HOROSCOPES

By Holiday

THURSDAY, JULY 30, 2015

ARIES (March 21-April 19). Even the proudest individual usually has at least one person he or she looks up to. That's the one you need to connect with to influence the egomaniac in your life.

TAURUS (April 20-May 20). There's an easy fix for the flat times in an all-too-familiar relationship. Forget about life's pesky details, and focus on creating a bubble of together time that shuts out the rest of the world.

GEMINI (May 21-June 21). Fear is only what you think, not what is. Writing your fear down or talking it over with a reasonable friend will help you see just how silly a certain fear is. You'll laugh and then let it go.

CANCER (June 22-July 22). Passivity is not weakness. Nine times out of 10, an assertive response is overkill. Today you'll win friends and fans while doing what the situation requires and no more than that.

LEO (July 23-Aug. 22). Remember that time when you didn't know you were on speakerphone and you accidentally said things not meant for certain company? Well, today brings the chance to rectify that, or at least to not make the same mistake twice.

VIRGO (Aug. 23-Sept. 22). Familiarity can blind you to how someone really is. That's why spending time with outsiders can have an enormously (and in your case pleasantly) enlightening effect.

LIBRA (Sept. 23-Oct. 23). There will be applications for your artistry all day long. For instance, your manner of dress delights the eye, and you arrange your table like you're going to paint a still life picture of it -- lovely!

SCORPIO (Oct. 24-Nov. 21). Vulnerability may repel some people, but it attracts the right people. Because you're brave enough to be honest about what you're going through and the help you need, you'll find what you're looking for.

SAGITTARIUS (Nov. 22-Dec. 21). The things you worry about seldom happen. However, it still benefits you to prepare for the worst-case scenario. For starters, it makes you grateful for the positive way things pan out.

CAPRICORN (Dec. 22-Jan. 19). Someone would have you believe that today's opportunity is as rare as a yellow diamond. False! So put back your money, ask questions, poke around. There's no need to be too precious in your approach.

AQUARIUS (Jan. 20-Feb. 18). People insist on making simple things more complicated for a variety of reasons, such as fear of boredom, an aversion to silence or a desperate need to avoid self-confrontation.

PISCES (Feb. 19-March 20). The mystical "third eye" is what you're using to see the truth about a relationship. You are also, perhaps unknowingly, applying a "third ear" to pick up the song in your loved one's heart.

TODAY'S BIRTHDAY (July 30). You momentarily may have lost sight of your goal in recent weeks, but your solar return brings it back in shining glory. Your efforts with fellow fire signs create swift momentum. You'll take control and lead your group to revitalization. Astounding luck in September brings funding to fulfill a wish. Passion fills 2016. Scorpio and Capricorn people adore you. Your lucky numbers are: 3, 29, 1, 44 and 17.
