THE TILDEN CLUB MEETS.

Senator Kelly and Mr. Nichols, Address the Club.

Last Saturday according to appointment the Tilden club held its regular meeting. The President, Dr. F. A. Bailey, called the meeting to order and after appropriate music by the band introduced Senator J. K. Kelly who addressed the club. He made the usual whosesale charges of corruption and mismanagement against Grant's administration presenting quite a damaging array of facts and figures. Mr. Kelly also treated the matter about Mr. Tilden's reported income frauds and pronounced the report a malicious libel and said that Tilden was a great and good man. He thought that Hayes was a pretty fair respectable sort of a person but sadly wanting in backbone, and concluded that his party would bend him to its wishes and caprices and his administration would if possible be worse than Grant's if he should be elected. Contrawise Tilden was a strong man who would mould the party to his wishes and views, and so reform the Government as he had reformed the State of New York. We were not present but we learn that this was the gist of his remarks. He was followed by Mr. H. B. Nichols of Portland, who made a few remarks and the exercises closed with a piece from the band.

A good many went away dissapointed because J. W. Watts, Cronin, Williams and others who were expected did not appear as advertised by us. Mr. Watt writes to asby card stating that he had made no arcangement to discuss with Mr. Cronin as we, through mistake reported in a local note three weeks ago and as appeared in the advertisement. It was supposed at the time that the advertisement was put in that the gentlemen as named therein would be likely to be present as we stated in a local notice, and not being further informed about the matter we said nothing further

The Price of wheat Going Up.

CHICAGO, Sept. 23—The upward movement of wheat has continued in consequence of the better condition of trade and general improvement in business during the past week, having opened at $1,03 cash for No 1 spring, and closed at $1.07¾. The highest point touched was $1.09. The options have dragged considerable, however. For November options, the highest price was $1,05½, an abnormal condition, showing that there is something of a corner in cash. There is nothing particularly encouraging just now in the market, and higher prices are not confidently expected yet. No new features have marked the week's business, except that 200,000 bushels of wheat were posted on change as being in a heated condition, and not deliverable. Corn has sold higher, chiefly at 47 cents per bushel, closing a trifle easier. Oats have depreciated about 2 cents, closing at 31½c. Receipts for the week of wheat were 422,000 Corn, one million against 141,000. Oats, 282,000 against receipts of the same week last year of wheat, 569,000; corn 764,000; oats, 569,000. The shipments of wheat are 417,000; corn, 1,036,000; oats, 252,000—against wheat, 455,000; corn, 877,000; oats, 397,000, last year. The price of wheat this time last year was the same as now; corn was 56c, oats 31¾c. The general outlook in business and financial circles for the coming year is still bright.

Joint Discussion.

On Saturday of this week, Sept. 30, at 12 o'clock sharp, Dr. J. W. Watts, Republican candidate for Presidential Elector, and Dr. F. A. Bailey of this county, will debate the political issues of the day in the Court House at this place. These gentlemen are both able speakers and representative men of their respective parties in Yamhill and Washington counties and we hope every Democrat and Republican will be present. The debate will be sharp, hot and exciting. Come every body.

Burglar Proof.

The agent for the Hall safe was in town last week. He says that Hinman's and Hughes' safes which were forced by burglars were only fire proof safes for keeping books and papers. He sells Mr. Hinman a burglar proof safe He says the safe in the county Treasurer's office is burglar proof.

Who Did It.

Some body has dragged a dead calf out into the brush beyond Sheriff Morgan's place and the stench is about to drive the people in that part of town out of "house and home". Who is the guilty man?

WASHINGTON COUTNTY FAIR.

FIRST DAY

The weather is fine and the dust is laid by recent rains, and one can be comfortable at the Fair so far as that is concerned. As is usual on the first day but few tickets have been sold. Entries of stock and products being the main business of the day.

STOCK.

Our Washington county stock raisers are well represented. Messrs. R. Imbrie, S. Reid, Geo. Naylor, H. Wooley, and many others are here. Also a gentleman lately from California exhibits some fine thorough bred and graded Angora goats. Bill Bigham arrived last Saturday bringing five fine horses.

SHOWS.

The Copeland brothers are on the grounds with their truly wonderful fossils lately discovered in Washington Territory, said to be the largest bones found in the world. The animal is undoubtedly a distinct species of the cow kind and is called by Prof. Harvey *Bos Elephas Columbianus*. Senator Kelly crawled into the pelvis of one of these fossils. T. A. Woods of Woods' Museum is also on hand. Montgomery Queen will be here to-morrow and everybody has his eye open to see this gigantic show.

BRASS BAND.

The Society has wisely hired the Hillsboro Brass Band to discourse music on the Grounds. The band led by John Hopkins has made wonderful progress. The band will probably attend the State Fair.

THE RACES.

A single dash free to all, came off at 2 p. m. Coggan entered br. s Osceola; Young, b. m. Rosa Mansfield; Tennant, b. s. Tom Merry. Osceola took the "studs" when half way round and was drawn off. Tom Merry won the race, coming in a second ahead of Rosa Mansfield. Time 1:18.

ETC, ETC.

The show in the Pavilion is quite slim yet, though the entries will probably come in fast to-morrow.

Chief Marshal, W. H. Parker with his excellent corps of officers keep good order.

There are the usual number of huckster stands, and eating houses. There are several games of chance, faro, rondo, roulette, chuck-a-luck, all forbidden by the statutes, running night and day whereat many a fellow will deposit his coin and get no check for it.

A row occurred between two citizens. Both were somewhat under the influence of the flowing bowl, they had a misundestanding when one hit the other with a club and laid him out and then slipped away. In the evening the injured and irate man hunted up his jubilate chum and knocked him down with a club and would have doubtlessly made a finish of his mortal career had not persons present interfered.

We will give particulars of the remainder of the Fair next week as we wish to go to press to-morrow (Tuesday), so that our printers can attend what is left of the Fair.

Painted His Face.

One day last week a farmer came into town and imbibed a little too much "juice" and went across the street to where Mr. H. was painting a picket fence and Mr. H. told him to keep out of the way when the farmer stepped up and hit H. when the latter struck him in the face cutting a gash in his forehead from which the blood streamed down each cheek meeting under his throat, making a red stripe the whole of way round while his face was painted a deathly white. The farmer ran and picked up some brick-bats but Sheriff Morgan stopped him. And after getting his wounds dressed at Dr. Bailey's drug store he got on his horse and started home. "Touch not, taste not, handle not" Mr. farmer.

Fight at Glencoe!

Recently a man whom we will call No 1 went to the city of Glencoe and while standing near a blacksmith shop a man at work in the shop, whom we will call No 2, threw an apple at him hitting him in the side of the head, when he dared the fellow out to fight. Then another fellow, No 3, told No 1 to lay down that hammer and No 2 would "lick" him whereupon he dropped the hammer, when No 3 knocked him down and beat him a while, and then No 2 took a turn at him and No 1 was on the whole a "used up" individual when they got their satisfaction.

The Hillsboro Band.

The Hillsboro brass band is now able to discourse good music. The band will play half an hour each day of the Fair per agreement with the Society, and will be assisted by Prof. Sedlock of Cornelius. They have been practising nightly now for two or three weeks and have progressed finely in that time. Prof. Hopkin's indefatigable interest and tuition has been the salvation and life of the band.

W. Co. Bible Society.

Will hold a business meeting in the M. E. church at Forest Grove, on Sat., evening Sept. 30, 1876. Members and those interested in the cause earnestly invited to be present. Rev. P. L. Hexter, Dist. Agt. of the Am Bible Soc., will preach in behalf of the cause at 11 a. m. on Sunday. So S. T. Walker, sec., writes.

Visiting.

Mr. Adcock of Umatilla county is visiting his numerous friends and relatives in this county where he used to live. He will act as agent for the INDEPENDENT in his county.

Stoughton's Hack

Runs daily between the Grove and the Fair Grounds. Stoughton has a good hack, drives safe horses, and is *the* man to patronize.

The west side road is doing a heavy freighting business now. 27 cars mostly loaded with wheat went down one day last week.

Pittenger is selling lots of goods this week.

W. Wilcox arrived from Eastern Oregon Wednesday.

The Grove:

Sept 26, 1876.

Coyotes got into Levi Smith pasture near this place and killed one of his sheep last week.

Your correspondent attended Prof Robb and wife's Crystal Wedding yesterday evening. The affair was very pleasant and was attended by the *elite* of the grove. The Prof. has a enough glassware to set up a crockery store. Some of the presents were real handsome. A $15.-00 mirror was among the presents. The "Wedding" was well attended. The happy couple have our best wishes, and we hope to attend their Diamond Wedding.

S. Blank will start to Illinois next week to stay all winter.

Charles Shipley, who has been sick of the consumption for several months, died at home Sunday evening at 8 o'clock. He was a noble young man and was respected by a large circle of friends and acquaintances at the Grove who mourn his early death. The funeral will take place this morning at 10 o'clock.

The team of Williams the butcher ran way this morning and broke the wagon all to pieces.

TOOTS.

Complimentary.

Last week we received a handsome little note nicely festooned and tinted, announcing that on Monday the 25th, Mr. and Mrs. J. D. Robb, of Forest Grove, would celebrate their Crystal Wedding. We respectfully acknowledge the compliment and hope that they may celebrate their Silver, Golden and even Diamond weddings under as pleasant auspices and as noble, useful life; and that the silver link and golden tie of their wedded life may never sever.

Complimentary Tickets.

We acknowledge the receipt of a complimentary ticket of admittance to the Oregon State Fair, which commences on Monday Oct. 9th, 1876 and continues six days. Freight and fares are put down to half rates by the transportation companies so that the cost of travel to attend the State Fair is comparatively small.

We also acknowledge the favor of a complimentary ticket to the Washington county Fair.

Sent to Jail---Out.

Last Friday Bill Burston was tried before justice DeLetts for stealing $20 from Mr. Neep of Cornelius and convicted, and was fined $45, in default of which he was brought down to this place and lodged in jail. His father paid his fine on Sunday and he was set at liberty. Bill Barston is a young man and as this is an epoch of reform we hope he will spend his own money next time he wants to go on a "bust."

Profitable Farming.

D. T. Phillips who lives near Cornelius has raised three crops one fall and two spring crops in succession on a piece of land on his farm which respectively produced 49½, 30 and 27 bushels to the acre. Mr. Phillips burns a brick kiln once in a while for recreation and makes money of course.

Notice to Subscribers.

Our reporter, Mr. H. G Guild, will be on the Fair Grounds at the Washington County Fair to take subscriptions for the INDEPENDENT, and all who are in arrears to this office will please pay him the money for which he will receipt in due form.

Photograph Gallery.

Mr. Westrop, late of Vancouver, has erected his Photographic Studio on the Public Square in this place. Takes pictures at Portland prices. Particular attention paid to taking babies' pictures. Come right along now and save the expense of a trip or two to Portland and at the same time get just as good pictures. Sep7w4.

Young men, save the money that you usually spend foolishly at the Fair and buy you a good book or pay your debts.

Judge Archbold ran to the station last Friday loaded with silver. We went along but forgot to take a derringer.

T. B. Handly returned last week from a trip to Tillamook where he went on legal business.

The late rains last week saved the Agricultural Society in this county several dollars in the way of sprinkling their track and Grounds.

Thos. Hoover has come down from Eastern Oregon with some rare stock, three colts a Norwich and two Miners.

Frelenrich's store is now sided up with rustic and painted and looks as good as new.

Mr. Weathered who bought part of Jacob Hoover's farm was in town last week to hire a force of carpenters to put up his new dwelling.

The Washington county girls have been busy for a week or two making new dresses and fixing up pretty for the Fair.

W. Jackson's new barn will soon be completed and will be one of the best looking buildings in town.

Serenaded

The Brass Band serenaded Senator Kelly Saturday evening when the Senator made a short speech of thanks. He offered to treat the band but the boys said they were temperance folks and a lot of outsiders made a rush for the saloon and imbibed at Mr. Kelly's expence.

DR. J. J. YOUNG

MEDICAL AND SURGICAL INSTITUTE

still offers to the afflicted absolute cure in all cases of

SEMINAL WEAKNESS.

The preservation of health and life is dependent upon the proper condition of the procreative functions and any weakness or cause of weakness of the generative organs or their uses is a direct attack upon the general health as well as a sure destruction—if not properly cured—of the organs that are the pride of one sex and the blessing of the other. In Youth is laid the foundation of much of the misery of after years by the indulgence of the MOST DESTRUCTIVE OF HABITS *making life a curse and spreading weakness and ruin among mankind, for it is a well known fact that the indulgence in solitary vice, even in the slightest degree, sends seeds of weakness in the system that grow to a harvest of disease, sorrow and shame in after years.*

Young Man

if you experience any weakness you should not delay, for a day may imperil your health if not your life. In all forms of Weakness and Premature Decay a Cure is Guaranteed by the Doctor to the Young, Middle-aged or Old, without Exposure or Hindrance from business. The Remedies are purely vegetable and of a nature that leaves no taint behind. OBSERVE the symptoms and hasten to check the course of the complaint, if you experience any of them—*nightly discharges, light discharges at other times, trembling, nervously, forgetfulness, confusion, pain in back, limbs or body, pores sluggish, indigestion, timidity, aversion to society, loss of power, want of mind, variable as the prevailing sickness at the Philippines, deposits in urine, irregular bowels, etc., etc.*

TERRIBLE POISONS.

Among the most subtle and virulent of poisons in the human blood is that arising from Venereal Taint often breaking out, after years of apparent cure, in hideous sores upon various parts of the body. Its great danger lies in the fact that it is given to the innocent partner or to the unborn child without showing in the person originally contracting it.

THE USE OF MERCURY

only aids in this terrible description by driving it upon the surface and driving it back to the blood. ALL VENEREAL POISONS A STAIN PERSON AND CAN BE COMMUNICATED IN ITS BLOOD and the only certainty of prevention of transmission is in the positive cures of the *reform treatment* practiced at the Dr. J. C. Young Medical Institute, comprehensive, scientific and thorough, having received endorsements at the best of all modern practice. Recent cases cured in a few days and chronic cases with remarkable rapidity. *Our fees of the presence of the patient in the blood are more failing.*

The Doctor after years of patient investigation and treatment is enabled to assure them speedy and thorough cures in all the complaints incident to the sex.
