OFFICIAL PAPER FOR JACKSON COUNTY.

THURSDAY.....SEPTEMBER 26, 1889.

GOVERNOR PENNOYER has called Gov. Waterman's attention to the dam in the Klamath river at Manistee which he alleges to be an obstruction to the migration of salmon, which are killed there by the thousand.

IT WAS a simple thing for the Democratic commissioner of Pensions Black, to disburse millions of dollars, but when it fell to the lot of the Dennis Kearney of the G. A. R., the man who fattens on the folly of others, chaos and disgrace resulted, says the *Welcome*.

PRESIDENT HARRISON redeems his pledge to extend the civil service reform by turning out twenty postmasters in one day simply because they were Democrats. Here we have the difference between promises before election and actions after, says the *Sonoma Democrat*.

THE labor unions of San Francisco are considering the advisability of sending lecturers throughout the eastern States to present the advantages to be gained by renewed agitation for the enactment of more stringent laws against Chinese immigration. The Scott law can not be improved upon, the only thing necessary being its enforcement.

DURING the coming volume *The Century* is to have an illustrated series of articles on the French salons of the seventeenth and eighteenth centuries, including pen portraits of many of the leaders and a detailed account of the organization and composition of several historical salons. A great number of interesting portraits will be given with the series.

THE sheriffs of the different eastern Oregon counties are planning a call for a sheriffs' convention, the object of which is to organize and perfect plans to cooperate with one another for the detection and capture of horse-thieves and other criminals. A similar organization exists in Iowa and is said to be far more effective than the present plan by which there is little co-operation among the sheriffs.

THE deafening cheers with which the name of Cleveland and the mention of tariff reform and higher wages were received in the recent Democratic State Convention in Pennsylvania indicated very plainly the sentiment of the body. In every Democratic State Convention held this year similar demonstrations of enthusiasm have occurred. There is a very healthy sentiment throughout the party of anti-monopoly.

THE apprehension of another period of stringency in the money market is still felt in Wall street. The uneasiness can not, however be attributed to bad crop reports. From Chicago, Detroit, St. Louis, Kansas City, Omaha, Cleveland, Pittsburg, Philadelphia and Boston come accounts of a notable awakening in the field of their several specialties. The policy of the treasury department is much to be looked to for a restoration of confidence. Will it be equal to the emergency?

THE United States has, perhaps, been more generous with its old soldiers than any other nation. Its pension rolls contain nearly half a million names, and the expenditures for pensions last year amounted to $82,000,000, while the total outlay of the national government was $267,000,000. The pensions were therefore an immense item in the total. It would have been startlingly large this year had Commissioner Tanner remained in office. As it is, he greatly increased the outlay, without good reasons.

THE administration is being liberally criticised by the Grand Army of the Republic for removing Corporal Tanner, many posts of which, like H. C. Hoffman post of Elmira, N. Y., has unanimously adopted resolutions in condemnation of the administration for demanding the resignation of their "honest and honorable comrade, James Tanner, of whose integrity and loyalty there can be no question." Still the president was right, for the ex-commissioner had no qualifications for the position he so shamefully abused.

THE Paris correspondent of the *Times* says the election in France resulted in a crushing defeat to the Boulangists, who return only 21 members and whose entire representation in the new chamber, after subdividing, will not exceed 56. The conservatives elected 131 members and will get 20 more. The Republicans returned 218, and will secure over 100 more, making their total strength between 325 and 360, against 220 or 230 representing the opposition. The success of the Republicans and defeat of the Boulanarchy and Cesarism is a happy fact. The result of the election puts an end to the Boulangist monarchist conspiracy.

SECRETARY NOBLE, on motion for a review made by the state of Oregon in the swamp land list reviewed by Secretary Vilas on December 17, 1888, has denied the motion. Too much of land originally was 91,000 acres, of this amount 12,000 acres by former decisions were patented to the state. Under the decision of January 18, 1880, 20,00 acres of this alleged swamp land were patented to the state. Under the decision of January 18, 1889, 20,000 acres of this alleged swamp land were decided to be hilly and mountainous. Of 38,000 acres remaining, Secretary Noble decides he will not entertain a motion for review.

CHAIRMAN BRICE, of the Democratic national committee, has been interviewed. He concludes with ex President Cleveland, who has also spoken on the subject. Brice says; "Cleveland has endorsed the platform adopted by the Ohio Democrats. I heartily join in the endorsement. The Ohio Democracy's sentiments in the matter of tariff reform are my own. My sentiments in regard to the tariff have not been a change by delegate. As chairman of the national committee I cannot presume to express the opinions of the committee, but I am free to give my own opinions, which are expressed in the fullest way by the Ohio platform."

THE West Shore very sensibly says: Governor Pennoyer should receive at least the moral support of every citizen in his efforts to have the fishing laws enforced. Fishing is going on at Celilo in direct violation of the close season law, and even admitting that the governor's zeal is tinged with personal feeling in the matter, he is on the right track in his efforts to have the violators brought to judgment. We have just experienced the poorest season ever known in the salmon fishing industry of the Columbia, one of the most important in the northwest, and any violators of the laws that have been made to keep it from utter decay ought to be speedily punished.

THE meeting of the American Bar Association at Chicago last month resulted in a number of practical suggestions for simplifying laws and lessening litigation. Lawyers collectively apparently favor reform of laws in this manner, though lawyers individually profit by the confusion and uncertainty that now prevails. One of the evils of litigation comes from hasty, ill-considered and ill-drawn laws that are rushed through legislatures at every session. A committee of the bar association that considered this subject made a suggestion that may prove of some value. "In view of the growing evil of hasty and ill-considered legislation and defective phraseology in the statute law," says the resolution of the committee, it is recommended that a permanent legislative committee be appointed to revise and mature acts introduced into the legislature and that it receive the aid of the attorney-general in its work. The committee of the bar association has prepared a bill to this effect, which the state associations are requested to urge on the several legislatures.—*Examiner.*

KLAMATH COUNTY ITEMS.

J. T. Forbes will rebuild his saloon at once.

The Keno roller mill is reported to be a success.

D. G. McIntosh offers the Snug hotel at Linkville for sale.

Wm. Ashbridge, late of Keno, is now at Fresno, California.

Stemen's new barber shop will be located in Judge Smith's stone building.

A number of buildings relieve the monotony of the burnt district at Linkville.

C. Craddock mutilated his left arm badly by a fall at the Keno saw-mill recently.

County Clerk Leavitt advertises for 20 cords of dry pine wood for the court house.

Sportsmen have begun the regular annual execution on the young mallard ducks.

Mr. Dennis of Bonanza drove a nice bunch of beef cattle over to Ashland last week.

C. S. Sergent is building a neat dwelling in the rear of his store room in East Linkville.

Geo. T. Baldwin last week purchased the Forbes block next the bridge in Linkville for $1500.

James A. Moffatt of Long Prairie has been appointed deputy stock inspector for Wood river precinct.

The various roads leading to the railroad are reported as being unusually rough for this time of the year.

Ben Monroe has suffered greatly with his right hand, which was burned much worse than at first supposed.

Judge Smith's new warehouse in the rear of the stone store "did the phenix act" during the week at Linkville.

The reservation boys demonstrated their ability to play ball at Ashland on Pioneer day, badly beating the picked nine of valley boys.

Cranston & Parker have been engaged during the week in building a new law office on Cranston corner. J. F. Kertchem will have his real estate office in the same building.

President McLaughlin of the Manistee lumbering company has been buying a number of mules in Klamath county recently for use at the mills. Mules usually find a ready market.

E. Egert will soon open up his stock of harness in a new building on the lot he recently purchased from Chas. Humphrey, between the old postoffice site and the St. Charles hotel lot.

The county vault is slowly approaching completion. Its dimensions are 14x20 outside measurement, and 8x16 inside, having 3-foot walls. It will certainly be fireproof if not burglar proof.

The regulators are said to be contemplating summary action with certain parties who are in the habit of appropriating and branding cattle not their own in the neighborhood of Keno.

The large frame building erected on the site of Egert's harness shop by John Gleim, at Linkville, during the week will be occupied by Homes, Martin & Co. and Frank Bros. during the winter. The first named firm will build a fire-proof brick next spring.

Dr. DePuy this season demonstrated beyond a doubt that peaches of rare excellence can be produced in Klamath county, a small tree in his garden having borne this year 250 pounds of delicious fruit equal to the Rogue river variety product. At the market price the tree bore $15.50 worth of fruit.

A number of cases of cattle poisoning from eating wild parsnip, the most poisonous of the umbels, are reported. The plant is abundant in marshy localities and when cattle pull up the plant and eat the root it causes death very quickly. Sounds stock can sometimes graze on the acreage for months without injury.

V. C. Drifhill, special agent of the Anglo-Nevada Assurance company, has furnished the Linkville "Star" with the following data of insurance adjustment of losses by the Linkville fire: Homes, Martin & Co., in the Anglo-Nevada, $15,000; Baldwin & Forbes, in the Fireman's Fund, $6,500; E. E. Redfield, same, $400; G. W. Smith, on buildings, in Athenian office $1,250; Phoenix of Brooklyn, $1,250; Pennsylvania Fire, $1,000; Phoenix of London, $750; State Investment, $750; Farmers' and Merchants', of Albany, on furniture, $500; total, $9,500; John Gleim, in London & Lancashire, $1,828; Frank Bros., Imp't Co., in American Fire, $600; total, $3,578.

In this year of scarcity of grass the local stockmen, be they sheep, cattle or horse raisers, express but little sympathy for the predatory owners of large herds of stock who have suffered from short range this season on their annual drive through the country. These sentry are in the habit of sweeping over the land with their all devouring herds, consuming every spear of grass in their line of march, leaving no feed, cutting the range for other stock and having a disastrous effect on the local stock. It is not so much that they merely drive through the country, for they usually stop along the entire season and their incursions are only to be likened to a plague of locusts. With the rapid settlement of the country it is beginning to look to the settler who braves the terrors of the wilderness to build himself a home as though he should be protected to some extent against these predatory vandals who range over the heritage from his door yard. We mention the matter with a view to prevent a man from herding stock more than five miles from land owned by himself, or for his moving herds in each county through which they pass.

JOSEPHINE COUNTY ITEMS.

The new bank at the Pass is about ready for business.

New buildings are going up almost daily at Grant's Pass.

Mrs. E. C. Nowell has been visiting in Ashland during the week.

C. B. Watson and George Dean of Ashland visited the Pass last week.

A full process roller mill will soon be in operation in Josephine county.

Arthur Conklin, the live real estate agent, visited in Sam's valley last week.

Dr. J. Steel is the latest addition to the medical fraternity of Grant's Pass.

This county is making a first-class showing at the district fair.

Three carloads of fruit left Grant's Pass for San Francisco one day last week.

Mrs. S. M. Wilcox departed for Ashland from the Pass on Wednesday of last week.

Rev. T. L. Jones returned from his northern trip on Wednesday evening of last week.

J. O. McGee of Williams creek raised corn this year measuring 11 feet in height.

Winter apples in Josephine are commanding from 50 to 70 cents per bushel box in the orchard.

Mrs. Lewis of Grant's Pass has been visiting her mother, Mrs. Sears, at Linkville during the past week.

W. T. Perkins is putting up a neat dwelling house in Grant's Pass not far from the schoolhouse.

J. R. Hetch has leased the Palace hotel at Grant's Pass, and is again a permanent resident of our county.

J. S. Good has sold out his dray business and returned east to Gardner city, Mo., where he will make his future home.

Water rights are still claiming the attention of several citizens of Williams creek and some law-suits are likely to grow out of them.

Immigrants are delighted with everything in our county except the roads, and we hope to improve them rapidly in the near future.

Dr. Bennett, who was called to Michigan in assver to a dispatch received a short time ago, will return with his family to Grant's Pass before spring.

Joseph Woodruff and family, who live away up on Union creek near the head of Rogue river, passed through the Pass on their way home from the hop fields a few days since.

T. H. Reed, paymaster of the S. P. lines in Oregon, enjoyed the fine fishing along Rogue river for several days last week, while the guest of J. T. Galvin.

R. H. Sparlin, R. Bigelow, J. L. Powell, G. B. Wilson, Mr. Noll, C. O. Bigelow, Jas. Crowley and Mr. Stewart left for Williams creek recently where all prominent citizens of Williams creek were at Jacksonville during the week.

Two citizens, late of Jackson county, Jasper N. Jones and Mr. Lydia N. Clark, were married in the more or less now bonds by Rev. R. McLean at the Commercial hotel in Grant's Pass on Tuesday evening of last week.

Twenty thousand pounds of onions from three quarters of an acre is the present season's yield reported by W. T. S. Patton, living near Grant's Pass. This means a market value of about $600 for the crop, a pretty good income from low priced lands.

Considerable sickness is prevailing on Williams creek at present. A son of Henry Jones died a few days since, and it is feared that another of the children will also die. Mr. Young lost a child a short time since. Typhoid fever is the prevailing disease.

A an instance of the rapid growth of trade in southern Oregon may be mentioned the fact that the railroad is seriously considering the advisability of putting on a daily freight train. The freight which left Grant's Pass on Tuesday of last week consisted of 38 cars, in two sections, and 14 loaded cars had to be sidetracked at that.

The hop yards of Josephine county, aggregating about 150 acres, the year turn off nearly 40 tons of curing hops, the employ cut short by the rains of the last few days. At one time there were about 1,200 pickers employed during the two or three weeks that the season lasted. Women and children from every part of the valley participated in the labor.

ADVICE TO MOTHERS.

Mrs. Winslow's Soothing Syrup, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children. During the period of teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhoea, griping in the bowels, and wind-colic. By giving health to the child it rests the mother. Price 25 cents per bottle.

Wonderful Cures.

W. B. Hyatt & Co., wholesale and retail druggists of Rome, Ga., says: We have been selling Dr. Kings New Discovery, Electric Bitters and Bucklen's Arnica Salve for four years. Have never handled remedies that sell as well or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced consumption have been entirely cured by use of a few bottles of Dr. Kings New Discovery taken in connection with Electric Bitters. We guarantee them always. Sold by all druggists.

For Sale.

Some thoroughbred Poland China pigs; also some graded Jersey cows, which I would sell or trade for wheat.

CENTRAL POINT POINTERS.

This is our week.

Warehouses full of grain.

Town and fair grounds full of people.

The fair is a big advertisement for our town.

Too many stands and booths for profit to the owners, on the fair grounds.

Our enterprising town is getting the lion's share of attention this week.

The query is, was it a lady clerk or proof reader that located Central Point in Douglas county?

The Medford stage team took a spin on its own account one day this week, but did no great amount of damage.

E. T. Bartlett and J. S. Pennebaker of Ashland are both employed in the planing mill at this place.

The sash and door factory and planing mill of this place started up this week and are doing a good business already. Success to them.

Central Point is full to overflowing this week. The visitors are well pleased with our town and no doubt some of them will locate among us.

The session laws locate the town of Central Point in township 23 South, range 2 W in Douglas county, but she's here, all the same and marching on.

Go to Dr. Hinkle's drug store for school books of every description. Readers and arithmetics exchanged for the new series free until October 1, 1889.

Much interest is taken in the vein of soda water last week tapped by the well borers on P. W. Olwell's place in the environs of town. It will doubtless make a noted summer resort of this place.

The firm of Norcross & Larson, engaged in the nursery business has been dissolved, the latter retiring. Mr. N. will continue the business at the old stand, and will spare no pains to meet all demands with the choicest of trees, shrubbery, etc.

The "Mail" man was surprised to find that the Central Point people remembered his unkind strictures on their town for showing the necessary enterprise to organize the local fair association, when he came 'round begging our merchants for support for a fair daily last week. Naturally they failed to put much confidence in his earnest professions of a change of heart, whereat he squeals globously in his last issue.

REAL ESTATE TRANSFERS.

The following deeds have been filed for record in the office of the county clerk since the last report of the Times:

James Carr to H. E. Baker; south 22½ acres of lot 4, section 29, twp. 37 S., R. 1 W; $500.

L. L. Angle to Howard Winter; 5 68-100 acres in twp. 37, R. 2 W.

D. T. Ewen to Caroline S. R. Story; 200 acres in twp. 35 S., R. 1 W; $2,500.

H. B. Carter to G. F. Billings; 20 acres in twp. 39 S., R. 1 E.; $800.

J. C. Corum to F. W. Hutchison; lots in Park add. to Medford; $1,700.

Marietta Fox to Benjamin Fox; lot 3, block 5, Ashland, and lot 4, block "T," railroad add. to do., and 40 acres in twp. 39 S., R. 1 E.; $5,000.

C. W. Coker to S. H. Murray; 40 acres in twp 37 S, R. 1 W.; $200.

Heaton Fox to Marietta Fox; 40 acres in twp 39 S. R 1 E., and lots 2 and 3 in block "T," railroad add. to Ashland.; $5000.

H. B. Carter to C. F. Shepherd; lot 45, Pracht's add., and lot 2, block 45, in Summit add. to Ashland; $800.

A. S. Larson to W. H. Norcross; land in twp 37 S, R 2 W.; $1000.

W. H. Parker to Milo Caton; lot in Jacksonville; $225.

J. H. Cottle to Loette Sergent; lots 1 and 2, block 16, Phoenix; $500.

H. C. Enger to Anna M. Engel; 80 acres in twp 38 S, R 1 W.; $200.

A. C. Hom to G. C. Oby; bond for deed to 10 acres in twp 38 S, R 1 E.

T. E. Jones to B. Whetstone; lot 9, block "D," railroad add. to Ashland; $525.

Edward Brace to Thomas J. Carder; lots 3 and 4, block 3, Galloway's add. to Medford; $100.

R. H. Moore, assignee, to Chas. Nickell; lots 10 and 11, block 14, Gold Hill; $500.

T. L. Ball to J. H. Williams; same lots as above; $200.

F. Roper to E. V. Carter; lots 1 and 2, block 49, Summit add. to Ashland; $125.

H. True to L. A. Nell; quitclaim to lot 6, block 3, Ashland.

An Interesting Case.

Messrs. Barr, Pickens and Cooper have brought suit against Wm. Gates, and the sheriff, at their direction, has levied upon the imported Galloway cattle of H. C. Lewis on account of some supposed interests of Gates in the cattle. Mr. Lewis intended to exhibit these cattle at the fair, but was prevented from doing so on account of this attachment. It is to be regretted that this exhibit was not made, as it would have added greatly to the interest of stockmen and been the means of generally introducing these celebrated cattle into the state. We understand that Mr. Lewis has brought suit against Sheriff Bridges for the possession of these cattle and damages for wrongful seizure.

Personal.

N. H. Frohlichstein, of Mobile, Ala, writes: I take great pleasure in recommending Dr. King's New Discovery for consumption, having used it for a severe attack of bronchitis and catarrh. It gave me instant relief and effectually cured me and I have not been afflicted since. I also beg to state that I had tried other remedies with no good result. Have also used Electric Bitters and Dr. King's New Life Pills, both of which I commend. Dr. King's New Discovery for consumption, coughs, and colds, is sold on a positive guarantee. Trial bottles free at all drug stores.

Religious News.

Until further notice, the following are the appointments for Catholic services at the different stations in southern Oregon: On the 2d Sunday of the month, mass will be said in Jacksonville at 10 A. M., vespers at 7 P. M; on the 3d Sunday, services at Eagle Point, at 10 A. M.; on the 4th Sunday mass at Ashland, at 10 A. M.; on the 5th Sunday, mass at Grant's Pass, at 10 A. M.; on the 1st Sunday of each month the 1st mass will be celebrated at Jacksonville, at 7 A. M.; the 2d mass at Medford at 10 A. M.

REV. F. S. NOEL.

The following are Rev. R. Ennis' appointments: On every Sunday morning, excepting the third, he will hold services at the Presbyterian church in PHOENIX. On the third Sunday morning and every Sunday evening he will preach at the Presbyterian church in Jacksonville.

Sudden Death.

Heart disease is developed by modern civilization, and is increasing to an alarming extent. Let him who suspects the existence of this cause of sudden death take Dr. Flint's Remedy and let all persons read his treatise on "heart disease," which will be sent on application by Mack Drug Co., N. Y.

Extension of Exchange.

The school-book pool has here granted an additional month's time for the free exchange of readers, owing to their inability to supply the demand fully heretofore. The exchange can be effected at Dr. Robinson's drug store until Nov. 1st. Terms of exchange of other text books will be made known there on application.

Mr. Luce of Salt Lake Gets His Money.

As was stated in the Salt Lake "Tribune," Henry Luce, the proprietor of the Mint saloon, was the lucky holder of one-twentieth part of ticket No. 5,946 in the Louisiana State Lottery which drew the second capital prize of $100,000 at the last drawing.—Salt Lake (Utah) Tribune, Aug. 10.

Ordinance No. 103.

AN ORDINANCE GRANTING FRANCHISE and right-of-way for electric railway within the corporate limits of the Town of Jacksonville, Oregon, and through the streets of said Town.

The people of the Town of Jacksonville do ordain as follows:

SECTION 1.—That permission and authority be and the same are hereby granted for a period of twenty-five (25) years from the passage of this ordinance, unto F. B. Converse, a resident of Portland, Oregon, his successors or assigns, to erect, construct and maintain an electric railway through the center of such street or streets as he or they may desire to use, within the corporate limits of the town of Jacksonville, Oregon, as it is now or as it may be hereafter enlarged or extended; provided, that such railway shall be laid to grade of all streets upon which it operates, and that the grantee shall maintain and keep in repair all of the street or streets within the rails of such railway, and for a distance of two (2) feet on the outside of such rails.

SECTION 2.—That permission and authority be granted the said grantee to erect, operate, construct and maintain poles and wires for the conveyance of electrical currents for the purpose of supplying municipal and private lighting, and the furnishing of electric power to operate such railways upon the streets, avenues, lanes, alleys and public grounds of the said town of Jacksonville, as it is now or as it may be hereafter enlarged or extended; provided, that such construction shall in no wise interfere with traffic upon the public highways, and that the said grantee, his successors or assigns, shall protect the town from all damages, of whatever kind, arising from their occupation of said streets, avenues, alleys, lanes or public grounds.

SECTION 3.—That this franchise shall take effect from the date of its passage.

SECTION 4.—That this franchise shall become null and void, provided the grantee shall not have commenced work in good faith upon the construction of said electrical plant within a period of four (4) months from the date of its passage.

Passed Sept. 23d, 1889.

D. LINN,
President of the Board of Trustees.

Attest: J. H. HUFFER, Recorder.

CHEAP HOMES FOR ALL!

The addition to Jacksonville, known as

THE HOLMAN TRACT!

Has been platted and thrown upon the market in lots ranging in size from two to eight acres, at prices varying from $18.00 to $40.00 per acre—figures which barely cover the original cost of the property and expense of surveying. This property was purchased and subdivided,

NOT FOR THE PURPOSE OF GAIN,

but to induce a desirable class of immigration to settle in what is acknowledged to be the most desirable fruit section in Southern Oregon. The land is deep, rich soil, a large portion of it being sub-irrigated by drainage from the mountain and is covered with a thrifty growth of pine, laurel and manzanita brush, the value of which for firewood will more than pay the cost of clearing the land, as wood is worth $3.00 per cord on the ground. The entire tract lies directly in the

FROST-PROOF FRUIT BELT

of Jackson county. There has never been a season when orchards on adjoining land have failed to produce a good crop. It is one of the few sections in the county where the paper-shell almond will produce EVERY YEAR. The certainty of an annual crop will make this land infinitely more valuable in the near future of fruit-growing than those sections subject to killing spring frosts.

It is All in the Thermal Belt,

and will produce every variety of semi-tropical fruits in the highest perfection. Intending settlers should inspect this property closely before investing elsewhere, as every lot will have a permanent and intrinsic value for fruit-growing, regardless of surroundings. The property is all

WITHIN ONE MILE OF THE COUNTY COURT-HOUSE,

and the Jacksonville Public Schools, which rank among the best in the state. The entire tract adjoins the corporate limits of Jacksonville. The branch line of railroad from the O. & C. to the county-seat will undoubtedly be built soon.

NOW IS THE TIME TO BUY!!

Inferior fruit land is elsewhere selling for five times the figure at which these desirable lots are offered. For futther particulars apply to
