"For the simple reason," replied the mother of the bride, "that a son-in-law is no joke."

Choctaw Railroad Affairs.

Philadelphia, Pa., May 3.—The stockholders the Choctaw, Oklahoma & Gulf railroad, the control of which is shortly to go into the hands of the Chicago, Rock Island and Pacific Railway company are to decide today on a proposition to buy the Choctaw Northern railroad and then resell it to the Rock Island. The deal, it is estimated, would mear a profit of over $600,000 to the stockholders of the Choctaw. The line which it is proposed t obuy is already controlled by the Choctaw. It is 137 miles long and is an important feeder to the Choctaw road.

Pennsylvania State League.

Reading, Pa., May 3.—The season of the Pennsylvania State Baseball League opens today under circumstances that could hardly be more favorable. A compact circuit has been arranged composed of six cities all of which are recognized as good "ball towns." The season opens with Williamsport at Scranton, Reading at Wilkesbarre and Lancaster at Lebanon.

Register before May 15th or you cannot vote at the June election. It will cost nothing to register!

New Automatic Block System.

Chicago, May 3.—In railway circles much interest is manifested in the result of tests now being made on the Chicago, Milwaukee & St. Paul road with a new automatic block system. It is claimed for the new system that it cannot fail to prevent collisions and other accidents when engineers disregard or fail to see signals. The mechanism is so arranged so that when an engineer passes into a section that is blocked against him an automatic device sets the air brakes and stops the train. This device is operated by a battery of springs, which are wound up by the vibratory motion of the rails as the engine and train pass over them. Accordingly there is no dependence on electricity, which is not trustworthy in bad weather.

DOCTORS ENDORSE HERPICIDE.

Because Its Formula is Submitted to Them.

Alexander McMillan, M. D., a prominent physician of Lansing, Michigan, writes: "On three cases I have tested Herpicide for dandruff and the result has been all that could be desired."

Hepricide is made upon an entirely new principle, that is, that dandruff and falling hair are caused from a microbe that infests the hair bulb, and, by destroying the microbe one's hair is bound to grow luxuriantly. Herpicide is the only hair remedy that claims to, and really does destroy the dandruff germs.

Interstate Debate at Laramie.

Laramie, Wyo., May 2.—The debate between teams representing the University of Denver and the University of Wyoming takes place at the latter institution tonight and it promises to be the event of the university year. Wyoming is to be represented by Messrs. Carlson, Tidball and Downey, while the visiting team is composed of Messrs. Griffin, Thomas and Carnine. The Wyoming boys will have the affirmative and the Denver team the negative side of the question: "Resolved, That municipalities should own and operate their public utilities."

All Ready at Louisville.

Louisville, Ky., May 2.—Tomorrow the race meeting at Churchill Downs will open with the historic Kentucky Derby. The horsemen are gathered in force and are sending their bangtails down the line in good form. The track durin gthe past few days has been in splendid condition and many fast works have been recorded. The track, it might be said, has been in perfect shape all the week, and as a result Derby candidates have all been out. It is generally conceded that John W. Schoor's Abe Frank, Frank McDowell's Alan-a-Dale and John E. Madden's Slipthrift willl be the contenders in the Derby, with Abe Frank a slight favorite.
