"Puritan" Waterproof Calf.

This Leather is manufactured by a Process similar to that by which the Patent Kids known as Dongola are made. The points Claimed for it are these:
TOUGHNESS—It is almost Impossible to Tear, and it will not Crack.
SOFTNESS—Whether Cold or Hot, Wet or Dry, it is always Soft and Easy for the most Tender Feet.
WATERPROOF—It will Turn Water better than any other Leather.
COLOR—A Jet Black that will not Fade or turn Red.
POLISH—Unlike all other Grain Leather it will take a High Polish with ordinary Shoe Blacking.
CLEAN AND LIGHT WEIGHT—Not being Weighted with Tanning Materials and Grease, it will not soil a Stocking and weighs Light for the Substance.
We carry in custom-made work of the Highest Grade of this stock, a hand welt (men's) lace shoe, made on the English Waukenphast last, at $5 00, and a lace shoe made on the Harvard Box-Toe last, calf lined throughout and soles of Genuine English Sole Leather, at $7 00. Both are in seven different insteps and widths to each size. For 25cts. additional they will be sent charges prepaid to any address by mail or express.

MEDICAL.

SORE FROM KNEE TO ANKLE.
Skin entirely gone. Flesh a mass of disease. Leg diminished one-third in size. Condition hopeless. Cured by Cuticura Remedies.
For three years I was almost crippled with an awful sore leg from my knee down to my ankle; the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one-third the size of the other, and I was in a hopeless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try Cuticura Remedies, and the result was as follows: After three days I noticed a decided change for the better, and at end of two months I was completely cured. My flesh was purified, and the limb (which has been exposed for over a year) got sound. The flesh began to grow, and to-day, and for nearly two years past, my leg is as well as ever it was, sound in every respect, and not a sign of the disease to be seen.
S. G. AHREN, Dubois, Dodge Co., Ga.

The Terrible Suffering of Diseases.
I have been a terrible sufferer for years from disease of the kidneys and blood, and have been confined to my house for months at a time by painful humors. Have had the best of physicians and spent hundreds of dollars, but got no relief until I used the Cuticura Remedies, which have cured me, and left my skin as clear and my blood as pure as a child's.
IDA M. BASS, Olive Branch, Miss.

From 145 to 172 Pounds.
I have taken several bottles of Cuticura Resolvent with all the results I could wish for. About this time last year when, commencing its use, I weighed 145 pounds, and today I weigh 172 pounds. GEO. ARMEL, Washington, D. C.

NOTE.—The Cuticura Resolvent is beyond a doubt the greatest blood purifier ever compounded.

Cuticura, the great skin cure, and Cuticura Soap, prepared from it, externally, and Cuticura Resolvent, the new blood purifier, internally, are the most wonderful cures of Pain and blood disease, from pimples to scrofula.

Sold everywhere. Price, Cuticura, 50c.; Soap, 25c.; Resolvent, $1. Prepared by the Potter Drug and Chemical Co., Boston, Mass.
Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations and 40 testimonials.

Constitutional Catarrh.
Accumulated losses has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The secretions, smell, taste and hearing, the human voice, the mind—one or more, and sometimes all, yield to its destructive influence. The poisonous effluvia thus generated assaults every vital force, and breaks up the most robust of constitutions. Ignored, it has been misunderstood by most physicians, impotently assisted by quacks and charlatans, those suffering from it have little hope to be relieved until after the gate of the grave. It is the testimony of the people that the popular treatment of this terrible disease by remedies within the reach of all, has proved the most successful, speedy and permanently. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his Radical Cure has seen the hearty approval of thousands. It is instantaneous in affording relief in all head colds, sneezing, snuffing and difficult breathing, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, and neutralizing the virulent poison of decomposed matter upon the lungs, liver and kidneys.
Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one improved Inhaler, all wrapped in one package, with treatise and directions, and sold by all druggists for $1.00.

Ladies Beware

Of those cosmetics which give to the face a ghastly (yes, ghostly) whiteness. Such preparations contain lead or some other equally injurious and dangerous substances, the use of which, if long continued will, besides giving the skin a rough and leathery appearance, intimately produce paralysis of the nerves. This statement is no "long shot," but facts, well known to chemists and physicians, based on the well known physiological effects of such substances whose presence in preparations for the complexion are indicated by such outward signs as before stated. If you would use an article which will at once produce natural activity and beautiful complexion try Wisdom's Robertine, which is guaranteed under a forfeiture of $1000 to be absolutely free from all poisonous and injurious substances. Pronounced by leading ladies of society and the stage superior to anything ever produced for beautifying and preserving the complexion.

THE OREGON ELECTION.

The *Examiner* says that the Republican majority in Oregon is big, and the friends of the war tariff are naturally alert to claim it as an unqualified expression of liking for high taxes. There were some other things besides the tariff to influence the Oregon voters.

Senator Dolph, a rich man backed by all the corporations, is a candidate for re-election to the senate, and to that end it was necessary that Oregon should choose a Republican legislature. Has anybody heard of any powerful Democrat who cultivated the legislative field in opposition to Mr. Dolph?

Mr. Hermann, the present Republican representative, has won the good will of his constituents by his industrious work in their interests. His Democratic opponent was a new and little-known man, and in the desperate struggle for appropriations the Oregonians did not like to take any chances.

The Republican machine in Portland is extremely well oiled. It succeeded in piling up about 3000 majority on Multnomah county alone.

Taking all these things into consideration, we shall require more evidence before we believe that our northern neighbors have declared out of pure love and affection for high taxation and against reform. Can it be that the people of Oregon, by an unprecedented majority, have decided that the maintainance of the duties on wool and lumber is more important to them than the reduction of unnecessary exactions on everything they use, from the cradle to the coffin, taxed 35 per cent, in which they need state upon the problem of gaining a living, to the coffins, taxed 35 per cent, in which they finally rest from their struggles for existence against the protected trusts?

If only the owners of sheep and the members of the lumber ring had taken the stand, the thing would be understood. The average man likes to be a government pet, even when it can be proved to him that he would be more prosperous if he were independent. But the owners of sheep and sawmills are not very numerous in Oregon. In numbers they are an insignificant minority. Can they lead the unprotected majority as they drive their sheep?

Did the Oregonians, who sell neither wool nor lumber, but who work at wheat growing, clerking, blacksmithing, carpentering, or bricklaying, to raise money to pay for woolen clothes, wooden houses, wooden fences and wooden furniture, vote on the 4th to furnish their families with clothes 60 per cent. wiser than those they could afford to buy but for the tariff?

Did they vote to make the lumber ring a present of an extra dollar for every dollar's worth of timber it sold them?

Did they vote to make the price of building materials so high that new settlers would have no money left to pay for lands?

Did they vote to pay exorbitant freight charges on their wheat, to make up to the railroads the bonus that an 84 per cent. duty on steel rails requires them to give to the steel trust?

Did they vote to pay additional ocean freights, and consequently to sell their wheat at a lower price, to make up to shipowners the loss they incur by not being allowed to bring return cargoes?

Did they vote to load even the protected sheep with a tax of 80 per cent. on the salt they lick?

From every hundred dollars they earned did they vote to take thirty and hand it over as a free gift either to capitalists who have no right to it or to a government that does not want it? If they did they voted that every man earning $2 a day should have the use of only $1 40, and that every salary of $1,000 a year should be practically cut down to $700; or rather, the wages being already down, they voted that they should not be raised—they declared that they did not wish to have a weight taken off their incomes.

If Oregon really did anything so foolish, she will learn better before November.

TRYING TO GET RAIL.—The old settlers of Portland, when the city contained less than half its present population, must remember a society lady of the period known as Mrs. Oscar Kilburn, the wife of a well and favorably known adventioneer. In due time (no doubt the effect of climatic influence
