Chicago Satisfied Epidemic Cut Down

CHICAGO, Sept. 26.—War has been declared here on all fronts against Spanish influenza. With the total dead at the Great Lakes naval station now reaching 200, north shore towns have closed the public schools and theaters to prevent further spread of the epidemic.

At Fort Sheridan 120 new cases have been reported, and authorities there have permitted members of the student training corps to leave to escape infection.

Chicago health officials are fighting the spread of the disease here. Authorities are satisfied that the range of the epidemic has been cut down, and they assert that it is only a matter of curing the thousands already affected.

From Rockford report comes that there are 350 cases of virulent grippe, said not to be Spanish influenza, at Camp Grant, and that authorities there are taking every step to remedy the situation.

HAMMOND COMPANY WINS HONOR FLAG

SALEM, Sept. 26.—With an output of 511,000 feet, or 45 carloads, of fir airplane lumber during the month of August, the Hammond Lumber company of Mill City won the first honor flag issued by the government to the mill making the best monthly record, according to S. R. Sonneland, inspector for the spruce division and representative of the Loyal Legion of Loggers and Lumbermen. If an honor flag is won three months in succession, it becomes the permanent property of the mill.

Hot Water Each Morning • Puts Roses in Your Cheeks

To look one's best and feel one's best it is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to seek in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this. Work and notice results.

WORRY OVER HEALTH CAUSES U. S. COLONEL TO COMMIT SUICIDE

ST. LOUIS, Mo., Sept. 26.—Col. Horatio Gates Sickle, U. S. A., retired, shot and killed himself in his home here. He was 64 years old, a son and namesake of a civil war general and formerly was in charge of the Twelfth cavalry. He was in charge at Columbus, N. M., during the Mexican trouble at the time of the Mexican raid. During the greater portion of his service he was stationed in North Dakota and the northwest. Worry over his own and his wife's health is said to have been the cause of his taking his life. He retired from the army seven months ago.

EX-CONVICT IS FOUND SLAIN IN "JUNGLES"

FORT COLLINS, Colo., Sept. 26.—Manual Moreno, 50, a Mexican and former convict, was murdered in a shack in the "jungles," the Mexican settlement here, Sunday night. A card game was in progress at the time. Moreno was shot three times. So far no clew has been obtained as to the identity of his slayers.

Another Tie Forming, Children Are "Adopted"

LONDON, Aug. 19.—(By Mail)—English and French children are founding an "entente" of their own.

Those little French children whose parents find it impossible to remove them from Paris and the terrors of a daily bombardment are to be adopted into English families "for the duration of the war."

Many a lonely little English child will profit by companionship of a bright, vivacious French child, and the French child will have an opportunity of studying the English life and language.

Parents all over England are sending out invitations for "duration" adoptions, glad to do something to lighten the lot of the harassed French mother who is in daily fear for her child's safety.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

TAKE A TABLESPOONFUL OF SALTS IF BACK HURTS OR BLADDER BOTHERS.

We are a nation of meat eaters and our blood is filled with uric acid, says a well known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night, when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.
