NEW kind of ASPIRIN tablet

doesn't upset stomach

When you need quick relief from pain, do you hesitate to take aspirin because it leaves you with an upset stomach? If so, this new medical discovery, SUPERIN, is "just what the doctor ordered" for you.

Superin is aspirin plus—contains the same pure, safe aspirin you have long known—but developed by doctors in a special way for those upset by aspirin in its ordinary form.

This new kind of aspirin tablet dissolves more quickly, lets the aspirin get right at the job of relieving pain, reduces the acidity of ordinary aspirin, and does not irritate or upset stomach—even after repeat doses.

Tear this out to remind you to get Superin today, so you can have it on hand when headaches, colds, etc., strike. See how quickly it relieves pain—how fine you feel after taking. At your druggist's, 15¢ and 39¢.

GREAT NORTHERN RAILWAY

THEY'RE WELCOME

It has been another trying year for railway travelers, military and civilian.

And, trying, too, for those who have faced across ticket counters an unprecedented demand for train accommodations.

Yet, the wartime travel problem has its bright side for Great Northern's passenger representatives. They are serving many old friends, and doing their level best to assist new patrons who must travel from the Pacific Northwest to Eastern points.

Old and new, they're welcome! As welcome as news of victories from our battlefronts!
