The Democratic Times.

UNITED STATES OFFICIAL PRESS.

FRIDAY FEBRUARY 11, 1887

TO ADVERTISERS.

The TIMES has a circulation of 2,200, the largest enjoyed by any newspaper published between Portland and Red Bluff, Cal., a distance of 600 miles. It therefore offers the best inducements to advertisers. Our list is principally confined to Jackson, Josephine and Klamath counties. Business men should take note of this.

GENERAL NOTES AND NEWS.

The Willamette valley has been deluged with rain during the past fortnight, but is covered with snow now.

New York, Feb. 5.—The great water-front strike continues, and but little freight is handled. Most of the railroad piers on the west side are still closed down.

The board of supervisors of San Francisco has offered a reward of $500 for the arrest and conviction of any person interested in the throwing of dynamite bombs.

Jay Gould thinks that if the inter-state commerce bill becomes a law and the railroad companies closely follow it, it will be repealed at the following session of Congress.

Naples, Feb. 4.—Eight thousand troops embarked to-day for Massowah, Soudan, to reinforce the Italian army there, which is threatened by Abyssinians. A second detachment will be sent Monday.

Southern California is still crying for water. At latest reports less than an inch of rain had fallen at Los Angeles and San Diego this season. They ought to take some of the Oregon snow-storms.

All the bills before Congress bearing upon the Canadian fishery question have been laid before Secretaries Bayard and Manning, so that their suggestions and advice can be had upon the subject.

In a few days the Oregon Pacific's new steamer, "The Eastern Oregon," formerly the "Palatka," will leave New York for Yaquina bay. This steamer was built by John Roach and is as good as new.

The steam tug Pelican and schooner Stranger were both totally wrecked at the mouth of Smith river on the 19th ult., says the "Record." Loss to R. D. Hume & Co. and others, $28,000. Insurance small.

There is no doubt that Secretary Manning will soon surrender the treasury portfolio, and it is surmised that George H. Pendleton, minister to Germany, has been called home to take Mr. Manning's place.

Anderson, Shasta county, Cal., had its first blaze a few days since, caused by a defective flue in a saloon building. Several stores and business houses were burned down, the loss aggregating about $80,000.

The "Journal" says great expectations are indulged in for the new town of Montague, on the railroad six miles east of Yreka. It is expected to boom shortly, as it is rumored that parties from Oakland intend putting up hotels, stores, a bank, etc.

A correspondent of the Linkville "Star" says the Plevna justices perform marriage ceremonies free, if given the first kiss from the bride. Our justices are not so liberal, both being married, and liable to make business for a higher court in adopting such a rule.

A circular, forwarded to San Francisco by the Knights of Labor of Washington territory, states that in Seattle men, women and children are unable to procure the necessaries of life, and workingmen are cautioned to keep away from that city for at least two months.

Dublin, Feb. 5.—Mr. and Mrs. Michael Davitt arrived here this morning. They received an enthusiastic welcome and were escorted from the railway station to their hotel by a large procession, in the line of which were numerous bands of music and companies bearing torches.

Congressman Cox of New York has had another relapse. His condition is regarded as very serious. His recovery, though slow, was sure until a few days ago. Since that time he has grown steadily weaker and unable to sit up. Mrs. Cox makes no concealment of her anxiety as to the outcome, although the attending physician believes that the illness has not yet assumed a critical turn.

The secretary of the interior has recommended the attorney general to take the necessary steps to secure the indictment and conviction of those parties who, he states, have by false and fraudulent affidavits, and through tribery and corruption, caused thousands of acres of dry and arable land to be listed to the states as swamp land. The recommendation states that owing to the magnitude of the transaction and the pecuniary interest of the parties involved therein, prosecution cannot be made prompt, vigorous and effective unless a sufficient appropriation is available, and suggests that the proper method be taken to secure the same.

DE.—The *Alta-Californian* casts a retrospective view adown the rugged avenues of the past, and with a shrewdness born of experience at once locates the generic character of the roses that sprang up in the pathway of the unfortunate W. W. Saunders, and deftly weaves them into a wreath to point the following moral: "Does not the public delinquent subscriber feel remorse as that Oregon editor falls through the trap with a dull thud? If those who read his paper paid for it, our deceased brother might at this moment be standing at the bar inviting the boys up to moisten, instead of reporting at another bar where everybody is drunk.

FEARFUL FATE.—Early one morning recently, the Arlington Hotel at New Westminister, B. C., was burned to the ground, and two men, George Campbell and Rufus T. Brown, were burned to cinders. Thomas McKay jumped from the third-story window and was fearfully mangled, his feet being driven through the wooden sidewalk, where he was held and roasted before the eyes of the looker-on. The fall must have instantly killed him. The building was an old wooden tinder-box, and collapsed in fifteen minutes. The other inmates escaped in their night-clothes. The fire is supposed to be the work of an incendiary.

New Prices.

With the beginning of the year a new schedule of prices of subscription to the TIMES went into effect. Those paying in advance will be furnished a year's subscription for $2.50; if paid before the expiration of six months, for $2.75; and if payment is not made until after that time the regular rates of $3 per annum will be charged. The TIMES furnishes a larger amount of reading matter than any weekly newspaper published in the State, outside of Portland, and this reduction will no doubt prove popular. Our prices are still lower when the TIMES is taken in connection with other journals, as will be noticed by consulting our clubbing list.

The Only Way to Conquer Dyspepsia.

It is perfectly preposterous to introduce poison and other artificial solvents into the stomach, in the expectation that they will assist digestion by acting on the food itself. They will not. Nor is it possible thus to overcome dyspepsia. The only way to conquer that disorder, and prevent the numerous diseases and disabilities which necessarily provokes, is to renew the activity of gastric action by strengthening the stomach. Hostetter's Stomach Bitters eradicates the most inveterate forms of indigestion by restoring vitality to the alimentary organs, and those which are tributary to them. The liver, the bowels, the kidneys and the nerves, no less than the stomach, experience the invigorative effects of that standard tonic, which possesses alterative properties that greatly enhance its beneficial influence, and give a permanence to its effects which they would not otherwise possess.

OREGON SWAMP LANDS.

Secretary Lamar's letter calling on the governor of Oregon to show cause on or before April 18, 1887, why the list of swamp lands known as list No. 5, should not be revoked and canceled, makes an interesting abstract of Agent Shackleford's report. The only report of this agent on file is the one forwarded from Salem on October 21st. With the report he encloses certain affidavits bearing on swamp lands. The affidavit of Peter French, a large swamp-land owner, as regards money paid directly or indirectly by him to Agent Ankeny, is missing. Shackleford sent the affidavit to him for correction, but on the advice of French's attorneys, Written & Geary, it was not returned. Charles Alexander, another large swamp-land owner, was asked for an affidavit of the amount of money paid J. H. Evans for Ankeny, but Alexander declined to make a statement on the ground that it would compromise him. McConaughy, who held swamp land under title from Owen, makes an affidavit to the payment of money to Evans for Ankeny. Reference is made to an affidavit of J. H. Fisk of Portland, wherein recites that Owen had informed him (Fisk) or Special Agent McCormick, that he paid Ankeny's expenses during his examination of Oregon swamp lands.

Shackleford states that he has in his possession the affidavit of W. H. Odell, where the latter details an attempt of Owen to bribe him, while surveyor-general to designate deputy surveyors to make surveys of all swamp lands; also of an attempt of a swamp-land claimant to induce him to take an interest in swamp lands claimed by them. Affidavits of George H. Small and Isaac Foster show that Ankeny did not inspect lands in the vicinity of Chewaucan valley, Paulina marsh, Silver lake and Warm Spring meadows to the amount of 56,000 acres in list No. 5. The agent says that conclusive proof of fraud and collusion of Ankeny with the swamp-land claimants is found in a copy of a contract between Owen, Fisk and Ankeny. The written contract was in pursuance of a verbal contract between Owen and Ankeny. In this contract Ankeny became peculiarly interested in the lands upon which he was instructed to make official reports, and the effect of said contract was to make it to his pecuniary advantage to report as swamp all valuable timber and agricultural lands on the list. Further, he withheld his report on almost all the lands embraced in list 5 until after signing the contract. The contract was signed December 23, 1881, and the date of several of the reports was three days later. The agent says he has examined large tracts of lands in list 5, in company with the claimants thereto, under the State, who frankly admitted that the same had been erroneously classed as swamp. He further states that a confirmation of the list by issuance of patent will deprive about two hundred settlers of their homes. Shackleford makes a direct charge that Owen's filings have been accorded preference in right of purchase by the State board in almost all cases where conflicts have appeared.

HOW TO MAKE A TOWN GROW.—Nearly every interior town in the State that makes any pretensions to life and business success, growth and prosperity, is devising ways and means to advance its interests. And every interior newspaper is suggesting what to be done to make a town grow. The Orange *Tribune* takes a shot at the target and hits pretty close to the truth in these words: "If you want your town to improve, improve it. If you want to make your town lively, make it. Don't go to sleep, but get up and work for it. Push. Get in. Advertise it. Talk about it, and talk favorably. If you have any property, improve it. Paint your house; clean up your back yard. Make your surroundings pleasant, and you will feel better, and your property will be worth more dollars in the market. If you are doing reasonably well advise your far-away friends to come and invest near you. Work steadily for your home place and home interests. Trade at home, help your home dealers. Keep your money at home as much as possible, and it is likely to help you in return. The successful towns of southern California have been made successful by the property-owners pulling together." Public improvement is an investment that pays. Don't waste your time over some little dirty neighborhood quarrel, and hold back your aid to some good object through spite, but work for the general good, and you will find yourself benefited. Get at it. Wake up, Rustle. There is no time to be lost, and every little helps. Toot your horn and toot it loud."

ENROLLMENT RETURNS.—The Secretary of State has prepared a tabulated statement of the fees of the clerks and sheriffs of the different counties of the state. From this it is found that the gross receipts in the office of the sheriff of Marion county, for the two years ending December 31, 1886, were $10,602.91; expenses of the office during the same time, $6,014.97; net earnings, $4,587.74. The gross receipts in the office of the clerk, for the same period, were $11,731.62; expenses of the office, $3,970.05; net earnings, $8,660.77. The largest amount of net earnings of any sheriff during that time was $18,579.75, and was that of the sheriff of Multnomah. The net earnings of the clerk of the same county were $7,432.48. The net earnings of the clerk of Umatilla county were the greatest, being $12,476.96. The smallest net earnings of any clerk were those of the clerk of Tillamook county, being $1,183.09. The smallest net earnings of any sheriff were those of the sheriff of Tillamook, also, being $538.83.

Free Trade.

The reduction of internal revenue and the taking off of revenue stamps from proprietary medicines, no doubt has largely benefited the consumers, as well as relieving the burden of home manufacturers. Especially is this the case with Green's August Flower and Boschee's German Syrup. The reduction of thirty-six cents per dozen has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the same size. The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Cough and Lung troubles, have, perhaps, the largest sale of any medicines in the world. The advantage of the increased size of the bottles will be greatly appreciated by the sick and afflicted in every town and village in civilized countries. Sample bottles for 10 cents regular size the same size.

Cure for Piles.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, Bleeding and Itching Piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the Tumors, allaying the intense itching and effecting a permanent cure. Price 50 cents. Address, The Dr. Bosanko Medicine Co., Piqua, Ohio. Sold at the City Drug Store, Jacksonville.

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East Indian missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send the formula, free of charge, to all who desire it, this receipt in German, English or French, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. N. Noyes, 149 Power's Block, Rochester, N. Y.

Startling, But True.

WHITE POINT, TEXAS, Dec. 1, 1885.

After suffering for more than three years with disease of the throat and lungs, I got so low last spring I was entirely unable to do anything, and my cough was so bad I could sleep but little at night. My druggist, Mr. H. F. Goodnight, sent me a trial bottle of Dr. Bosanko's Cough and Lung Syrup. I found relief, and after using six bottles, I was entirely cured. J. M. Weldon. Sample bottle 5 cents at City Drug Store.

Bucklen's Arnica Salve.
