HOROSCOPES

By Holiday

FRIDAY, NOVEMBER 10, 2017

ARIES (March 21-April 19). You take pleasure in maintaining your friendships. It's not so easy for all your loved ones. Some find it difficult to be social, so it's wonderful that you're willing to reach out and take the initiative.

TAURUS (April 20-May 20). It's time to expand the social circle again -- an effort that will pay off in laughter and fun as well as in the context of business and finance. One way is to plan an event that will allow your friends to introduce you to their friends.

GEMINI (May 21-June 21). The mistake may have been an honest one, but that doesn't change what happened. Try to be logical and methodical as you work out how to make things right and how to make sure this doesn't happen again.

CANCER (June 22-July 22). What's not advancing in your life is retreating. Chances are, you're fine with this. You can't move everything forward at once. And letting cycles run their natural course is the smart thing to do.

LEO (July 23-Aug. 22). Oddly, what you think is boring will get far less so as you do it repeatedly. Your mind will open to the intricacies. You may even feel that you've glimpsed the magical underpinnings of life itself in this.

VIRGO (Aug. 23-Sept. 22). One of something is a choice. Two is an accumulation. Three is a collection. Moving into the higher numbers will involve more rules, hierarchies and categorizations. The more organized you are, the more you can handle.

LIBRA (Sept. 23-Oct. 23). The ideal way to behave in the situation isn't written in the manners books. Also, a person can be caring and compassionate and still have no idea how to do the right thing. You'll help in this regard today.

SCORPIO (Oct. 24-Nov. 21). Flip the problem around in your mind, because the obvious solution may not be the best one. Furthermore, it may very well be the case that you can get more use from your obstacles than from the things that are going easily right.

SAGITTARIUS (Nov. 22-Dec. 21). Not one to be cynical or pessimistic, you know to listen to those voices inside that might be nudging you toward an uncomfortable conclusion. This is intuition warning you.

CAPRICORN (Dec. 22-Jan. 19). When the weather turns cold, the stagnant water freezes long before the running water. To avoid rigidity of mind, body or spirit, keep moving. To avoid rigidity of style, keep seeking new influence.

AQUARIUS (Jan. 20-Feb. 18). The problem is like a kinked-up Slinky. In your efforts to handle the twist, things coil into themselves, become even more entangled, until it's absolutely a mess. Two choices: Either throw it away, or call it art.

PISCES (Feb. 19-March 20). You're an integral part of whatever group you join, even if you're new there. Don't underestimate your energy. Your joy is contagious; your curiosity is a stimulant for all around you.

TODAY'S BIRTHDAY (Nov. 10). You're changing and so are your wishes. Your efforts to be a better communicator on all levels will lead to astounding luck. A long process will end happily. What you pay forward before the end of the year will change someone's life. A group will progress in part because of your intelligent leadership from within. Cancer and Taurus adore you. Your lucky numbers are: 45, 7, 12, 22 and 15.
