CONSULTATION GRATIS.—The extensive practice which Dr. J. C. Young has acquired in California is to be attributed in a great measure not only to his skill and experience, but to his liberality. Persons afflicted with any disease requiring this branch of pharmacy, may consult him at his office, any day, *free of charge.* When addressed by letter, where a written answer is required, the usual fee ($10) will be exacted. Office hours, from 10 o'clock A. M., to 8 P. M. In valids placing themselves under the charge of Dr. Young can rely upon a speedy and permanent cure. The Doctor's unchary office has been to take no pay unless a cure is effected. "No cure, no pay," is his motto. Letters and certificates innumerable, from those who have been cured of long standing and chronic diseases under his treatment, are always open to the inspection of the public at his rooms. His medical ability is abliquy thoroughly demonstrated in his numerous medical works, copies of which can be had at his office. Having been voted an honorary member of the Royal College of Surgeons, London, the highest chirurgical body in existence, he feels confident that his services can at all to be appreciated in a discerning community. Consultation rooms, corner of Montgomery and California streets, over Pacific Express Co.'s office, San Francisco. 2 m3

The following letter, which emphatically speaks for itself, was written by the Dean of the Faculty of the Philadelphia College of Medicine, to the editors of the Pacific Medical and Surgical Journal, San Francisco, for publication:

PHILADELPHIA, January 17, 1859.

To the Editors of the Pacific Medical and Surgical Journal.—Gentlemen—My attention has been called to an article in the December number of your journal, in regard to the 40 DUNDEE degree granted by the Philadelphia College of Medicine to Dr. L. J. Cazphay. When the application for the degree was made to the Faculty, it was accompanied by affidavits and testimonials to the effect that Dr. Caspky was a regular graduate M. D. of the University of Pesth, had served as Surgeon in the Hungarian Army, and was a regular Practitioner of Medicine. On this strength alone the degree was granted. The DUNDEE degree, as its name implies, is conferred on graduates only, and gives us new privileges. Had there been the slightest suspicion of irregularity, the application would have been refused. By inserting this in your journal, you will do an act of justice to the College, and confer a favor on

Yours, very resp'y, H. RAND,
Dean of the Faculty of the Philadelphia College of Medicine. 18m3

Drugs and Medicines.

Having recently made a business connection with the old established house of

RICE COFFIN & CO.,

of Marysville, one of our firm will reside permanently in New York, for the purpose of selecting fresh and desirable goods, and taking advantage of the change in the market.

We shall consequently be enabled to offer inducements to the trade throughout

California, Oregon, Washington Territory and British Columbia,

which will be unequalled by any other house on the Pacific coast. We respectfully solicit purchasers to favor us with their orders, as we feel confident that our

Long Experience

in the Drug business in California, and our present complete arrangements for purchasing in the East, will enable us to give full satisfaction to all.
