Official Paper for Jackson, Josephine & Lake

THURSDAY..... OCTOBER 25, 1888.

DEMOCRATIC NATIONAL TICKET.

FOR PRESIDENT:

GROVER CLEVELAND

Of New York.

FOR VICE-PRESIDENT:

ALLEN G. THURMAN

Of Ohio.

FOR PRESIDENTIAL ELECTORS:

W. H. EFFINGER.....of Multnomah.
W. R. BILYEU.....of Linn.
E. R. SKIPWORTH.....of Umatilla.

IT is ludicrous for the Republican party to say now that they will build us a navy and restore our merchant marine. Why did they neglect to do so during the twenty years of perfect peace in which they had control?

AMONG the Chinese citizens who came over the other day on the Parthia and were sent back was one who "in pidgin English denounced Cleveland because of the exclusion law." The Republicans mourn his loss. If there is any kind of English, except good English, in which Cleveland has not heretofore been denounced they want to learn it.

REPUBLICAN hopes are falling thick in the blasts of tariff reform. J. Debarth Short the viticulturist and orange grower of Ramona was paraded up and down the coast as a high tariff Democrat who would support Harrison. Short now declares himself enthusiastically for Cleveland, and says he can't stand the rank demagogy of the Republicans.

SECRETARY FAIRCHILD, for depositing part of the surplus where the people can borrow it, is severely criticised by General Harrison. The Republican memory is very poor. It does not recall the fact that John Sherman, when secretary of the treasury, deposited in one favored bank more than all of them now hold. Did Republicans comment adversely on that proceeding? Hardly.

LAST spring when Mr. Colvig spoke in Lake county, much complaint was heard about the low price of wool—only 11½ cents per pound. Last week when he spoke there the same grade of wool was in demand at 17½ cents per pound. The fact served as a striking object lesson resulting from Democratic "tinkering with the tariff question," as the Republicans are pleased to term our efforts in behalf of tariff reform.

THURMAN, in his speech at Indianapolis, called the attention of his hearers to the fact that in spite of Republican prophecies, "no Union soldier had been deprived of his pension under Cleveland's administration and nearly twice as much money has been awarded to pensioners by bills signed by Grover Cleveland or by allowances of the commissioner of pensions than was given by all his predecessors together. Neither had any rebel soldier been pensioned."

THE Republican state central committee of Minnesota was given another rude awakening last Friday. The Republican league of Dakota county, containing eighty members, a branch of the Minnesota league and of the national league of Republican clubs, held a meeting, repudiated the Republican ticket and disbanded the league. At the same time the chairman of the county committee sent in his resignation. There is every chance now for the Democrats to carry the state. The Scandinavian vote has come over bodily to the Democratic party, as they are all in favor of lower taxes; and the electoral vote will depend altogether on the vote of the twin cities, St. Paul and Minneapolis.

THE prospect of carrying California for the Democracy is becoming brighter every day. The sentiments of Leland Stanford and other leading lights in the management of the Southern Pacific Railroad Company, all of whom are Republicans, and manipulators of party politics in California, have voiced their sentiments on the Chinese exclusion question in an interview of Major Ben C. Truman, the head of the literary bureau of the Southern Pacific company and he declares that "there are less desirable classes in our midst than the Chinese." Stanford goes further and admits that the gigantic corporation of which he is the head, is in favor of the continued immigration of the Chinese. On top of this the national Republican committee has assigned Congressmman Tom Reed of Maine, an avowed pro-Chinese man, to stump California next week. The Republican anti-Chinese element will have to come over bodily to the Democratic party if they wish to vote their sentiments on this important question.

CONVERSATION with several leading Republicans in Jacksonville elicits the confession that in the event of the Pacific states going Republican at the coming election, the Scott exclusion law will undoubtedly go by the board, either by a repealing statute or, by limitation, in 1892, before this coast can derive any material benefit from its enactment. And the cogency of this reasoning is apparent, for with all the violent agitation of the subject on this coast for twenty years, there have been numbers of Republican journals throughout the east who have declared that the conservative business and farming classes in the Pacific states did not desire the exclusion of the Chinese, and that the agitation was solely the work of the sand-lot element and their supporters. And now, when we have two candidates for the presidency who entertain diametrically opposite views upon this question, views which have been declared in no equivocal manner by either of them—Cleveland avowing his belief in total exclusion as the only safeguard, and Harrison advocating the coming and even the naturalization of the Chinese, and both of their official utterances on record—these states will endorse or repudiate the doctrine of exclusion according as they cast their electoral votes for the one or the other of these candidates. In the event of Cleveland carrying the coast states, the eastern journals and statesmen will say: "These people were in earnest in agitating this question; the alleged evil is an actual, existing evil, and they shall have our aid in freeing the body politic from such a loathsome sore as Chinatown." On the other hand, should Harrison receive these votes in the electoral college, the eastern states will be warranted in declaring: "The people, who have been agitating this question in the Pacific states are merely the demagogues. The masses there do not want Chinese exclusion. They had the opportunity to make the Scott law perpetual and they would not avail themselves of it. We cannot sanction such demagogy. Let the Chinese come in." Every reasonable Republican who does not desire to profit by Chinese coolie labor will admit that the Chinese are a curse to the coast, and that Chinatown everywhere, is a blot upon our Caucasian civilization; "a stain more deep and foul than the stains of leprosy upon the walls of the infected houses of old." This being admitedly the case, those who value the future prosperity of the coast above any mere partisan advantage that might result to them from the election of Harrison, will throw all other considerations aside and vote for the Cleveland and Thurman electors on the 6th of November.

KLAMATH COUNTY ITEMS.

Cattle-buyers continue scarce.

Our population continues to grow.

Cool mornings and nights are here.

Sheriff Childers is ready to receive taxes.

There is a heavy frost nearly every night.

Col. J. N. T. Miller is now in Klamath county.

Circuit court convenes one week from next Monday.

Miss Tillie Noel has returned from her visit to Shasta valley, Cal.

Flour is now selling for $22.50 per thousand pounds in this market.

Chas. L. Parrish is acting as deputy clerk, and gives fine satisfaction.

L. Gerber lately shipped several hundred head of cattle to Oakland, Cal.

There will be a social party at Donnell's hall in Dairy on the 30th inst.

J. W. Hamaker and wife have returned from their trip to Portland and San Francisco.

H. J. O'Brien of Dairy has been in Jackson county during the past few weeks.

Don't fail to hear the joint political debate at Linkville on the 29th and at Dairy on the 30th.

Citizens of Pine Grove have been indulging in shooting matches, being the targets themselves.

Justice Paul of Fort Klamath reports that there is still plenty of government land vacant in that section.

Klamath county's cattle have no superior and are not diseased in the least, as are many in southern California.

H. E. Wilkinson of the signal service is now stationed at Fort Klamath, G. H. Wilson taking his place at Ashland.

Final proof is being made upon a great many homestead and pre-emption claims, and many more are being taken up.

J. W. Manning keeps the best livery stable in southeastern Oregon, and is being liberally patronized. Give him a call.

John M. Fountain, the popular Linkville merchant, has returned from Jackson county. He is now assisted by Wm. Terrill.

Baldwin & Forbes have purchased G. E. Brewer's stock of furniture and will keep a full and first-class supply always on hand.

The Klamath county board of trade will hold an important meeting on Saturday, the 27th. A full attendance is requested.

Many of our citizens have been in Jackson county for winter supplies this season and a number are now *en route* for the same purpose.

The "St. Charles House," kept at Linkville by Mrs. Williams, is becoming more popular each day. She always furnishes the best of meals and lodgings.

Migratory bands of sheep are ruining several of our ranges, and our people do not even get the benefit of taxes their owners should pay. This county has very few sheep of its own.

Rev. L. M. Nickerson formerly in charge of the Klamath Indian agency died at his home in southern California recently. He leaves a wife and four grown-up sons and daughters.

Klamath county needs a good road to the railroad, and immediate steps should be taken to put the thoroughfare down the Klamath river in first-class repair. It would not take a great sum to make this improvement, and it would prove of great benefit.

District Attorney Colvig will meet Robt. McLean and Harry Miller in political debate at Linkville on Oct. 26th and at Dairy on the 30th. It is dollars to cents that the first-named gentleman will prove more than a match for his two competitors.

District Attorney Colvig will address the citizens of Klamath county at different points when he returns from Jacksonville. Due notice of his appointments will be given. Mr. C. is an able and interesting speaker, and he should be greeted by large audiences.

A fine Cleveland and Thurman flag was raised at Dairy on the 15th inst., which was the occasion of a great jollification. Many people were present and a good time was had. N. S. Goodlow was the orator of the day and acquitted himself creditably, annihilating those who attempted to answer him.

JOSEPHINE COUNTY ITEMS.

Turn out and hear Bilyeu and Bowditch.

John Hartman was at Jacksonville one day last week.

J. W. Sherer of Grant's Pass was at the metropolis last week.

Chas. L. Gray has resumed business as a jeweler at Grant's Pass.

There are some cases of whooping cough in Williamsburg precinct.

F. W. Sawyer, the photographer, has returned from a trip to California.

Postmaster Howard and his wife spent a few days in Portland during the week.

A. A. Wimer's saw-mill in Murphy precinct is again turning out heaps of fine lumber.

T. P. Judson has returned from his trip to northern California and southeastern Oregon.

A. A. Ashworth proposes engaging in grape culture, and will set out several hundred vines soon.

A. J. Strohecker, the genial saddler of Grant's Pass, went to Portland last week, to replenish his stock of goods.

Dr. D. S. Holton of Camp No. 11 of the Indian war veterans has called a meeting of that organization for Nov. 7th.

Tom Howard has returned to Grant's Pass, after quite a stay in California, which state he says is safe for Cleveland.

Miss Lola Collins, a promising elocutionist, assisted by home talent, gave a very pleasant entertainment one evening last week.

Waelleigh & Co., who purchased Wimer's mines near Waldo, are building a new residence and making numerous improvements.

Reports show that the yield of grain, vegetables, fruit, etc., in this county during the past season was first class and simply immense.

Mrs. Simmons and Miss Adams have opened their dressmaking parlors at Grant's Pass, in the building lately built west of Green's gunshop.

Remember that Hon. J. T. Bowditch will speak at Grant's Pass on the 30th inst., in the evening. He will deliver an able and interesting speech.

Two citizens of Grant's Pass became engaged in a heated political discussion one day last week and came to blows. Recorder Smith interviewed them.

Hon. W. R. Bilyeu, Democratic candidate for presidential elector, speaks at Grant's Pass next Wednesday afternoon. Turn out and hear him, as he is a first-class speaker.

Don't forget that Hon. J. M. Siglin speaks at Music Hall, Grant's Pass, on Thursday, Nov. 1, at 7:30 P. M., and that Col. W. H. Effinger speaks this evening at the same place.

LIKE Gov. Hill of New York, we aver that the Democratic platform states our position precisely. We believe there should be tariff duties sufficient to meet the expenses of the government economically administered. We do not believe that under our constitution the government has the right to impose taxes for any other express purpose. We believe, further, that in the adjustment of the tariff it should be so adjusted that, as far as possible and as may be necessary, every interest of labor should be protected and every reasonable protection be afforded to our industries.

THE "HOME MARKET."

Of all the "rot" that insults intelligence in the protection campaign of ignorance, none is worse than that which represents a trifling reduction in the tariff as "turning our home markets over to England."

The entire merchant marine of England, with that of all Europe thrown in, could not transport to this country in ten years one-tenth of the demands of our home market for one year. One of our great lines of railroad alone carries more tonnage in a year than all England's ships could float.

England controls her enormous home market for manufactured goods better than we do ours, pays the highest wages in Europe, and sells abroad $1,343,335,000 worth of products, mostly manufactured, to our $752,180,000 worth, eight-tenths of which are agricultural or natural products, the same as half civilized nations.

Our home market can neither run away nor be supplied from outside. It will buy nothing that is not profitable to buy. And the way to increase it is to give our manufacturers raw materials as cheaply as their competitors buy them.—*N. Y. World.*

SCOTT'S EXCLUSION BILL.

The following is a full text of the bill as signed by the President:

A supplement to an act entitled an act to execute certain treaty stipulations relating to the Chinese, approved May 6, 1882:

SECTION 1. Be it enacted by the senate and house of representatives of the United States, of and in congress assembled, that from and after the passage of this act it shall be unlawful for any Chinese laborer who shall at any time heretofore have been, or who may now or hereafter be a resident within the United States, and who shall depart from it and shall have not returned before the passage of this act, to return or remain in the United States.

SEC. 2. That no certificate of identity provided for in the fourth and fifth sections of this act, to which this is a supplement, shall hereafter be issued, and every certificate heretofore issued in pursuance thereof is hereby declared void and of no effect, and the Chinese laborer claiming admission by virtue thereof shall not be permitted to enter the United States.

SEC. 3. That all the duties prescribed, liabilities, penalties and forfeitures imposed and the powers conferred by the second, tenth, eleventh and twelfth sections of the act to which this is a supplement are hereby extended and made applicable to the provisions of this act.

SEC. 4. That all such parts of this act to which this is a supplement as are inconsistent are herewith repealed.

Vigor and Vitality

Are quickly given to every part of the body by Hood's Sarsaparilla. That tired feeling is entirely overcome. The blood is purified, enriched and vitalized, and carries health instead of disease to every organ. The stomach is tone1and strengthened, the appetite restored. The kidneys and liver are roused and invigorated. The brain is refreshed, the mind made clear and ready for work. Try it.

Piles! Piles! Itching Piles!

SYMPTOMS—Moisture, intense itching and stinging; most at night; worst by scratching. If allowed to continue, tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

A CANDID CONFESSION.

For nearly years I suffered from Dyspepsia and Kidney Complaint, the latter being so severe at times that I could scarcely attend to my work. My mother was persuaded I was sick enough to die, but through the free use of Joy's Vegetable Sarsaparilla my appetite and health improved "till my health was perfectly good.

John McFallen
Redding, Cal.

PUT ME ON THE LIST.

I suffered for years from rheumatism, I destroyed my appetite and weakened my system. None of the remedies I took afforded me any relief, until I commenced using the California Vegetable Vegetable Sarsaparilla. I began taking it last spring and am now entirely free from this disgusting disease, and have an astonishing health.
