the best circus that has ever stretched a canvass in Oregon.

The velocipede fever is about to break out again in this city. One of our employes has had a slight attack, accompanied with all the symptoms, of this malignant disease, and the people may expect to hear of its becoming epidemic in the near future.

Last Friday night a bevy of beautiful damsels were out serenading, and many of our citizens are deeply indebted to them for the soul-inspiring, heart-bustin' strains which they warbled under the windows of a select few in a manner that would have made a nightingale hang its head and blush for very shame.

Some dastardly wretch distributed a quantity of poisoned meat on the streets in nearly every quarter of the city last Saturday night, and some of the finest dogs in the community have since died from the effects of eating it. A large reward is offered by the owners of the deceased canines for the apprehension of the person who committed the offence. If the citizens succeed in finding out who done the damage he will be very apt to be dealt with in a pretty rough manner.

PRESBYTERY.—The annual Presbytery of the United Presbyterian Church convened last Thursday at Halsey. All the congregations within the Oregon Presbytery were represented.

SALE OF HOTEL FURNITURE.—H. Brenner, Landlord of the St. Charles Hotel, advertises his entire Hotel furniture for sale. Good bargains and easy terms are given. Read his advertisement in another column.

WHEAT only worth 55 cents and N. Baum, at the Pioneer Clothing Store, is selling according to hard times. He has a large and well selected stock of fall and winter clothing and is selling cheaper than any house in the city.—Give him a call before you purchase elsewhere.

Gent's French rubber toilet goods. Samples 25, 35 and 40 cents. Also a large variety of fancy pictures of all kinds at 10 cents each or 3 for 25 cents. Send me a three cent stamp and get one of my circulars. Address J. D. Mountfort, Box 116, Washington, D. C. 3m.

AGAIN IN THE FIELD.—The old reliable house established in 1850. Old firm; new goods. A splendid assortment of French fancy goods just received—many of them now introduced into this country for the first time. Reader, enclose me a three cent stamp and I will send you by return mail my circular, containing most valuable information for every man and woman in the country, and a catalogue of fancy goods which I sell at astonishing low prices. Address J. D. Mountfort, P. O. Box 116, Washington, D. C. n1m3.

Holloway's Pills and Ointment.—Scrofula was considered incurable until the great discovery of Holloway's Pills and Ointment" flashed upon the world. Diseases which baffled the skill of the medical schools, readily yield to these peerless remedies. Scurvy, Erysipelas, Salt Rheum, Itch, and all cutaneous eruptions are curable by them. 25 cents per box or pot.

Wild Cherry Balsam.—The memory of Dr. Wistar is embalmed in the hearts of thousands whom his BALSAM OF WILD CHERRY has cured of coughs, colds, consumption, or some other form of pulmonary disease. It is now over forty years since this preparation was brought before the public, and yet the demand for it is constantly increasing.

SPECIAL NOTICES.

Old Things Have Passed Away.

This is at least true of the old method of treating the long abused and maltreated human body. It is no longer considered wise to put a patient to the torture in order to cure him of a disease in which pain is already undermining the energies of his system. True science ranges itself on the side of nature, and endeavors to assist her in her fight against disease. This is the province of Hostetter's Stomach Bitters, the most approved tonic ever advertised in this country. It may be recommended as a full medicine, par excellence—for it is in the fall that biliousness, dyspepsia and malarious fevers are especially prevalent. The frame, exhausted by the heats of summer, is relaxed and feeble at its close, and requires, we may say, demands, artificial assistance.—Afford it that assistance in occasional doses of Hostetter's Stomach Bitters, and the evils reported may be escaped. Throughout the far West, and on the steaming alluvial of the Southern rivers, all the varieties of periodical fever are probably rife to-day. Had a course of Hostetter's Bitters been commenced by the sufferers a month ago, i. e., before the unhealthy season set in, seven-eights of them would in all probability be in their usual health at the present time. So much for want of foresight.—So much so not keeping in the house and using daily, the best safeguard against epidemic and endemic fevers.

As flocks of impostors and imitators are trying to follow in the wake of the great American remedy, therefore be sure that the article you buy is genuine and verified by the proper trade-marks. The true article can only be obtained in bottles. Beware of the spurious bitters sold by the gallon or in keg.
