The Celebration.

Active preparations are being made for the coming Fourth of July celebration in Jacksonville and nothing will be left undone to make it an unqualified success. The committee on programme had not quite completed their labors in time for announcement in this issue of the TIMES, but expected to make their report yesterday evening. However, we can safely say that the exercises will be of a very interesting character. There will be a grand dinner and ball, in which all may participate without price. Horse and foot racing and other amusements will also take place here on that day, and there will probably be a display of fire-works. Suffice it to say, Independence day will be handsomely observed, and those who attend the celebration will have every occasion to feel glad that they have done so.

A Noted Lecturer in the Land.

Putnam of Chicago, a noted liberal lecturer, arrived at Ashland last Saturday and has been delivering a series of lectures in different parts of the county, being at Ashland on the 5th, 6th and 7th, at Central Point on the 8th and at Medford on 9th. Remarkable Recovery.

There is at the Good Samaritan hospital a remarkable case of recovery from ovariotomy. The patient is Mrs. Geo. Bailey, of Jenny creek, Jackson county, a woman aged 45, and the mother of eleven children. Ten days ago an ovarian tumor weighing forty-four pounds was removed from her the operation being performed by Dr. W. H. Saylor, assisted by Drs. Wells, Wilson and Strong. The incision is already healed, and the patient so strong that it would be safe to remove her from the hospital; such a step were necessary.—Portland Oregonian.

A Bilk.

About a month ago one W. R. Bryson, of Portland, came here and made an agreement with Mr. E. J. McClanahan to take photographic views of the different residences in Jackson county. Ed. furnished him with about fifty dollars worth of supplies and some money when he went to Jackson county and commenced work. For a time he made reports, but at last he wound up the business by collecting all the money due and "skipping" the country. He is a bilk, and we hereby warn all papers and persons not to trust him.—Eugene City Guard.

Departed.

We are sorry to announce the death of Mrs. Dr. Colvig of Rock Point, which occurred last Saturday. She was one of the pioneers of southern Oregon, a lady of many fine traits of character and highly respected by all who knew her. She leaves a husband and several grown sons and daughters, who have the the sympathy of all in their bereavement. The funeral took place last Monday, and was attended in many of the friends of the deceased.

Has Been in Town.

The agent for J. B. Pace & Co., of Richmond, Virginia, has been in town distributing samples and painting the country red with show cards of their new brand of bird chewing tobacco, Escort. The general verdict of the chewers of the weedie, Escort is simply fine, and we look for a large sale of the brand. The reputation they have for their Scroll Tag Twist is sufficient; they will not put their name to a poor article. We say, chew Escort.

The Hamlin Case.

After being out sixty hours, and there being no probability of an agreement, Judge Webster discharged the jury to which had been submitted the case of the State vs. Andrew Hamlin, at 10 o'clock last Friday night. This was the third time the case has come up, and the three trials have cost the county nearly $600. The fourth trial will commence on Monday, July 11th, and a special venire of jurors will be summoned to try the case.

Closing Exercises.

The commencement exercises at St. Mary's Academy next Tuesday afternoon will be of a very interesting character. The young ladies comprising the graduating class, will then have conferred on them diplomas and gold medals. Intending Purchasers

Of Pond's Extract cannot take too much precaution to prevent substitution. Some storekeepers, trading on the popularity of the great Family Remedy, attempt to palm off other preparations, unscrupulously asserting them to be "the same as" or "equal to" Pond's Extract, indifferent to the deceit practiced upon and disappointment thereby caused to the purchaser, so long as larger profits accrue to themselves. Always insist on having Pond's Extract. Take no other. Sold in bottles only; never by measure. Quality uniform. Prepared only by Pond's Extract Co., New York and London. See our name on every wrapper and label.
