No Home should be Without It.

It takes the place of a doctor and costly prescriptions. All who lead sedentary lives will find it the best preventive of and remedy for **Indigestion, Constipation, Headache, Billiousness, Piles and Mental Depression.** No loss of time, no interference with business while taking. For children it is most innocent and harmless. A PHYSICIAN'S OPINION.
"I have been practicing medicine for twenty years and have never been able to put up a vegetable compound that would take Simmons Liver Regulator promptly and effectively more than once to action, and at the same time and several of it enough the digestive and assimilative powers of the system."
L. M. Hynes, M. D., Washington, Ark.

The Democratic Times.

THURSDAY.....NOVEMBER 21, 1889

TO ADVERTISERS.

The TIMES has a circulation of 2500 the largest enjoyed by any newspaper published between Portland and Red Bluff, Cal.—a distance of 600 miles. It therefore offers the best inducements to advertisers. Our list is principally confined to Jackson, Josephine and Klamath counties. Business men should take note of this.

AMONG THE BREAKERS.

Break, break, break!
Oh! wooden mills down by the sea!
I would that the tariff protector
A lesson would learn from thee.

Oh! woe for the farmer lad,
As he sighs at his corn and hay:
No wonder it makes him so gloomy and sad
As he thinks of the tax he must pay.

As the surplus still flows on
To the nation's bursting till;
While the cream of the land is drawn,
It's musty vaults to fill.

Break, break, break!
Oh! mills which the tariff protects,
It will pull taxed wool down over your eyes,
Till it breaks your hardened necks.

ALL SORTS.

Next Fourth of July flags with forty-two stars will float over the nation.

Grant county has nearly bankrupted its treasury, paying $16,000 for jack-rabbit scalps.

Geronimo, the Apache chief, has recently been converted and is teaching Sunday-school.

The citizens of Corvallis offer a bonus of $2,000 to any person who will put up a $10,000 cannery at that place.

Roseberry, a dun gelding, jumped 6 feet 11¾ inches high at a horse show at Chicago a week ago last Saturday.

Senator Carson of Portland is announced as a Republican candidate for state treasurer. He will not be the man.

The receipts of the Industrial Exposition held at Portland amounted to $47,000, which is more than $20,000 over expenses.

Washington ladies, young and old, married and single, are reported to indulge in the game of poker and small games of chance.

Since last August 700 birds have met death by striking the Bartholdi statue of liberty at New York. There were forty-four varieties.

The pension appropriation for next year must be $100,000,000. That sum maintains nearly all the standing armies of Continental Europe.

Mrs. Aulthouse arrived in Albany during last week from Illinois. She is 99 years of age, and is as lively and active as many women much younger.

Charley Coolidge, who was stabbed at Lakeview some months ago, and went to a Portland hospital expecting to die there, is well again, and has returned to Lake county.

The talk about a bridge to connect England and France is still going on. Skilled engineers report that the enterprise is feasible. The bridge will cost about eighty millions of dollars.

Some twenty-eight carloads of apples have been shipped from Yreka this fall, teamsters being kept busy in hauling them from Scott Valley and the Klamath, as well as from orchards near Yreka.

The Albany *Democrat* says that J. H. Miller of Linn county is the owner of unquestionably the finest ball in Oregon. It is a full-blooded Hereford, five years of age, standard bred and weighs 2150 pounds.

Dominick McCaffrey accepts Sullivan's terms, for a finish fight before the California club, only providing that in the event of defeat McCaffrey be allowed a reasonable amount of the training expenses.

Pendleton, perhaps, contains the oldest soldier in Oregon. His name is John Morrow, and he entered the regular army service in 1842, shouldering a musket for fifteen years and participating in the Mexican war.

Robert Bonner is reported to have purchased "Sunol," it is said for $110,000. All that could be obtained from Mr. Bonner is that the amount given was greater than he had ever paid for a horse before. Maud S cost him $40,000.

Bishop Fowler says in case of trouble China could land 5,000,000 armed men in San Francisco easier than the United States could land half a million in China. The Bishop believes that with sufficient funds he could christianize China in fifty years.

An exchange says "President Harrison takes a five or six miles walk every Sunday afternoon between four and six o'clock." It's rather early to commence, but if he keeps it up it will put him in good form for that big "walk" he will have to take after '92.

Governor Foraker of Ohio attributes his defeat to the liquor interest, and adds: "I am not going out of politics in the way I should have been pleased to go out, but I shall be glad when I am out and can once more attending my own neglected private affairs."

F. J. Quirk, who is known in southern Oregon and northern California as a fruit nursery agent, can be seen every day racing up and down First street, Portland, (where the ladies parade) as if he was in a great rush. He is one of the town guys.—*Record.*

Fort Jones has subscribed some $700 already in aid of a railroad survey from Yreka to Fort Jones and Etna, Cal., and some twenty five persons have subscribed to the fund in Etna, which will no doubt be helped along considerably in Yreka, as it ought to be, says the *Journal.*

Los Angeles is said to have collected thus far only $77,000 out of a total of $400,000 of city taxes. That is the inevitable result of the boom. During this reaction the city and county will get down to their bearings, many persons will make shrewd investments at the expense of those who have overbought themselves, and after awhile solid prosperity will take the place of a speculative rush of business.

Since the government has undertaken the improvement of the rivers and harbors on the Pacific coast, the total amount of money granted there for improvements has been $7,081,989. Oregon has received the most of this money, with California next, and Washington last, with comparatively a small sum. The total amount appropriated for Oregon improvements is $4,156,312. The appropriation of 1888, $2,175,700, is the largest for any one year.

Chairman Cooley of the Interstate Commerce Commission argues from the free transportation and excursion rates given by the railroads that rates are too high. The prevailing cry for a year or two has been that low rates were ruining the roads. Perhaps lower rates regularly collected, and fewer special rates to favored interests, might put the companies on a better basis. A corporation or an individual that can afford to be generous can certainly afford to be just.

GENERAL NOTES AND NEWS.

Mayor DeLashmutt of Portland is in Omaha, Nebraska.

S. M. Stockslager, late commissioner of the general land office, was in Portland last week.

The *East Oregonian* calculates the loss to Umatilla county by the partial failure of crops at $1,500,000.

The London *Times* reduces the previous estimates of England's wheat harvest by 8,000,000 bushels.

Idaho having adopted its constitution, a strong effort will be made to have it admitted as a state at the next session of congress.

P. T. Barnum is astonishing the people of England by his special cars, mammoth advertising schemes and wonderful posters.

It now comes to light that Senator Hawley is a member of the Hartford G. A. R. post that refused admission to a negro on account of his color.

The Iowa delegation bolted the W. C. T. U. convention at Chicago recently. They were opposed to the deliberations of the convention that the W. C. T. U. is a partisan organization.—a branch of the Prohibition party.

Eva Ingersoll, the daughter of Colonel Robert G. Ingersoll, married Walter H. Brown, a local lawyer of New York November 13th. They simply agreed in the presence of witnesses to become husband and wife, and sealed the contract by signing the necessary papers.

In the Lakeview municipal election the following are the officers elected: Mayor, W. M. Townsend; councilmen, B. Daly, W. T. Boyd, A. McCallen, M. T. Walters, A. Snider; marshal, A. Heminger; recorder, Chas. Eshleman; treasurer, S. C. Wallis; attorney, Jerome Knox.

Hay is being shipped to The Dalles from as far east as Nebraska, say reports from there, and is selling for $19 per ton. There will be a general scarcity of feed throughout eastern Oregon and Washington this winter, and unless the cold and storms are tempered to the trembling cattle, much loss will ensue.

A Southern Republican congressman states that all the Southern Republican members of congress would vote in a body for speaker. They favor McKinley, but will go to the man from whom they can secure the best terms for committee places. It is conceded that it Reed cannot win on the first ballot his chances will be gone.

The corner-stone of a new building for Democratic headquarters in Brooklyn, N. Y., to be known as the Thomas Jefferson, was laid in Fourteenth place opposite the new hall of records, last week. The ceremony was performed by ex-President Cleveland. The new building will be seven stories in height and will cost about $150,000.

It is said in Portland that the scarcity of apples has caused a sharp advance in prices. A lot was sold to ship to Seattle at $1 25 per box, and a lot for shipment to China was sold at the same price. According to the Albany *Herald* dealer said he sold a lot of extra fine wins at $1 50 per box, and Rawlinsons, which usually sell for 40 cents per box, are now worth from $1 to $1 15.

F. White, living near Waterville, Wash., has raised this year with science, Egyptian corn, which is said to be a great success in California, and those familiar with it are confident it will find a natural home in eastern Oregon and the Big Bend. It grows to a height of five to six feet, makes an ornamental crop, looks wonderfully, and the grain is equal to all kinds of stock as well as for flour and meal.

The Salem *Democrat* says: "D. P. Thompson of Portland, E. L. Smith and ex-Governor Moody of Wasco, and C. C. Beekman of Jacksonville, all want to be governor. Bob Hendricks of Salem, Peter Hume of Brownsville, and J. W. Cusick of Albany, all want to be state treasurer. J. F. Hallock of Astoria and Frank C. Baker of Salem would be willing to be state printer. Judge Blackburn of this city would accept the name peculiar to a judge of the supreme court."

The Portland board of trade has also passed resolutions favoring the location of the world's fair at Chicago and saying that city the hearty co-operation of the metropolis of the northwest. Portland is inclined to favor the City of the Lakes, it being more nearly central. The governor jokingly made the remark that, to make this region habitable it really enjoyable for a majority of the people, the better plan would be to "divide it up" and let it be observed in grand style in several great cities.

A dispatch says: The steam running between Roseburg and Summer, Coos county, carrying the United States mail, was held up in a lonely place on Main Nov. 12, at 2 o'clock. He was dressed in a long black gown, with a mask over his face. The stage was about a quarter of a mile from the summit when the man stepped from behind a large stump, leveled a pistol at the driver, giving a command to hold up. The highwayman then took the mail sacks, cut them open, poured out the letters, took all thought to be valuable, returned the stage, put the rest back and told the driver to move on and not dare to look back. The morning stage arrived all right and had aboard a large amount of money, and was no doubt the one he was after.

The Chamber of Torture

is the apartment to which the unhappy victim of rheumatism is doomed. If, are the crisis of pain is passed, that time prevails, Hostetter's Stomach Bitters is used by persons of a remarkable tendency, much are necessary subsequently avoided. Nervous debility and that weakness which is having so baleful effect, are also speedily eradicated at times. You can be also not long in feeling up with this, because they have an power to eliminate from the blood the rheumatic virus. Hostetter's Stomach Bitters does this, and checks at the outset a disease which if allowed to gain headway, it is better impossible to dislodge or to do more than relieve. Rheumatism, it should be remembered, is a disease with a fatal tendency from its proneness to attack the heart. A resort to the bitters should, therefore, be prompt. Dyspepsia, kidney complaint, malaria and nervousness are relieved by it.
